Drydock Will Be In Use Within The Next Few Days

Local Drydock Will Be Put To Use In A Very Few Days

Word received in the city is to the effect that the G. T. P. Drydock here will assuredly be put to use within a few days. It cannot be said with a certainty that the dock will be used continuously from now on.

The dock is being got ready for use for repairing purposes and will accomodate a vessel in the next few days.

Correspondence received in the city within the last few days indicates that the Dominion Government and the G. T. P. are both only too anxious to see the dock in use, provided it can be operated by a business concern.

For political reasons it was very convenient to misrepresent the situation as far as the operation of the dock was concerned. An investment of millions, however, requires some capital to operate. The G. T. P. and the Dominion Government will require bona fides on the part of anyone undertaking to operate such a concern.

It will naturally be a very simple matter for local men to start up the dock. This is especially true when political capital is to be made out of the situation. It is safe to promise that when the whole history of the drydock is known there will be little blame attaching to the G. T. P. and the Dominion Government, both of whom are made to bear the brunt of the blame at present to suit petty politicians and impracticable critics.

SUBMARINE U-53 BLAMED FOR PART IN RECENT TROUBLE

The German submarine U-53, from Wilhelmshaven, arrived in Newport, R. I., last Saturday afternoon. She crossed the ocean in 17 days. The U-53 is a man-of-war, flies the flag of the Germany navy and has a single gun mounted on her deck.

The submarine anchored in the outer harbor, two miles down the bay. No one came ashore, but a reporter of the Associated Press was allowed to go aboard and learn the vessel's story. The U-53 will go outside the harbor for anchorage during the night.

The U-53, in command of Lieut.-Captain Hans Rose, appeared spick and span upon her arrival here and looked as if she had been out only for manoeuvres. Her commander reported that he had not sighted any hostile craft on his voyage over, adding that the boat was plentifully supplied with provisions and fuel, and that nothing would be taken aboard here. Shortly after the submersible came in, Commander Rose paid an official call upon Rear-Admiral Austin M. Knight, Commandant of the Narragansett Bay Naval Station, to whom he stated that he was preparing to leave port tonight.

Commander Rose explained that the submarine, which is a regular war vessel and equipped with wireless ,had put in here only to deliver official mail for the German Ambassador. He declined to say whether he had been ordered to American waters to search for the German merchant submarine Bremen, long overdue on this side.

Humphrey Davie, who has for several years been on the staff of the post office, will leave at the end of the month for Vancouver, where he and Mrs. Davie will take up their residence.

C. D. Jones, who has on many occasions contributed to the enjoyment of Prince Rupert audiences, is leaving for the east in a few days. He expects to proceed to Europe to take part in the war.

CANADIANS ARE MANNING TANKS

WORD RECEIVED FROM FRONT INDICATES THAT SUCH IS THE CASE

Several Officers From The Dominion Are Believed To Be Serving On New Machines.

Montreal, Oct. 10.—That many of the great "tanks" now playing such prominent part in the British advance on the Somme River, are officered and manned by Canadians, is indicated by letters arriving here, stating that Major "Eddie" Holland, who gained his Victoria Cross in South Africa, was in command of one or more of these tanks in recent operations. Major Holland left here for the present war in command of the Borden Motor Machine-Gun Battery.

It is also noted here that Major E. L. Knight, of Durham, Ont., who went from Canada in command of the Eaton Auto Machine-Gun Battery, has been killed in action, presumably while directing operations of some of the British tank cars.

Both these officers are well known throughout Canada as particularly daring men, just the kind that would be sent in charge of such operations as the "tanks" called for. In their respective batteries when they left Canada were officers, non-commissioned officers and men of the same type, chosen from all the provinces of Canada for their particular suitability for this class of work.

LABOR WILL BE EXCLUDED LONGER

DOMINION GOVERNMENT HAS EXTENDED PERIOD FOR ADMITTING IMMIGRANTS

Workmen Will Not Be Admitted Until March 31 Next.

Ottawa, Oct. 10.—An Order-in Council has been passed extending for another period of six months the prohibition against the entry of artisans and laboring immigrants into the Province of British Columbia.

They will not be admitted until March 31, 1917.

Submarines Of Germans Are Busy On Both Sides Of Atlantic Ocean

New York, Oct. 9.—The British steamers Strathdene, Westpoint, and Stephano; the Norwegian steamer Christian Knudsen and the Dutch steamer Bloomersdyjk have been sunk off the Nantucket shoals by three German submarines, one of which was the U-53, which carried special despatches across the Atlantic to Ambassador Von Bernstorff. United States cruisers and destroyers rescued and landed the survivors.

President's Stand.

President Wilson declares that it is his intention to hold Germany to the fulfillment of her promises, but he thinks he has no right to interfere yet as there has been no violation of those promises.

Von Bernstorff has notified the President that the attacks were conducted in accordance with the usages of cruiser warfare.

This sudden raid on trans-Atlantic commerce has created a panic in shipping circles. United States destroyers identified one of the submarines as the U-61, one of the latest of German super-submarines.

Precaution Taken.

Halifax, Oct. 10.—The naval authorities have ordered that all street lights be extinguished and that window curtains be closely drawn as a precaution against attacks by the enemy submarines which are operating off this coast.

On European Side.

London, Oct. 10.—The British steamer Lanterna has been sunk, and the Consul-General at Archangel has notified the Norwegian Minister at Petrograd that the American vessels Harvita and Columbia have also been sunk, while an enemy submarine has torpedoed the Norwegian steamer Roney. The crew was safely landed in port. Wreckage marked Viking has also been washed ashore.

French Losses.

Paris, Oct. 10.—An enemy submarine has torpedoed the French auxiliary cruiser Gallia, carrying two thousand French and Serbian troops in the Mediterranean. A French cruiser, which was in the vicinity at the time of the disaster, was able to rescue thirteen hundred and sixty-two and landed them on the Island of Sardinia. It is believed that the remainder perished.

PRINCE RUPERT PEOPLE GET INSTANT ACTION

Those who have used it in Prince Rupert are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Adler-i-ka relieves almost ANY CASE constipation sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. C. H. Orme, Pioneer Druggist.
