Austrians Are Leaving Lemberg Ahead Of The Enemy

Riots Are Reported From Different Parts Of Austria

John Redmond Spoken Of As The First Irish Premier

Austrians Evacuating Lemberg Before Arrival Of Russian Invaders

Petrograd, June 15.—The Austrians are evacuating Lemberg before the great Russian offensive reaches them, according to advices received here today.

The immediate objective of the Slavs in their movement is probably the cutting off of the Austrian communications and the trapping of General Von Pflanzer, the defender of Czernowitz, who is reported to be surrounded on three sides.

Food Riots Reported.

London, June 15.—Food riots raged in Vienna all Monday. Many of the rioters were women. When the policemen tried to disperse them, street fighting of great violence followed.

Bohemians Revolt.

Geneva, June 15.—An unconfirmed report has been received here of a revolt in Bohemia. According to the report there has been street fighting in Prague. No details are given.

Many Prisoners.

Petrograd, June 15.—The prisoners captured by the Russians in their big advance now number one hundred and twenty-one thousand.

The Russian army has crossed the Dniester River and has driven the enemy to the left bank of the Pruth. Along the entire line the Austro-Hungarians have been driven back.

Are In Control.

The Russians now hold complete command of the Dniester, and, following the capture of Zaleszyki and Horodenka, their next objective is Kolomea. Unless there is an unlooked for change in the strategic position of the enemy, only a prompt retreat will prevent the complete cutting off of the Austrian right wing.

Rumania Watching.

The prospect of Rumania joining the Allies in the war against the Central Powers is growing daily with the advance of the Russian into Bukowina.

M. M. Stephens rents houses.

John Redmond To Be First Premier Under Irish Home Rule

London, June 15.—The almost immediate establishment of a Home Rule Parliament here is generally looked for. It is supposed that Dublin Castle will be the home of the new Legislature that is to be established. A preliminary election will be unnecessary for the present. Irish members of the Imperial Parliament will constitute the new assembly, but it will be necessary to form a Senate, partly elected and partly nominated.

John Redmond will probably be the first Irish Premier.

SPRING SALMON TOOK A SHARP ADVANCE

Price Was Well Over The Seven Cent Mark On Yesterday's Market.

The chief feature in the transactions on the local Fish Exchange yesterday was the sharp advance in the price of spring salmon. On the previous day the price was 5 1-2 cents. Yesterday 24,000 pounds brought in by the Massett schooner King George was disposed of to the Cold Storage Company at 7 3-8 cents a pound.

Halibut receipts were light. The Peggie with 8,000 and the Glacier with 10,000 pounds were the only arrivals. These catches were taken by the Cold Storage at 7 1-8 cents.

RUSSIAN TORPEDO BOATS ATTACKED ENEMY SMALL CRAFT

Nykoping, Sweden, June 15.—Thirteen German merchantmen from the north, convoyed by an auxiliary cruiser, torpedo boats and armed trawlers, were attacked by a squadron of Russian torpedo boats, destroyers and submarines near Hevringe, on the Swedish Baltic coast. The Germans lost twelve merchantmen, one auxiliary cruiser and one destroyer.

THE GOVERNMENT'S NEW EXPRESS TRAINS

CONNECTING WITH THE G. T. P. AT WINNIPEG IS MODEL SERVICE

The National-Atlantic And The Western-National Are Well Equipped.

A new chapter in the railway history of Canada, and in fact of North America, was written with the inauguration of the new express service between Winnipeg and Quebec by the Canadian Government Railways.

More fitting names could hardly have been selected for the two expresses—the "National-Atlantic" and the "Western-National." The mere mention of such a service in normal times would have attracted national attention—for the opening of a direct railway route with a through sleeping car service, a route independent of junction or terminal changes, under Government ownership and management, and making a new link between the Pacific and Atlantic is surely of national import.

Commencing June 11th the "National" protected with through sleeping car for Quebec, left Winnipeg. This service will be continued, leaving 5:15 p. m. Sunday, Tuesday, Thursday, arrive Cochrane 6:55 p. m. Monday, Wednesday, Friday, and there connect with the "National-Atlantic," leaving Cochrane 7:15 p. m. Monday, Wednesday, Friday, arriving Quebec 9:10 p. m. Tuesday, Thursday, Saturday. The "Western-National" will leave Quebec at 2 p. m. Tuesday, Thursday, Saturday, arrive Cochrane, Ont., 4:10 p.m. Wednesday, Friday, Sunday, there connecting with the "National" from Toronto, and arrive Winnipeg 4:30 p.m. Thursday, Saturday, Monday. This is 49 hours of travel, and the quickest time between the two cities. Observation sleeping cars will be operated, thus giving an opportunity of seeing a new portion of Canada in the making, while travelling in modern railway comfort.

The "National" traveller will journey over a section of the great wheat area of Manitoba, cross New Ontario, 330,000 square miles, fully four times the size of Old Ontario, and pass through the Great Clay Belt for over 400 miles, an arear of 16,000,000 acres of level or undulating land destined to be the future home of thousands of settlers. He will note the hardy pioneer has not only blazed the trail, but has commenced settlement, for here and there along

CANADIANS HAVE BEEN ENGAGED AGAIN AT FRONT

London, June 15.—The British and Canadian line on the western front has again been straightened out, our troops occupying their former positions. At Ypres yesterday, the Canadians retook the greater part of the ground lost on June 2nd, including the positions in Armagh Wood and along Observatory Ridge, while the British troops along the front line have returned to their original location.

The German losses in the fighting for this ground were heavy.

KING OF GREECE HAS SOUGHT SAFER PLACE THAN OTHERS

London, June 15.—King Constantine of Greece has left Athens for Larissa as a precautionary measure in case of revolution breaking out in the Greek capital. From Larissa he will be able to seek refuge in Monastir in the event of any disturbance in Greece.

LOCAL HARRY LAUDER MADE DECIDED HIT

Mr. St. Clair At Cold Storage Did Work Well.

At the Westholme Theatre last evening a splendid attraction was provided in Mr. St. Clair, of the Cold Storage, who gave impresonations of Harry Lauder the Scottish comic singer.

Mr. St. Clair's work was excellently done. He sang "Fou the Noo," "Killiciankie" and "The Farm Yard Song." He was loudly applauded.

Believed Only One Boat Load From Wreck Was Lost

Eureka, Cal., June 15.—One hundred and thirty-one survivors out of 206 souls who were aboard the coasting steamer Bear, wrecked last night near Cape Mendocino, have been accounted for.

Five persons are known to have perished. The indications are that one boat load was lost, but there are good chances that everyone else has been or will be rescued.

The passenger steamer "Bear" is herself a total wreck off the Californian coast at Cape Mendocino. The United States battleship Oregon and other steamers have been standing by to save life.

The "Bear" was coming from Honolulu bound for San Francisco, and struck in heavy weather at ten o'clock last night under Cape Mendocino, the most westerly point of California, in the location of the dreadful Devil's Gate Rocks.

James McAleenan is in the city from Alice Arm. He will return today.

ITALIANS SUCCEED AGAINST AUSTRIANS IN THE TYROLS

Rome, June 15.—The Austrian attacks along the Posina line in the southern Tyrol have been everywhere repulsed by the Italians. Austrian seaplanes have raided Venice, killing one woman and injuring four civilians. The damage to property was slight.

RECEIVED WORD OF BROTHER KILLED AT FRONT

Mrs. Hugh Dunn, Of This City, Has Suffered Bereavement.

The sad news that her brother, Alex. F. Quinn, had been killed in action at the front has been received here by Mrs. Hugh Dunn. His death occurred on June 3.

Alex. F. Quinn enlisted in Vancouver with the 7th Battalion of Vancouver. No particulars are, of course, available.

Premier Bowser And Party Will Arrive In North This Morning

The G. T. P. steamer Prince Rupert which arrives this morning will have on board Hon. W. J. Bowser, Premier of the Province, and party. Included in that party will be Hon. William Manson, of this city, who has been given the portfolio of Agriculture in the new cabinet, and who will pay his first visit to the constituency he represents since receiving that honor. He will receive the hearty congratulations of his many friends here. Hon. W. R. Ross, Minister of Lands, will also, it is expected, accompany the Premier.

The stay today in Prince Rupert will be brief, arriving at 6:30 in the morning the steamer proceeds to Anyox at 10 o'clock, and the Premier and party will go on. There will be a number of local supporters of the Conservative party take the steamer here and proceed to Anyox, where early in the afternoon the nominating convention for the Atlin Riding will be held.

Delegates, either in person or by proxy, are coming from Atlin camp, Telegraph Creek, Alice Arm, Aiyansh and many other parts in the district to make selection of the Conservative standard bearer.

Judging from all reports, it would appear likely that W. X. Macdonald, of Anyox, who is very favorably known throughout the Kootenay, where he resided before going to the Granby works at Anyox, will be the choice of the convention. As far as can be learned the majority of the delegates have been instructed from their local associations, where instructions have been given to vote for him.

After a public meeting at Anyox Premier Bowser and party will return by the steamer to Prince Rupert, arriving here Saturday morning. A public meeting will be held in the Westholme Theatre, commencing at 9:30. This late hour is selected because of the fact that the theatre management have an exceptionally good picture show, which it was desired to put on and so the opportunity will be given to present it to the public before the political meeting takes place.

Next week the Premier and party will proceed along the line of the G. T. P., holding meetings at various points.

FRIDAY, JUNE 16, 1916.

VISIT OF MINISTERS.

The arrival of Premier Bowser and the ministerial party today will mark the first visit of the leader of the Government to this city since he assumed the important duties connected with the office. It will also mark the first visit of Hon. William Manson, the local member, since he assumed charge of a portfolio. Both will be the subjects of hearty congratulations by their friends here.

Mr. Bowser is not as spectacular a figure as was his predecessor, Sir Richard McBride. He is regarded on all hands as eminently safe with which to entrust the affairs of state. He is in this respect a worthy successor to Sir Richard. Mr. Bowser is an indefatigable worker. He knows no rest. The great danger will be a physical breakdown on his part, for he does not know what it is to rest. He has a mighty capacity for work, and can be relied upon to make an excellent showing in office.

HON. WILLIAM MANSON.

The former member for this district will be here today on his way to Anyox. Saturday he will return, and after a trip along the line of the G. T. P. with the Premier, will return to Prince Rupert and spend some few days here. Mr. Manson comes, not only as the former representative of the district, but as a minister, having charge of an important portfolio in the cabinet. He is the nominee for Prince Rupert in the coming campaign, and is assured of a sweeping victory. He has been a most painstaking representative of this district and has looked well to the interests of the constituency. With all sections of the community he stands high, and there are a very considerable number of Liberals who will vote for him at the forthcoming election. They do so, because they frankly acknowledge that this constituency will be represented by Mr. Manson in a manner that will give it the importance that should attach to it.

MORE MEN THAN WOMEN HAVE APENDICITIS

Surgeons state men are slightly more subject to appendicitis than women. Prince Rupert people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT, easy action of Adler-i-ka is surprising. SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

GREAT MARGUERITE CLARK FILM HERE TONIGHT

Famous Players Star Triumphant In "Mice And Men."

Following her marvelous performance in the dual title role of the adaptation of "The Prince and the Pauper," the first of the inimitable Mark Twain's works to be transferred to the screen as a feature, Marguerite Clark appears as the star in the Famous Players Film Company's presentation of the popular theatrical success "Mice and Men," which will be the Paramount Picture at the Westholme Theatre tonight.

"Mice and Men," which was written by Madeleine Lucette Ryley, was first presented at the Royal Academy in Manchester, England, in 1901. The tremendous success of the initial production led to its appearance in London, at the Lyric, where Sir Johnston and Lady Gertrude Forbes-Robertson scored a great hit in this happy combination of comedy and pathos, the play enjoying the unique distinction of a twelve months' run. Annie Russell, the distinguished actress, starred in "Mice and Men," at the Garrick Theatre, in New York, in the season of 1903, which marked the first presentation of the play in the United States.

Miss Clark's exquisite daintiness in the role of Peggy is a fortunate selection to follow immediately upon her appearance as the sturdy little boy in "The Prince and the Pauper." For it affords a superb opportunity for studying the versatility of the diminutive star who changes from boy to charming little girl with all the ease and grace of which human ingenuity is capable. It is this remarkable display of versatility on the part of Miss Clark that has made her so tremendously popular everywhere that motion pictures are exhibited.

In "Mice and Men," Miss Clark has an unusual opportunity to do especially clever work because, during the course of this play, she portrays every stage in the development of an orphan girl from her unfortunate and unhappy life as a child to her ultimate debut as a charming and graceful society bud. Then, having reached maturity, she proceeds to break hearts as only a Marguerite Clark could. Her guardian, a philosopher, falls desperately in love with this delicate flower that has bloomed beneath his own roof and at the same time his nephew, a young army officer, is also victimized by the beauty and charm of the little coquette whose ingenuousness appeals to him in contrast to the studied wiles of another woman with whom he has come in contact.

The other woman's efforts result in a big mistaken tangle which involves the officer in an unmerited accusation, of which he is eventually cleared. But there still remains the love of his uncle for Peggy as a further barrier. The situation resolves itself into a battle of wits between the older and mature student and the impetuous young hero who comes back from the war covered with glory. The question is, will hero-worship and youthful impressionability conquer over the strong sense of gratitude which Peggy feels for the man whose unselfish devotion has lifted her from the obscurity of a number in the Foundling Home to her present enviable position in the social world.

The talented little star has among her supporting cast such distinguished players as Marshal Neilan, Clarance Handyside, Charles Waldron and Robert Conville.

THE GOVERNMENT'S.

(Continued from Page One.)

this, the most northerly of the eight Transcontinental routes, are already flourishing farming areas. The "National" traveller will see development in the lumber and pulp industry, and the vast possibilities for extension in those directions. He will see evidence of the great world war in the detention camps at Kapuskasing and Spirit Lake, where foreign aliens are interned. He will stop at Cochrane (population over 2,000) and La Tuque (population over 4,000) modern towns with schools, churches, hospital, electric light, built on lands which only a few years ago were in the heart of an unknown wilderness. Other towns in the making and townsites will be observed. He will ride in view of immense inland waters and cross noble rivers. The opening of such a territory will naturally suggest untold possibilities for the prospector, hunter, trapper and angler—and these possibilities are so varied and extensive as to be beyond human calculation. Already there are competent guides who make it a business to conduct hunting and fishing parties to selected camps, while organized canoe trips on the network of rivers and even to the shores of Hudson Bay can be arranged. And the "National" traveller will arrive at Palais station in quaint old Quebec, which from its age and intensely interesting historic associations—where the old and the new today are side by side with an eventful past, and combining with immense commercial activities, make it a city unique among the cities of the Northern American Continent; and al lthe time he will have travelled by a railway on the construction of which no expense has been spared in making it what modern engineering science demands in an up-to-date railway.

Mention has been made that the railway from Winnipeg to Quebec is all the time he will have travelled Atlantic. At Winnipeg the Grand Trunk Pacific, using the same Union Station, permits of direct connection with its lines from Prince Rupert on the Pacific coast. The Government Railways (the Intercolonial for the Atlantic seaports, St. John, Halifax, Sydney, connect for freight traffic at Levis from Quebec by the car ferry S.S. "Leonard," until such time as the Quebec bridge is completed, thus forming a new Transcontinental route from coast to coast—a route that will be the potential transportation factor in the development of Canada's new and vast areas.

LAND ACT.

TAKE NOTICE that I, Miles MacInnis, of Anyox, B. C., occupation merchant, intend to apply for permission to purchase the following described land: Commencing at a post planted about 1,500 feet distant in a southeast direction from the shore of an unnamed lake situated near the summit of the divide between the head of Alice Arm and the Naas River, being about sixteen miles in an easterly direction from the head of Alice Arm, Cassiar District, B. C. Thence south 80 chains, thence west 80 chains, thence north 80 chains, thence east 80 chains to the point of commencement, and containing 640 acres, more or less.

HOW APPENDICITIS CAN BE PREVENTED

Prince Rupert people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This simple mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler-i-ka has easiest and most thorough action of anything we ever sold. C. H. Orme, the Pioneer Druggist. g-5

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

"The Reliable Plumber,"
Prince Rupert, B. C.,

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Production and Thrift

CANADA'S CALL
FOR SERVICE AT HOME

Produce More and Save More

The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient

In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials

There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely

Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no better investment.
