Verdun Is Still Holding Out Against Terrible Onslaught

Central Empires Lose On Every Front To Allied Forces

Rome, July 19.---From every front where Allied troops are attacking the armies of the Central Empires comes news of successes for the Allies. The complete defeat of the enemy is certain. The enemy shows less ability to withstand the attacks of the Allied forces.

Low Rate Of Taxes Fixed By Council For Present Year

At the council meeting Monday evening the bylaw fixing the rate for the year was passed through its several stages up to that of final adoption, which will be attended to at the next meeting of the council. The bylaw which fixes the rate calls for the lowest that has ever been struck in the city. The rate is set as follows: for general purposes, 3.5 mills; for Board of Health and Hospital, 1.0 mill; for Schools, 2.0 mills; for Scavenging, .5 mill. In addition to this rate fixed in the bylaw there is also 3 mills required for debt purposes, which is not required to be brought in under the bylaw.

The total rate is therefore 10 mills, with the reduction of one-sixth if paid before the first of October, which brings the net rate to 8 3-4 mills.

Under the bylaw there is a sliding scale of reductions made to those who pay the taxes promptly. If paid on or before October 1st there will be a reduction of one-sixth. If paid on or before November 1st the reduction will be 12 1-2 per cent. If paid on or before December 1st the reduction will be 10 per cent. Under this scheme it is hoped to have a very substantial payment of the taxes this season.

NEW TEACHERS FOR SCHOOL STAFF

BOARD OF TRUSTEES MADE CHOICE OF THOSE WHO WILL ENTER SERVICE

Three Were Selected To Fill Up The Staff In The City.

The School Board met last evening and appointed the teachers necessary for the coming year to the school staff. Owing to the resignation of Mr. Anderson and Miss Moore it was necessary to appoint two of the public school staff in their places. After considering the applications of the male teachers received, it was decided to engage none of them, but to engage female teachers. Miss Josephine Eason, who has been engaged for the past six months as a substitute, was engaged permanently and Miss Genevieve Macdonald, of this city, was taken on on probation.

Later the School Board, in consultation with the principals, will make

(Continued on Page Four.)

GOT FURTHER DETAILS AS TO SON'S PART

Fred Peters Has Received Word As To Where Missing Boy Was Last Seen.

Fred Peters, K. C., has received a letter from friends who have been making enquiries about the part his son, Lieut. Gerald Peters, played in the engagement where he was last seen in action. According to this information he was with a charging party. When last seen he was wounded in one arm, one leg and in the body, and was in a ditch.

The Canadians had to vacate the ground thereabouts, but later regained it and a search party went to the place where he had been last seen but he could not be found.

RUSSIAN DRIVE PROVES EFFECTIVE

AUSTRIANS ARE IN FULL RETREAT BEFORE THE INVADING ARMY

Panic Has Seized The Austrians And Demands Made For Peace.

Petrograd, July 19.—The Russians have driven the Austrians across and well beyond the Lipa River, the enemy fleeing in the greatest disorder.

Trouble In Austria.

London, July 19.—Count Karolyi has resigned the Presidency of the Chamber of Deputies in Hungary. Hungarian independents have inaugurated a strong movement ,headed by seventy-five members of parliament, who demand instant peace, with or without the consent of Germany and Austria. The Austrians are panic-stricken and an earthquake at Ffiume, their most important port in the Adriatic, has added to the turmoil.

TAX SALE WILL BE HELD THIS YEAR

COUNCIL DECIDED IT WOULD BE UNWISE TO PASS OVER THIS COURSE

The Holding Of This Is Essential In The Interests Of The City.

By resolution it was decided to hold a tax sale this year again. This, it is felt, is the only way in which the revenues of the city can be kept in proper shape. If the sale lapsed any year there would be trouble in keeping the revenues for taxes up at all. The sale will be for the arrears for 1914 and later.

It was decided to fix the date of the sale for October. On September 12 and September 19 the advertisement for delinquent taxes will be inserted. Those who are serving with the overseas contingents will not have their land included in the tax sales.

FRENCH STILL ARE HOLDING VERDUN

THE INSTRUCTIONS ARE NOT TO GIVE UP, AWAITING THE BIG OFFENSIVE

Germans Have Lost Half A Million Men Attacking This Fort.

Paris, July 19.—General Niville, the commander of the French forces at Verdun, reports that the Germans have already sacrificed half a million men in their offensive at that point.

The French forces are still holding out. The General has instructed his troops to constantly harass the adversary and to repel every possible enemy advance until the hour approaches for the resumption of the general offensive.

An application, made by the banks of the city, for a reduction in the license fee paid by them for doing business in the city was refused by the council. It was urged that there had been no reduction to the other classes of business and none should be made in the case of the banks.

Preserving Strawberries

Frank Clapp, in charge of the City Market, advises all housewives to secure Strawberries for preserving this week. From information he has received from the growers along the line of the G. T. P., the big bulk of the berries will be offered this week. tf.

Readjustment To Be Made Of Rates For Electric Lighting

The council has authorized the Superintendent of Public Utilities, as D. R. Kennedy will in future be designated, to bring in a report readjusting the rates to be charged for electric light and power. This was decided upon at the council Monday evening upon the report form the Finance and General Committee, acting on a preliminary report of the Superintendent made to that body. The new schedules will be based upon the principle in force in Vancouver and Victoira and other cities. It will be based upon the amount of light consumed, and be on a sliding scale, similar to that adopted in connection with the power for cooking stoves.

The Superintendent explained that the schedule in force now worked an injustice in many cases, and the adjustment seemed to him necessary. The amount of money raised will be the same. There will, however, be advantages given to the large consumer, who is now made to pay in some cases higher than the smaller one, owing to the fluctuation according to the connected load. Instances of inequality were given by the Superintendent in the report that he made.

The council also decided upon a resolution, approved by the General Committee, to confirm the appointment of Mr. Kennedy as Superintendent of waterworks in addition to the other work of his office. He will be known therefore as Superintendent of Public Utilities in the future under these arrangements.

Distinguished Parties Arrived In The City On Inspection Tours

There arrived in the city Wednesday evening Sir Collingwood Schreiber, Chief Engineer of the Department of Railways for the Dominion. He came in by special, following the regular train, accompanied by Lady Schreiber and party. They will spend a few days in the city before returning to the east.

The regular train, brought in by private car, J. E. Dalrymple, Vice-President of the G. T. P., in charge of the Traffic Department. He was accompanied by Mrs. Dalrymple and their son and niece. G. A. McNicholl Assistant General Freight and Passenger Agent, and Mrs. McNicholl accompanied the Montreal party to the city from Lakelse. Mr. Dalrymple spent the week-end at Lakelse Lake in company with Mr. and Mrs. McNicholl. They went north yesterday morning on the Alaskan tour. Returning next week the Vice-President will spend a few days in Prince Rupert, looking over matters affecting his department.

When interviewed, Mr. Dalrymple was asked respecting the possibility of work starting on the drydock. He was unable to give any additional information to that already received here, that the proposition was believed to be progressing favorably. It was a matter, he explained, that did not come directly under his eye.

He is making the tour to Alaska to see what the new service is doing.

Sir Collingwood Schreiber is on a regular tour of inspection. He has followed the construction of the G. T. P. from the very start of work on it, and is pleased now to be able to pass over the road in his own car. He has been knighted within the last year, following a long service to the country.

DR. L. W. KERGIN IS NOW IN MESOPOTAMIA

He Has Written Interesting Letter To His Brother Here.

A letter was received last evening by Dr. W. T. Kergin from his brother, Dr. L. W. Kergin, who left here several months ago to serve with the Army Service Corps at the front. When he left, he had, of course, no idea where his orders would take him. He enlisted for service anywhere, ready and anxious to do his part wherever the orders sent him.

The letter received last evening gives the information that he is in Mesopotamia on army service work there. He has been to the junction of the Tigris and the Euphrates and beyond that. The letter was written on May 20, and he had then been to Amara. His work called upon him, under a most intense heat, to visit a number of posts. He told of the garb of the people, which, he said, in the case of the men often consisted of but one garment, which was sometimes worn as a turban.

The letter was written on May 20 and reached here only last night.

H. C. BREWSTER AND THE SKEENA BRIDGE

LEADER OF OPPOSITION PROMISED TO OFFER NO OBSTACLE

If Premier Decides To Go On With Work He Will Not Obstruct.

On his visit to Terrace, H. C. Brewster, leader of the Opposition, was met by a delegation representing different shades of politics, all interested in seeing the bridge across the Skeena to the Lakelse Valley completed. They urged the importance of this work upon Mr. Brewster, explaining that the Premier had, on his visit to the valley, promised to have the question gone into fully by an engineer and an estimate formed as to the cost.

It was urged upon Mr. Brewster that he should not oppose the work if the Premier decided to go on with it, as it was a matter of great importance to the two valleys.

The leader of the Opposition promised that he would not offer objection if Mr. Bowser saw fit to proceed with the work. He complimented the residents upon their sinking party feeling to unite for the good of the district in which they lived.

A large party of tourists, under the conduct of Miss Pearson, of New York, arrived in the city last evening. Miss Pearson conducted a similar party through here last year, and was so well satisfied with the northern scenery that she has continued it this year again.

FAULTY MEMORIES.

The informant of the News on matters affecting the history of plugging as practised in British Columbia has evidently either a faulty memory or a very elastic one. The boat load of patriots from Vancouver, who aided so effectively in the Islands election, voted for a staunch Liberal, who has since been honored by that party. It was carried out by a stalwart Liberal skipper. The elected candidate while he voted on the same side as the composite party led by McBride, always persisted in playing a lone hand and would not acknowledge the leadership of McBride. He was a Liberal of the Liberals.

PERVERTING THE FACTS.

The News persists in coupling the names of F. W. Welsh, of Vancouver, a well known Consrevative, with the pluggers that voted for M. A. Macdonald, the Liberal candidate, at the by-election. The only part that Mr. Welsh seems to have had in the matter was that the Liberal pluggers used quarters over the store that Mr. Welsh occupied. They were herded there until election day, when they came forth and according to their own evidence voted for Macdonald.

CHANGED ATTITUDE.

The Liberals are now condemning Alex. Stewart, Mayor of Victoria, as a week man. It is not many years ago they were landing him as a strong man and wanting him to run as a Liberal candidate. The change of heart on the part of the Liberals is due to the simple fact that Alex. Stewart has become a Conservative rather than support the Liberals as they exist in provincial politics.

MORE MEN THAN WOMEN HAVE APENDICITIS

Surgeons state men are slightly more subject to appendicitis than women. Prince Rupert people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT, easy action of Adler-i-ka is surprising. Orme's Limiten. g-3

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine, at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior

NOTICE.

To Launch Owners And Trippers To Metlakatla.

Take notice that the Fruit and Flowers growing around the buildings in the village of Metlakatla and in the gardens on islands and elsewhere in the vicinity of Metlakatla is the private property of the Metlakatla Indians. Any person found removing any such Fruit or Flowers without the sanction of the Deputy Superintendent General of Indian Affairs, or his Agent, will be liable to prosecution.

Visitors who may be found trampling down the Indians' potato gardens or throwing stones into such gardens, or interfering with the cabins thereon will be likewise dealt with.

Launchmen are requested to take notice that they will be held equally responsible for depredations by parties carried by them to these reserves.

MANY IN PRINCE RUPERT TRY SIMPLE MIXTURE

Many Prince Rupert people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. C. H. Orme, Pioneer Druggist. g-c.

NAVIGABLE WATERS PROTECTION ACT.

R. S. C. Chapter 115.

Robert Cecil Gosse hereby gives notice that he has under Section 7 of the said Act deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of Titles at the Land Registry office at Prince Rupert, British Columbia, a description of the site and the plans of a wharf proposed to be built in the North Skeena Passage, at the mouth of the Skeena River, British Columbia in front of Lot one hundred and seventeen (117), Range five (5) Coast District, British Columbia.

And take notice that, after the expiration of one month from the date of the first publication of this notice, Robert Cecil Gosse will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans, and for leave to construct the said wharf.

Dated at Prince Rupert, B. C., this 27th day of May, 1916. m28-j28

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

HENRY CONANT DIED VERY SUDDENLY IN CITY

Well Known Citizen Of Prince Rupert Passed Away After Short Attack Of Illness.

Henry Conant passed away during Tuesday night, after a very brief illness. He had been engaged painting the front of the Federal Building and appeared to be in his usual health. In the evening he was staining a floor for Herbert Hampton at 229 Eighth Avenue, West, when he suddenly showed signs of collapse. Dr. Cade was immediately summoned and Mr. Conant was taken to the hospital where he passed away about 5 o'clock in the morning, death being due to a hemorrhage of the brain.

Mr. Conant was about fifty years of age, and had been in this city for six years. He leaves a widow and one son, Lloyd Conant, who is with the G. T. P. at Usk.

NEW TEACHERS.

(Continued from Page One.)

the necessary disposition of the teachers to best serve the interests of the schools.

For manual training teacher there were a number of applications from experienced teachers. The department requirse the teacher in this work to be a qualified teacher under the British Columbia regulations. After considering all the applications, it was decided to engage E. H. Shockley, who has had long experience in this work.

For mathematical and science master in the High School, choice was made of Geo. B. Carpenter, B. A., of Fernie. He is a graduate of the University of New Brunswick.

WATER NOTICE

Use and Storage

TAKE NOTICE that Granby Consolidated Mining, Smelting & Power Co., Ltd., whose address is Anyox, B. C., will apply for a license to take and use 100,000 gals. per day, and to store 2,500,000 gals. of water out of West Branch of Hidden Creek, which flows southerly and drains into Granby Bay about one half mile west of Anyox.

The storage dam will be located about two and a half miles from the mouth of Hidden Creek. The capacity of the reservoir to be created is about 2,500,000 gals., and it will flood about two acres of land. The water will be diverted from the stream at a point about 450 feet south of north line of Maypole M.C. Lot 1676, and will be used for domestic and mining purposes upon the land and mine described as Hidden Creek Mine and Mine Townsite.

This notice was posted on the ground on the 15th day of June, 1916.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

MR. HARRY HANSON, Prince Rupert, B. C., April 9, 1914.

"The Reliable Plumber,"

Prince Rupert, B. C..

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,

(Signed) (Rev.) J. F. DIMMICK.

Speceial price for coil for month of March only will be Fifteen dollars, Ten dollars cash, balance 30 days.
