Germany Had Plot To Seize Madagascar By Conspiracy

Paris, Feb. 18.—A very deep laid scheme of the Germans to secure possession of the French colony of Madagascar has been unearthed, and arrests are being made in that connection.

German agents were instrumental in financing the plot to overthrow the Government of Madagascar. It was laid among the natives of the island.

It was planned to poison the French troops doing service there. Then they were to either gain the native troops to their cause or arrange a conspiracy to obtain their military weapons. The white officials and the colonists were then to be massacred.

The plot was revealed to the authorities, who have taken active measures to stamp out the whole trouble. Already there have been 600 persons arrested. Investigations are proceeding still, and many more may be found to have been implicated in the plot, which was laid by the Germans.

Derby Recruits Called Include Young Married Men

London, Feb. 18. — Ten more groups of the Derby recruits, including married men of 29 years and under, have been called to the colors. This order becomes effective March 18.

An official proclamation calling up the remaining single men under the Derby plan and the Military Service Act was posted some days ago.

That call to the colors had the effect of enrolling all single men of military age who have not been exempted.

Single men who did not attest under the Earl of Derby's plan are subject to compulsory military service, with certain classes of exemption under the terms of the act passed at the last session of Parliament, which went into effect February 10.

TO SPEAK ON PAARDEBURG IN CHURCH OF ENGLAND

Before the Daughters of the Empire and the students of the High School yesterday Principal Brady delivered an excellent address upon Paardeburg, the field upon which Canadians in South Africa gained a proud name. Rev. Canon Rix, who was present, took occasion to have Mr. Brady agree to give the address in the Anglican Church on Sunday evening next.

The Private Bill Relating To Serial Bonds To Be Dealt With.

This morning the City Solicitor, Fred Peters, K. C., and the City Treasurer, E. D. Johnson, will leave for Victoria to take up with the officials of the Attorney-General's Department, charged with municipal affairs, the city's private bill which deals with the conversion of the bonds and the placing of these under the serial order.

The conference will be held on Monday, having been arranged by message with the Premier. Mayor McCaffery, upon assuming office, learned that there were some differences of opinion regarding the bill. He has been busy endeavoring to clear the way with respect to this, and it is believed that there should be no great difficulty in getting the matters adjusted. He wants

GERMANY SAID TO BE IN READINESS

REPORTED THAT ONE HUNDRED SUBMARINES ARE BUILT FOR FIGHT

Rumors Are Rife As To The New Type Of Vessel To Be Used.

Geneva, Feb. 18.—The Journal de Geneva says that Germany has built one hundred submarines to renew her submarine campaign with increased vigor.

Archibald Hurd, the Daily Telegraph's naval correspondent, announced that the Germans have launched new underseas terrors, in the form of large submarine monitors, each equipped with a powerful battery and protected by armor, which can be made completely watertight. These vessels are of great speed and can utilize their armored battery just above the water. If a British warship appears the monitors are quickly submerged.

DAUGHTERS OF EMPIRE VISITED HIGH SCHOOL TO HEAR LECTURE

Sunday is Paardeburg Day—a day that is always observed by the I. O. D. E., and this year Mr. Brady kindly consented to give an address to the High School pupils yesterday afternoon. Several members of the Queen Mary Chapter of the I. O. D. E. were present, and were given a cordial welcome by Mr. Brady, after which the pupils, under Miss McLenaghen's guidance, sang "C Canada."

In his address Mr. Brady gave a stirring account of the events leading up to the battle of Paardeburg and the birth of the great spirit of Imperialism, which today binds the colonies and the Motherland so closely together, for at Paardeburg the Canadians received their first great baptism of fire and wrote their names large in Imperial history. Mr. Brady finished his address by an eloquent appeal to the young people present to remember the sacrifices their countrymen made in South Africa, and are making today, and in their own patriotism to be worthy of them.

All present then sang the spirited song, "We'll Never Let the Old Flag Fall" and "God Save the King," and after a few words of thanks and appreciation from the Regent, Mrs. Du Vernet, the very interesting and inspiring afternoon was closed.

United States Will Defend Right For Ships To Be Armed

Washington, Feb. 18.—All American diplomatic and consular officials abroad have been notified by the State Department, that the position taken by the United States is that merchant ships have the right to carry defensive armament.

Count Von Bernstorff announced that Germany would insist on the recognition of all her demands regarding the new submarine regulations. The submarines will torpedo all armed merchantment without warning after February 29.

Senator Lodge, in a speech in the Senate, vigorously opposed the alteration demanded in the regulations. He says that to abandon the principle that citizens are free to travel on merchantmen, which are armed only for defensive purposes, would be an unneutral step toward the United States allying herself with belligerent nation, whose merchant marine is now swept from the seas.

Grand Ball Given To Aid Canadian Soldiers Who Are Prisoners

The ball given last evening in the Roller Rink, in aid of the fund for Canadian soldiers who are prisoners in Germany, was a magnificent success from every standpoint. The attendance was very large, the great floor being filled all the time. Old and young were there and all enjoyed themselves.

The decorating committee had made a wonderful transformation at the rink, and had the walls made warm in appearance by the lavish use of bunting and flags. Overhead the same class of decorations was used. The floor was in perfect condition.

In point of music, there was likewise nothing lacking. Under the leadership of Mr. Balagno, who was pianist, an excellent orchestra gave their services. The other members of it were Mr. Harvey, violin; Mr. James Lee, violin; Mr. Zeliski, flute; Mr. Fred Renworth, picolo; Mr. Collier, of the Irish Fusiliers, cornet; and Mr. La Salle, Drums. The orchestra all gave their services gratuitously. The piano used was also kindly given for the occasion by Walker's Music Store.

The arrangements for lunch were excellent. The store opposite the rink was used for preparing it and willing helpers carried it across to be served. Coffee, sandwiches and cake were served.

It will take some time to get all the returns in, but it is expected that over $300 will have been made through this medium.

NO GROUNDS FOR UPSETTING ELECTION OF MINISTER

Montreal, Feb. 18.—Hon. E. L. Patenaude, Minister of Inland Revenue, will retain his seat in the House of Commons. Chief Justice Archibald today dismissed the petition to have his election quashed. The attempt to prove irregularities in the election proved futile.

HERRING HAS BEEN REPORTED FROM PORT SIMPSON

The long watched for herring run is believed to be likely to materialize. It has been reported from Port Simpson that the fish have appeared there. W. Selig has gone there to investigate.

The demand for herring, for bait, is exceedingly active, and its absence all along the coast from the south, including Alaska, is working a hardship on the halibut fishing boats. Preparations are being made to take care of sufficient to meet all demands if the run now comes.

WESTHOLME THEATRE.

Bessie Eyton scores a great success in "The Jungle Lovers," a thrilling Jungle drama in three acts; showing what a terrible adventure a party has in the jungles with the natives and savage beasts. The surroundings that this vivid picture was taken in are wonderful, being the real jungles.

"A Madcap Adventure" is certainly a screaming comedy.

"The Sacred Bracelet" is a very pathetic drama.

"A Night's Adventure" is a thrilling drama.

"Lotta Coin's Ghost" is sure a great screen riot, Ham and Bud are very funny in the Ghost scream.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

SIR HIBBERT'S STAND.

It is announced that Sir Charles Hibbert Tupper, K. C. will take an active part in the campaign against Hon. C. E. Tisdall in Vancouver at the by-election. This is not the first time that Sir Hibbert has so identified himself with the Liberal party in British Columbia. In fact he is generally found arrayed against the Conservatives in provincial elections. In the campaign preceding the election in British Columbia, when the Liberal party was reduced to two members, Sir Hibbert was a star speaker for the Liberals, but the people of the Province did not heed him, but elected the McBride Government. In his own city of Vancouver, where it must be admitted that Sir Hibbert stands very high in private life, the Conservatives swept the boards at that election. The electors of Vancouver next Saturday will doubtless do similarly, and show their confidence in Mr. Tisdall and the Bowser Government.

Sir Hibbert belongs to a family that has done good work in the party interests in Canada. Conservatives will always remember the late Sir Charles for his loyalty to the idol of the party, Sir John A. Macdonald. But it must not be forgotten that the Tupper family held their services quite as valuable as anyone else held them. Certainly the family was not forgotten when it came to the disposition of favors, and the Conservative party had to stand the criticisms that were thrown at it on that account. There will not likely be any disposition among Conservatives to rally around Sir Hibbert whenever he deems it wise to break with his party.

VALUE OF NAVAL POWER.

The Kansas City Times says:

"Germany, at the outbreak of the war had the second navy of the world, far stronger than the American navy is today. Being outclassed in strength by the British navy, and still more so by the combined French and British navies, the German fleet was of necessity placed on the defensive for the simple reason that to take the offensive would be suicide. Now, as a result, the German navy is useless for all the purposes for which navies are built. It can do nothing except to defend harbors, which would be equally well defended by the harbor guns, a few light cruisers and mine layers.

"Failing naval strength to take the offensive upon the sea, Germany has been blockaded since the beginning of the war. It is in the inexorable grip of the British navy, a grip as tenacious, as pitiless as the hold of a bulldog. All of Germany's possessions on land have never loosed for an instant. It is a giant hand around Germany's throat, tightening slowly, but tightening day by day. Not until that grip is loosed can Germany talk of victory."

WESTHOLME THEATRE HAS ANOTHER JUNGLE PLAY

Lovers Of Animals Have Opportunity Of Seeing Great Attraction.

The Westholme Theatre has now on its programme a very attractive play for all lovers of wild animals. This is "The Jungle Lovers," a three-act drama. The play is staged in the Jungle with excellent pictures portraying wild life in its varying moods.

"A Madcap Adventure" and "Lotta Coin's Ghost" are both extremely funny comedies. Ham and Bud are the artists in the latter, and that is all that need be said.

"The Sacred Bracelet" is a most pathetic little drama which will appeal to all, while "A Night's Adventure" provides a reel of thrills and excitement. The programme is splendidly varied and should prove highly interesting.

YOUR KING AND COUNTRY NEED YOU

85 Recruits Wanted For 102nd Overseas Battalion C. E. F.

Training Camp Now Opened At Prince Rupert, B.C.

WHEN A MAN IS THINKING OF ENLISTING, THERE ARE FIVE QUESTIONS THAT HE WANTS ANSWERED. THEY ARE:

How Long Am I To Serve?

Until the end of the war and six months after, if required.

What Pay Shall I Receive?

Your pay as a private will be $1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.

What Will My Wife Receive During My Absence?

Every month there will be paid her a separate allowance of $20.00 (also a part of your pay), and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.

What Will Happen If I Am Wounded Or Sick?

You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled, an allowance will be paid you, varying according to the extent of the injury or disability.

What Will Be Done For My Wife And Children If I Die On Active Service?

The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.

IF YOU WISH FOR FURTHER INFORMATION ASK THE SECRETARY OF THE BRANCH OF THE CANADIAN PATRIOTIC FUND IN YOUR TOWN.

ATHENA IN WITH TWENTY THOUSAND POUNDS OF FISH

The Athena, Capt. Forbes, reached port yesterday at noon with 20,000 pounds of halibut on board. The catch is not a large one for such a schooner as the Athena, but weather conditions have not been the best.

The catch was sold to H. O. Roberts, of the San Juan Company.

OIL TANKER ATLAS ARRIVED IN PORT YESTERDAY

Just after noon yesterday the oil tank steamer Atlas arrived with distillate, etc., for the tanks of the Imperial Oil Company here. The arrival of tankers in the harbor is becoming quite a usual thing now.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

Notice! The Latest!

By persistent experimenting I have now evolved a system of heating two rooms in a residence with your kitchen range, besides supplying hot water for domestic uses, regardless of the position of the range boiler. By the turning of one valve you turn your stove into a house heating system. I am now trying to improvise a thermostic automatic valve which will do away with the handling of any valves.

Quality
vs.
Imitation

The difference between a real thing and an imitation of it is illustrated by the difference between "Budweiser" Beer and beers that seek to resemble

Budweiser

The nearest to the original that imitators ever came was in the counterfeiting of our label. But they have never produced a beer that in any way equals "Budweiser," nor can they ever.
