Magnesite From Atlin Is Being Shipped Through Here

Mining Deal Reported To Be Under Way Near Jedway

A Bulletin received by the Morning Journal late last night conveyed the news that Pres. Wilson was leading by four votes over C. E. Hughes. No further particulars were given.

Magnesite Shipments From Atlin Are Going Through This City

The magnesite deposits at Atlin are evidently to come into importance and shipments of no mean order are being made now from there. This material is used in metallurgical work. The main supply for Britain and the United States has come in past years from Austria and from Greece. The war has upset that, and now the Atlin deposits, which are of immense proportions, are being utilized.

There are now two carloads of this material being shipped from here over the G. T. P. It arrived from the north by the last G. T. P. steamer and will be sent forward.

The holdings in Atlin are in the hands of a Vancouver syndicate that has been making some shipments all summer to United States points. The present is the first really substantial shipment to be made. It will be followed, it is said, by others.

Returned Soldiers Had A Monster Turn Out At Their Entertainment

The concert given last evening under the auspices of the Returned Soldiers was a grand success. The Westholme Theatre was packed to the doors, every available seat being taken.

Mayor McCaffery, in his opening address outlined what the organization aimed at doing, and spoke in eulogistic terms of the soldiers at the front.

The Westholme Orchestra contributed selections during the evening, while Mr. W. Balagno, of that musical organization, contributed a violin solo that was very much enjoyed.

Enginer Lieut. F. B. Drake contributed very unique selections, in the form of songs at piano. His work was loudly applauded and repeatedly encored. He is exceptionally clever in his monologues and songs.

Petty Officer Raper has a rich bass voice and was given a grand reception and deservedly so. Seaman McCaw, as a Scottish comedian, was also much enjoyed. Steward Warner's comic singing was exceptionally good, his stage presence being excellent.

Mr. Frank Moore and six local ladies, in the selection from "San Toy," made a hit. The parts were well sustained and the singing was good. Mr. Davey, as usual, was in splendid form and sang well. Principal Brady of the High School, in his recitations did excellently.

The Mandolin Club, under the leadership of Mrs. Bryant, and Messrs. Edmonds and Duffy in a trio with Mrs. Bryant rendered very enjoyable selections.

The final number being a trench scene, put on by members of the forces that have been at the front, under the command of James Neville, was witnessed with the most intense interest by all present. Everything was there including rations and rum. During the presentation of this number Sergt. Neville delivered a short address on bombs as used in the trenches, illustrating them with the first crude type improvised in the trenches and the latest scientific one made.

The concert was closed with the singing of "God Save the King."

Mrs. Frizzell went south yesterday.

HEAD OF INDIAN SCHOOL IS HERE

REV. LEONARD DAWSON HAS INTERESTING EDUCATIONAL INSTITUTION

It Is Maintained By A Very Old Missionary Society In England.

There is in the city at the present time Rev. Leonard Dawson, the head of St. George's School at Lytton. This institution was founded by Mr. Dawson sixteen years ago. He has about 70 Indian boys attending. Some of these are from northern British Columbia, and Mr. Dawson has been on a visit to some of their parents now.

The school has the distinction of being supported by one of the oldest missionary societies in England. It is commonly known as the New England Society, having been founded back in the days of Cromwell for the purpose of propogating religion among the natives in the New England States.

When the U. E. Loyalists left the United States some of the Indians of the New England States also came to Canada and the missionary society transplanted its operations to Canada. In time the field of operations extended to the west, hence the work being done here now.

VARYING SUCCESS FOR RUMANIANS IN THEIR FIGHTING

London, Nov. 8.—The Rumanians are falling back before the superior forces of Von Falkenhayn in Transylvania, the Teutons delivering smashing blows.

On the Dobrudja front, where the Rumanians are now on the offensive, ground has been gained.

Berlin claims that the Germans have taken a thousand prisoners in yesterday's fighting in Transylvania, while Vienna admits the loss of Dedul Mountain.

WORK BEING DONE AT SILVER STANDARD MINE

A few days ago the No. 2, a vein at the Silver Standard mine near Hazelton was cut by the long tunnel. It was three feet wide, while on the surface it was a mere crack. In the tunnel there is ore, but not of a commercial grade. Two hundred feet south on this same vein is a big body of ore. The tunnel is now in over 720 feet.

OMINECA LIBERALS WARM CONVENTION

WANT GOVERNMENT OFFICES MOVED FROM HAZELTON TO ANOTHER POINT

Delegates From Old Town Withdraw From The Meeting.

A meeting of the Liberal Association for Omineca Riding was held in New Hazelton on Tuesday and Wednesday last. The delegates present were: A. Keller, Francois Lake; W. P. Boden, Ootsa Lake; H. Laidlaw, Burns Lake; H. Silverthorn, for Houston; R. E. Williams, Hubert; J. M. Adams, Endako; R. Rogers, Jas. Kennedy, W. S. Henry, A. Chisholm, J. M. Adams, Smithers; John Goold, Chicken Lake; McCabe, Glentanna; Wm. Thompson, Skeena Crossing; S. J. Martin, J. C. K. Sealey, P. Corrigan, H. F. Glassey, Howard Campbell, and H. Britzen, Hazelton; S. J. Martin, Hagblad, of Kispiox; W. J. MacKenzie, L. B. Warner, I. Anger, Jas. Richmond, C. H. Sawle, New Hazelton.

F. C. McKinnon occupied the chair.

The first session passed a motion recommending the abolition of the Forestry Department in this district and turning the work over to the provincial police.

Wednesday morning just before noon W. J. McKenzie and A. Keller moved that for economic reasons and for easy access that the government offices be moved from their present location in Hazelton to a point on the railway. The meeting then adjourned until the afternoon.

The first thing after lunch was a consideration of Mr. McKenzie's motion. The old town delegates claimed it was out of order and demanded a ruling from the chair. The president stood by a former ruling of his, that it was out of order.

R. E. Williams moved an appeal from the chairman's ruling, on the ground that the motion before the house was of an entirely different nature to the one moved by Mr. Kenney previously. On a vote the president's ruling was over-ruled by a large majority.

S. J. Martin, on behalf of the Hazelton, Kispiox and Manson Creek Associations, gave notice that they withdrew from the district association. The old town association withdrew mumbling vengance.

A resolution that all applicants for government positions be first passed upon by the local and district Liberal Associations was moved by Howard Campbell, but was overwhelmingly defeated. A similar motion passed at a previous meeting was struck from the minutes.

Wilson Has Advantage In Presidential Race With Few Seats Doubtful

New York, Nov. 8.—The compilation of the results of the election yesterday gives President Wilson, the Democratic Candidate the lead, with 258 seats in the Electoral College and only 27 to hear from, which will not be known until tomorrow.

There are five of the smaller states and territorities to be heard from, but as Mr. Wilson needs only 8 more seats to be elected there is a general disposition amongst the politicians at headquarters to consider him the victor.

The Republicians have not given up hope yet. Their candidate, Charles E. Hughes, has a total of 246 electoral votes and they are hopeful that he will yet overtake his opponent.

Early in the day the fight was conceded to Hughes on the returns received, but alterations in the figures during the day put the Democratic Candidate again in the lead.

Mining Deal Rumor Magnetite Ore On The Queen Charlottes

There is a rumor that a deal, which is said to presage something of more than ordinary importance in a mining way, is now on. The property concerned is a magnetite producer near Jedway.

The rumor, which up to the present is not very definite, couples Seattle investors with the bonding.

GOVERNMENT AGENT DIES AT NANAIMO

John Kirkup Was For 35 Years In Public Service In British Columbia.

A man who for thirty-five years had been connected with the public service in British Columbia passed away last week at Nanaimo in the person of John Kirkup, for the past three years Provincial Government Agent at that place. Death followed three weeks' severe illness.

The late Mr. Kirkup was a native of Kemptville, Ontario, and was 61 years of age. He received his early education in his home town, served an apprenticeship as a carriage-builder, and finally took to the larger work of house-building. He removed to Winnipeg in 1876 and to Victoria in 1877, in both places following his occupation. It was not till two years after his arrival here that he joined the police force. This was the beginning of an interesting career. in 1881 he was given a position as constable and collector at Yale for

GOVERNMENT AGENT

(Continued from Page One.)

the Provincial Government, a double service which he performed admirably. He remained at Yale until 1884, when he was transferred to Savona for police work on the C. P. R. construction. He was fearless and intrepid in the enforcement of justice, and his genius for tracing crime to its correct source and seeing that the criminal had his due punishment made him as much feared by the wrong-doer as he was respected by the order-loving citizen. To the latter he was known as a kindly friend, ready to help whenever need was discovered.

From Savona he went to Revelstoke and Golden, still in the capacity of constable, and before removing once more to Vancouver Island he was engaged in police work in connection with the building of the Columbia & Kootenay Railway. He was at Duncan for a short time, but in 1895 was again taken into the government service as constable and collector at Rossland. Three years later he was appointed gold commissioner and government agent at Rossland, alone maintaining order in a town where not a few of the regulation mining camp disorderly characters were known to be. From Rossland he was sent to Prince George, and later to Alberni as government agent, and finally, on the resignation of Mr. Thomson from the office of Provincial Government Agent to Nanaimo.

Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—*HON. MARTIN BURRELL, Minister of Agriculture.*

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. *'Work and Save'* is a good motto for War-time."—*SIR THOMAS WHITE, Minister of Finance.*

THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR—

WHEAT, OATS, HAY,
BEEF, PORK, BACON,
CHEESE, EGGS, BUTTER, POULTRY,

CANNED FRUITS, FRUIT JAMS,
SUGAR, HONEY, WOOL, FLAX FIBRE,
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.
