Bait For Halibut Boats Very Scarce Causing Serious Trouble

The scarcity of bait for halibut boats is becoming a matter of serious concern with fishermen. Last winter, it will be remembered, there was a failure to a very large extent in the run of herring. The result has been that with the ever increasing demand there is a decided shortage of bait for the boats.

W. T. Williams, the local inspector of fisheries, attended the meeting of the Board of Trade last evening and spoke on the subject, advising action being taken by the Board in making representations along some line that might improve conditions. Messrs. Cunningham and McIntyre, members of the Advisory Board, would be in Prince Rupert soon and could be approached on the subject.

Mr. Williams gave his own views and a suggested remedy. He proposed that halibut boats be allowed to carry a small seine and take herring wherever they found them during the year. These would be used for bait exclusively. Some arrangement might be made for having them frozen and carried at the cold storage.

G. R. Naden said he had been told that a cannery had refused to sell salmon that were not needed when it was asked to provide them for bait. He brought the point up to get the information before Mr. Williams.

It turned out later the cannery referred to was that at Wales Island.

Mr. Williams did not think this could be the case. Salmon was so valuable that it was not to be expected that they would not can all of them. He had not heard of any being wasted.

Mr. Williams went on to explain that, with salmon as high in price as at present, it was not to be expected that they would be used for bait. He did not expect it. All the streams were leased and they could not expect that salmon would be put to that use.

He told of fishing boats having lately taken on a small amount of bait and having been obliged to go out and catch black cod to be used as halibut bait before proceeding to the banks. This delayed the boats and might account for the smaller landings made by Canadian boats last month.

BRITISH COLUMBIA COPPER COMPANY IS OPENING OUT IMMENSE BLOCK

Development Work Is Now Progressing At The Property.

Development work, which has as its immediate purpose the blocking out of 5,000,000 tons of copper ore and as its second 5,000,000 tons is making good progress at the British Columbia Copper Company's Copper Mountain properties, stated Oscar Lachmund, General Manager of the company, who was in Nelson on his way to Coleman in an endeavor to arrange for a great supply of coke for the company's smelter at Greenwood, says The Nelson News. At present it is obtaining only enough coke for operating one furnace. Ore supply is valuable at Greenwood for more extended operations and Mr. Lachmund is attempting to obtain the necessary fuel.

At Copper Mountain, which is 13 miles from Princeton, the 2,000-foot crosscut tunnel the company is driving is in about 1,200 feet, this distance having been driven since June 15. It is proving that the results given by preliminary diamond drill

Will Get Opinion Of Trades And Labor Council On Embargo

The meeting of the Board of Trade last evening was not well attended. L. M. de Gex was voted to the chair in the absence of the Vice-President.

G. W. Nickerson, the President of the Board, sent in his resignation, as he said he was not going to find it possible to be in the city. This was left over.

W. E. Williams, Chairman of the Legislative Committee, presented a report dealing with the question of the embargo on labor entering Canada. The report recommended that the embargo be lifted, in view of the opinions expressed by various mine owners who wrote Mr. Williams on the subject.

O. H. Nelson said one of the mine superintendents, who complained in the letter of a shortage, had informed him that he had all the men he needed. Mr. Nelson said that he had no desire at a time like this, when everything was very high in price, to have a lot of unemployed in the place. It was natural for the employees of labor to want a plentiful supply, but he was somewhat afraid of getting too many.

G. R. Naden thought the Trades and Labor Council's opinion should have been got also, and he moved that the report be referred back to the committee to get that.

The motion being seconded by Mr. Nelson carried.

Mrs. J. C. Halsey arrived from the south yesterday on a visit to friends. Her latest news from her husband, Capt. Halsey of the 102nd Battalion, conveyed the news that he was well.

Red Cross Society In This City Has Raised Sum Of About $10,000

The local branch of the Canadian Red Cross Society, that has done such excellent work as an auxiliary to the efforts to provide for soldiers serving at the front, held its annual meeting last evening. The President, Judge Young presided. He read the report of the Executive Committee. This expressed thanks to the general public and to the ladies who worked so hard in connection with the work of the Society. The following reference was made to the press:

"To the Press in Prince Rupert in large measure our thanks are due. They have freely given at all times, and frequently put themselves to considerable trouble to accomodate our desires in the line of publicity and advertising. If the amount of publicity accorded this Branch by the Press was added up and charged at the regular advertising rates we would find an amount that should easily make the newspapers our largest contributors. We want the public and membership in this Society to recognize and appreciate the work the newspapers have done for us."

It was stated during the meeting that about $10,000 has been raised by the organization here since the beginning.

A report as presented by Mrs. Woodland, the Treasurer, showing a most satisfactory state of affairs. The auditors' report accompanied it.

Mrs. R. L. McIntosh reported for the Prisoners of War Department and Mrs. W. T. Kergin, as Superintendent of Supplies.

The election of officers resulted in the naming of the last year's officers as follows: President, Judge Young; Vice-President, Mrs. R. L. McIntosh; Secretary, J. B. Roerig; Superintendent of Supplies, Mrs. W. T. Kergin and Mrs. F. G. Dawson. Executive Committee, Mesdames Morrissey, Besner, Dawson, W. T. Kergin, McLeod, Morrow, Lipsett, Galland, Oakley, Peck, Jennings, Conway, Rix, Steen, Sinnot, Riley, J. Smith, Arnold, R. H. Shockley, T. H. Johnston, Humble, McColl, J. H. Thompson and Jenns.

After the meeting closed the new executive met and organized for the year.

FRENCH ARTILLERY HAS BEEN KEEPING GERMANS BUSY

London, Oct. 6.—The French today have been shelling a German military station where there were great movements of troops reported by the aeroplane scouts. The bombardment caused serious conflagration within the enemy lines. Since the big offensive started on July 1, the British have captured 621 German guns.

SILVER STANDARD MINE'S NEW VEIN

PROMISING DISCOVERY MADE AT PROPERTY WHICH IS HELD LOCALLY

Hazelton Mining Claim Is Showing Up Exceedingly Well.

A new vein was cut at the Silver Standard this week that was a very pleasant surprise, says The Omineca Miner concerning the well known property near Hazelton, held by Prince Rupert interests. It was encountered five hundred feet from the portal of the tunnel and ninety feet from where the first big vein was cut.

The new vein carries twelve inches of solid ore, grey copper and zinc. There does not appear to be any quartz or other foreign matter present. It also appears to be stronger in the bottom than at the top. The walls are clear and there is lots of water all desirable indications. The tunnel gives a depth of a hundred and fifty feet. A fifteen-foot drift was run and the solid ore was still there.

This is a new vein. The surface is covered with wash and was never prospected. Superintendent Norrie keeps a close watch on the tunnel and the first indications of ore was a little feeder with just a speck of ore. He directed that this be followed up and the second day the ore was discovered. Some surface work is now being done to uncover the vein.

The No. 1 vein is the most spectacular on the hill. Recently some surface work was done on it and it is opening up in fine shape. Two and a-half feet of solid mixed ore is exposed for some distance. About five or six tons of ore were sacked by two men in quick time. One of the features of this ore is the high gold values carried.

APPRECIATIVE WORDS.

In the report of the executive of the local branch of the Patriotic Society, presented last evening, words of appreciation were expressed relative to the Press. It is indeed refreshing to have a society like this show appreciation for what is done. There are too many, and Prince Rupert is no exception in this respect, who seem to forget that a newspaper exists by the selling of its space just as an ordinary merchant does so by selling goods. There are some wonderfully glaring examples in this city of organizations and public bodies that have an abounding faith in the efficacy of printers' ink through the medium of the newspaper when it is given free, but who forget that when they have business to do which must be paid for. It is indeed gratifying to find a Society like the Red Cross that appreciates the services rendered by the Press. The newspapers have the same loyalty to the country as the individual, and are prepared to do their part in a way they can. A newspaper has no more duty put upon it to be a booster for a town than has every individual in that place. There are some public and semi-public bodies in the City of Prince Rupert that deserve nothing at the hand of the papers, but we do not include the Red Cross Society in that list.

BIG ORE BODY.

(Continued from Page One.)

exploration work, which showed 5,000,000 tons of ore on this level, were correct. This crosscut, which, when 2,000 feet have been driven, will be extended in several directions, will give a maximum depth on the ore of 200 feet, the comparatively short distance between the apex and the floor of the tunnel providing for the glory hole operations the company intends to carry on when ore production begins.

The ore runs 1.75 per cent. in copper taking the average over the whole of the immense body. This percentage is very much higher than ore bodies which the company has been smelting profitably from the Mother Lode mine at Greenwood for years, but it runs high in silica and low in iron and lime and consequently cannot be smelted direct.

PAYABLE AT PAR AT

OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG, REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY, 1st APRIL, 1st OCTOBER.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

ISSUE PRICE 97½

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st APRIL, 1917.

THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97½, payable as follows:—

10 per cent on application;
30 " " 16th October, 1916;
30 " " 15th November, 1916;
27½ " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of $100, $500, $1,000. Fully registered bonds without coupons will be issued in denominations of $1,000, $5,000 or any authorized multiple of $5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of $1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

In the Presbyterian Church last evening a book social was held and a very enjoyable time was spent. Rev. Dr. Grant spoke briefly. Margaret Morgan gave a recitation; Miss Marguerite Kilpatrick gave a piano solo; and Mr. Morris rendered a vocal selection. Mrs. McMillan won the prize in the book-naming competition and Master Archie Grant for the most original title suggestion.

DR. TREMAYNE AND FAMILY LEAVING TODAY

First Medical Man In Prince Rupert Is Leaving To Serve At Front.

Today Dr. H. E. Tremayne, the first medical practitioner to come to Prince Rupert, will leave for the south accompanied by Mrs. Tremayne and family. He is going to Vernon to join the Army Medical Corps there, preparatory to going to the front. Ever since the outbreak of the war he has been endeavoring to go, but could not receive the necessary leave from Ottawa to allow him to quit the quarantine office here. Now he has obtained this and is going. He served through the South African war as an army medical officer.

Mrs. Tremayne and family will proceed to Toronto. Later Mrs. Tremayne may go to England if her husband is assigned a post there.

RUSSIANS ARE PRESSING TURKS IN ARMENIA

Petrograd, Oct. 6.—With the suddenness which has so often disconcerted the Turks, the Grand Duke's army in Turkish Armenia has resumed the offensive, the troops receiving splendid assistance from the Russian fleet in the Black Sea. The Russians inflicted a severe defeat on the enemy near Trebizond, capturing a strongly fortified position and, advancing through a strongly guarded line, took many prisoners and immense quantities of military equipment. The enemy's rear earth works and trenches were destroyed by the Russian guns. The Russians also registered gains on the south-eastern portion of this front.

PRINCE RUPERT PEOPLE GET INSTANT ACTION

Those who have used it in Prince Rupert are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Adler-i-ka relieves almost ANY CASE constipation sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. C. H. Orme, Pioneer Druggist.
