IMPERIAL OIL TO IMPROVE FACILITIES

VICE-PRESIDENT OF COMPANY ARRIVED HERE LAST NIGHT

There Will Be Additions Made At The Wharf To Accommdate Trade.

The Imperial Oil Company will very shortly instal at its warf near the drydock additional equipment for the quick handling of oil. This is the announcement made by C. D. Stillman, of Sarnia, Vice-President of the Imperial Oil Company, who arrived last night by the train from the east, accompanied by Mrs. Stillman and T. Clarkson, of Peru, who represents the company in the South American country, where a considerable part of the raw supply for the refining comes from.

The sheds and facilities that are to be installed will be of decided advantage in the handling of the trade with the small boats. This is something that has been required ever since the company opened up here. It has been urged upon the headquarters, but there were certain obstacles in the way which prevented this being done until now.

Mr. Stillman, in conversation last night at the Hotel Prince Rupert, gave the information that his company is paying out from $5,000 to $6,000 a month to employees who are at the war. One half of the pay of married men is continued and one-quarter to single ones. In case of death on duty this allowance is continued for six months time to those dependent uopn those killed.

The officials went over the ground here last evening with G. A. Woodland, the local representative. They leave this morning for the south by the steamer Prince George.

SMALL NAVAL FIGHT OFF BELGIUM IN WHICH GERMANS RETIRED

MONEY FROM LOCAL DANCE RECEIVED FOR PRISONERS

Canadian Prisoners Of War Fund Acknowledged By Those Charge.

L. M. deGex has received an acknowledgement from the banker and also from Mrs. Bing-Hall for the $359.50 from the dance held at the Auditorium. Mrs. J. Fred Ritchie has also received a letter from Mrs. Bing-Hall stating that she received the money and thanking all who so generously assisted in raising this amount. She is spending every cent of this money on the prisoners, and will send a list of the names and numbers of all the Canadian boys she has helped. Her husband, who is a prisoner of war, assures her that all the men are receiving their parcels of food.

H. A. Bigelow, of Smithers, arrived from the north by the City of Seattle yesterday. He has been to White Horse and will leave for the interior today.

CITY TREASURER RETURNED FROM EAST LAST NIGHT

E. M. Johnson Says He Had Great Advantages In New York.

There returned last evening from the east E. M. Johnson, City Treasurer, accompanied by Mrs. Johnson and family. He has arrived from the east where he went with Mayor McCaffery to complete the sale of the bonds.

During the visit Mr. Johnson says he had wonderful advantages in an educational way along lines connected with his work. He had the opportunity of spending about four days in the New York City Hall, where he picked up most valuable information.

The School Board will hold an adjourned meeting in the City Hall on Wednesday evening next at 8 o'clock.

The Morning Journal delivered to your home at 50 cents a month.

Indications Point To Hughes As Republican Nominee For President

The indications are that Justice Hughes, of New York, will be the choice of the Republican convention as candidate for President of the United States. "Teddy" Roosevelt does not appear to have a strong following in the convention, which is now in meeting at Chicago.

Chicago, June 9.—The second ballot at the Republican Convention today stood as follows:

Hughes	328 1-2
Root	98 1-2
Burton	76 1-2
Dupont	13
Sherman	65
Fairbanks	88 1-2
Cummins	85
Roosevelt	81
LaFollette	25
McCall	1
Knox	36
Willis	1
Wood	1
Harding	1
Wanamaker	5
Not Voting	2
Total	967

The second ballot failed to result in a nomination. It requires 495 votes to effect a nomination.

The first ballot taken at the convention resulted as follows:

Hughes	261
Weeks	160
Roosevelt	98
Cummins	81
Fairbanks	80
Burton	70
Sherman	56
Root	42
LaFollette	28

LIEUT. DOLLING IS RECOVERING FROM WOUNDS

Letter Received From Mrs. Dolling Tells Of The Character Of Wounding.

Lieut. Dolling, who served for some time with the Irish Fusiliers in Prince Rupert, during the earlier part of the war, and who later left to join the overseas forces, is recovering from wounds received in a recent engagement.

Capt. Christie, of the Fusiliers, who is in charge of the company on duty in this city, has received a letter from Mrs. Dolling conveying this information. Lieut. Dolling was wounded by a shrapnel shell, parts of which entered his side and head, he also received slight facial wounds. At the time of writing the surgeons had successfully removed the particles of the shell from the wounds, and every hope was held out that he would recover.

T. E. Pinch, of Edmonton, was among the arrivals by yesterday's train.

GOOD CATCHES BY FISHING VESSELS

LOCAL BOATS BELONGING TO COLD STORAGE MADE GOOD HAULS

Halibut And Salmon Arrived In Port In Considerable Quantities.

P. J. Sandwick, the energetic buyer for the Cold Storage Company, gathered in all the halibut and salmon that appeared on the local market yesterday. The price of salmon remained at six cents a pound, while halibut sold at 7 1-2 cents.

The vessels selling halibut were the Hazel, 2,000; Maud, 8,000; Nautilus, 8,000; P. Doreen, 9,000; Fram, 12,000; Hecate, 2,000. The latter vessel also had 9,000 pounds of spring Salmon.

There also arrived yesterday two vessels of the Cold Storage Company's fleet with good catches. The Chief Zibassa, Capt. Jacobsen, after an absence of only nine days arrived with 55,000 pounds, while the James Carruthers, Capt. Knightall, after an absence of two weeks came in with 65,000 pounds.

Russians Are Sweeping Over Austrian Soil --Opposing Regiments Become Panic Stricken Reported Revolution Will Break Out There

London, June 9.—Information has reached the Russian Embassy from Rome that the Austrian front has been completely broken for a length of ninety-four miles. The Russian advance, which is now in progress, threatens to envelop the entire Austrian armies in the region affected.

The Austrian Slav regiments are declared to have become seized with panic during the first attacks of the Russians and surrendered without any real resistance. The capture of an additional 185 officers and 13,714 men is announced.

Beginning Of Great Move.

Petrograd, June 9.—The sudden blow struck by the Russians along the entire Galician front of 275 miles from the Pripet to Rumania, is, in the unanimous opinion of the military critics here, a brilliant beginning of the long-awaited Russian offensive. The condition of the roads now is perfect, and with a plentiful supply of ammunition the Russian advance is expected to develop swiftly.

The movement derives significance from the fact that it is not an isolated attack against any one portion of the Austrian lines, but a carefully coordinated movement, embracing the whole front. The movement is under the able leadership of General Brussiloff, who conducted the brilliant campaign in the Carpathians in 1914, and who is generally conceded to be one of the best strategists of the Russian staff.

Aside from its military and strategic importance for this front, the Russian movement undoubtedly will have a powerful effect upon the military situation elsewhere, decreasing Austrian pressure on the Italian front from the necessity of bringing reinforcements to this theatre, while it is also expected to influence the situation in the Balkans.

Revolution Threatened.

London, June 9.—A correspondent of the Times, who has unusual opportunities of ascertaining the feeling as to the actual position in Austro-Hungary says, an important member of a neutral legation wrote from Vienna that the general misery in the country is indiscribable. Everybody talks of an awful revolution if the war should last much longer.

HUDSON BAY RANCH BUILDINGS BURNED

Loss Of $5,000 Caused By Bush Fires In Bulkley Valley.

Forest fires did $5,000 worth of damage at the Hudson Bay Ranch north of Smithers last Friday says the Omineca Herald. The stables, corrals, barns, implement sheds and mess house were completely destroyed, including all their contents. Only the granary, the bunk house and blacksmith shop were saved.

The fire, driven by a high wind came up the gulches on two sides of the ranch buildings. About five o'clock that afternoon sparks lit on the roof of the stock sheds and in a few minutes the whole string of buildings were ablaze. Most of the stock was in the fields and luckily escaped. A few pieces of the lighter machinery were pulled out of the burning buildings, but most of it, including the binder, seeder, rakes, harrows, etc., were burned.

There was no insurance on the property and no decision over rebuilding will be made until Mr. McDonnell is heard from.

SILVER STANDARD IS SHIPPING ORE TO SMELTER

Increased Activity In The Matter Of Hauling Out Production.

A number of teams started hauling ore last week from the Silver Standard and this week a car was loaded and shipped to Trail. The teams will now be hauling all summer.

Arrangements are also under way with the Tacoma smelter for all the second class ore on the dump, about a thousand tons. This will mean a nice little job hauling the ore to the station says the Omineca Herald.

"TEDDY" ROOSEVELT.

One of the most popular men in Canada today is an outsider—Theodore Roosevelt, says the Chicago Canadian-American. His latest book, "Fear God and Take Your Own Part," is one of the Dominion's best sellers. The red-blooded gospel of this volume appeals immensely to the Canadian mind, steeped as it is in preparations for the thick of the big fight oversea. Mr. Roosevelt has been a frequent visitor to Canada; has met her people and studied her recent development. That he admires the folks next door may be gathered from this reference in his book:

"Canada has faced the time that tries men's souls, and with gallant heroism she has risen level to the time's needs. Mighty days have come to her, and she has been equal to the mighty days. Greatness comes only through labor and courage, through the iron willingness to face sorrow and death, the tears of women and the blood of men, if only thereby it is possible to serve a lofty ideal. Canada has won that honorable place among the nations of the past and the present, which can only come to the people whose sons are willing and able to dare and do and die at need."

HOW APPENDICITIS CAN BE PREVENTED

Prince Rupert people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This simple mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler-i-ka has easiest and most thorough action of anything we ever sold. C. H. Orme, the Pioneer Druggist. g-5

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

MR. HARRY HANSON, Prince Rupert, B. C., April 9, 1914.
"The Reliable Plumber,"
Prince Rupert, B. C.,

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Production and Thrift

CANADA'S CALL FOR SERVICE AT HOME

Produce More and Save More

The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient

In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials

There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely

Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no better investment.
