C. H. Dickie Inspected Work Being Carried Out At Georgia River

C. H. Dickie, who has been inspecting the work that is being done at Georgia River, at the Guggenheim Group, left for the south last evening.

Mr. Dickie says that they will have to await the results of the work that is now being carried out before it will be known what the real value of the property as a mine is to be. A tunnel is being driven into the ore body to tap it where the two veins intersect. In general, this is a point where it is usual to encounter richer ore than is carried in the vein in a general way.

It is expected this will be true with regard to this property, but it cannot be known for certain until the work has been finished. The property is a gold carrying one. The ore is high grade.

Red Cross Sale.

The Prisoners of War sale last Friday realized the sum of $40. Included in this is $7.45 for flowers sold by Vera and Doris Shockley. The five dollar gold piece, donated by a friend, was won by Mr. Fred Henning. The ham, donated by P. Burns & Co., was won by W. E. Burritt and the picture donated by H. F. McLeod was won by Mr. Besner. Much more food could be sold at these sales.

LABOR COUNCIL HELD MEETING

QUESTIONS AFFECTING THE TRADES UNIONS OF THE CITY DISCUSSED

Saturday Still Held In Favor As Half-Holiday By Body.

The Trades and Labor Council met last evening at the Carpenters' Hall. President Macdonald was in the chair.

W. E. Thomson, official organizer for the district, reported that there were now 49 members in the Fish Packers' Union, and that the organization work had been successfully completed.

One of the members of the Legislative Committee was severly criticized for the stand he had taken in endorsing the candidature of one of the members of one of the leading political parties.

The committee in charge of the Labor Day sports reported progress, with a suggestion that the committee be added to. Delegates Rudderham, Reilly, Waddell, Smith, Cartwright and Waugh were chosen. Everything pointed to there being a very attractive day's celebration being held on Labor Day.

The Oriental Committee reported further progress. Additional work was alloted to the Committee. The question of Orientals selling garden produce and others collecting laundry on Sundays will be looked into.

The question of sending a delegate to the Trades and Labor Congress of Canada, which will meet this year in Toronto, came up for discussion. It was decided to lay the matter on the table until the next regular meeting.

The announcement was made at the meeting that President McVety would pay this part of the Province a visit in the near future. It was decided to correspond with him and attempt to have him present at the Labor Day celebration, or learn what other arrangements could be made in connection with his visit.

In regard to the action taken by the Retail Merchants' Association, in deciding on having Wednesday as the recognized half-holiday, the Council resolved: That the Trades and Labor Council go on record as still being in favor of the Saturday half-holiday, and that during the

BRITISH AIRSHIPS DESTROYED STORES

BOMBS WERE DROPPED UPON DEPOTS WHERE GERMANSUPWERE HELD

Terrific Explosion Followed The Dropping Of The Bombs.

British Headquarters, France, Aug. 8.—The British air raid on the German ammunition depots and storehouses yesterday was highly successful. Aviators nine thousand feet in the air experienced the concussion following the destruction by the British aeroplanes of the German storehouses at Martinpuich. The smoke ascended to a height of eight thousand feet.

The same brigade also destroyed barges, motor trucks and a moving German freight train.

British aviators also bombarded the railway station at Opcina, destroying several German aeroplanes.

"THE ABSENTEE."

Five-Reel Feature, Mutual Masterpiece Of Vital Theme And Symbolic Treatment.

Under the skilled guidance of Frank E. Woods and Christy Cabanne, "The Absentee" presents a new and difficult form of treatment. It is actually an allegorical and symbolical drama, though the opening scenes are more strictly so. It has the philosophic questioning and high reasoning of a story purely symbolical in its general effect, though events following the opening allegory deal with modern life in a very realistic way at times. The entire scheme is first presented in a poetical fashion, the characters representing traits, influences and results that dominate in the modern story. Power, might, ambition, contentment, happiness, innocence, vanity and justice are set

RUSSIA GOT ARMS FROM THE ITALIANS

WELL EQUIPPED FORCES ARE MAKING HEADWAY IN THE EAST

There Is No Let-up In The Advance Of The Russian Steamroller.

London, Aug. 8.—The Russians, under General Brussilloff, are steadily drawing nearer to Lemberg. The railway is the only remaining avenue of supplies for Von Bothmer's army, and that is very liable to be cut off shortly.

It now transpires that the Italian contribution to the Russian offensive was a million rifles from the factories of Turin, shipped to Russia via Port Arthur, in Manchuria, Vladivostock, and Archangel. This supply of rifles, added to the big guns provided by the Japanese, enabled Russia to inaugurate the successful drive in Galicia.

NEW SCHEDULE FOR STEAMER CHELOHSIN

Will Eliminate Call At Seattle Owing To Heavy Freight Offering.

Changes in the schedule of the Union Steamship Company's steamer Chelohsin, which operates north to Prince Rupert in conjunction with the G. T. P. steamships, are announced. Owing to the heavy freights offering at ports en route, which invariably create unexpected delays, the operators of the Chelohsin have decided to eliminate the call at Seattle, the change to become effective on August 10. On and after that date the Chelohsin will arrive at Vancouver from the north at 2 p. m. on Thursday, leaving at midnight and arriving at Victoria at 6 a. m. Friday. On her return trip north the steamer will leave Victoira at 10 a. m.,

(Continued on Page Four.)

Hon. William Manson To Open Campaign Here On Thursday Night

The campaign in this city, as far as the Conservative party is concerned, will open on Thursday evening, when a public meeting will be held in the interests of the Conservative candidate, Hon. William Manson, Minister of Agriculture in the Provincial Government. In addition to Mr. Manson there will also address the meeting H. H. Stevens, M. P., for Vancouver, one of the most forcible speakers in the southern city.

At this meeting the Minister and Mr. Stevens will deal with the issues of the dayh ra2algK DA,u 'INAux,t that are before the public at the present campaign. Arrangements have been made for reserving seats for the ladies who wish to attend the meeting and hear these men on the subjects that will be dealt with.

This morning Mr. Stevens will arrive by the steamer from the south, and in company with Mr. Manson will proceed to Terrace where a meeting will be arranged. Later they will return to Prince Rupert for the Thursday evening. An itinerary for the remainder of the week is being arranged by those in charge of the arrangements. There should be a very large attendance at the meeting that is to be held here. The speakers will deal with the questions that are before the public and are both well qualified to give valuable information.

LONDON WANTS CANADIAN BONDS

WESTERN SECURITIES SPECIFIED BY IMPERIAL TREASURY AS DESIRED

Canadian Provincial And Municipal Bonds Are Now Sought.

Mail advices are to hand from London this week confirming the statement that the American Dollar Securities Committee has notified that the Imperial Treasury is desirous, in connection with the arrangements for regulating the American exchange, to purchase Manitoba 4 per cent. debentures of 1949, and 4 per cent. registered stock of 1950, and Saskatchewan 4 per cent. bonds of 1949, and 4 per cent. registered stock of 1951. The price offered in each case is 80, plus accrued interest to the date of transfer to the treasury. It is worth noting that "this offer has not the effect of rendering the dividends on the securities in question liable to additional income tax."

In other words, while the treasury are anxious to obtain both issues, they are not at present prepared to go to the length of penalizing holders who are not disposed to part with their holdings upon the terms offered. With regard to the latter, Manitoba 4 per cent. debentures of 1949 stood at 91 at the end of July, 1914, and marked in the early part of June at 77xd., whilst the registered stock was a point higher on the eve of hostilities, and changed hands last week at 81 1-16. Saskatchewan 4 per cent. bonds of 1949 stood at 89 at the end of July two years ago, whilst the registered stock, which was 88 in July, 1914, last, marked 78 1-2. Seeing that the treasury prices are plus accrued interest—the latter being, of course, included in the stock exchange prices, and that the transaction is carried out free of cost to the seller—the terms offered are attractive.

The London Journal, "Canada," discussing this matter, says: "It will be of interest to note if this new departure on the part of the treasury is followed up by similar offers with regard to other Canadian provinces, and whether efforts will be made to purchase Canadian municipal bonds. We have been surprised that the American Dollar Securities Committee have not earlier turned their attention to this class of investment, especially in view of the way in which American investors have been absorbing them recently. Whether by way of collateral or for purposes of direct conversion, there can be doubt that Canadian provincial and first-class municipal issues would be welcomed in the United States upon terms which in comparison with those now offered should not be to the serious disadvantage of the treasury."

(Continued on Page Four.)

WHAT DO LEGISLATORS SAY ABOUT THE B.C PROHIBITION ACT?

MR. H. C. BREWSTER (Liberal Leader)

"I am surprised we are not asked to pass an Act that will actually prohibit.

"There are many features of this legislation that are not in the best interests of our people. As an example, I refer to the burden of proof which should not be on the accused as in this Act, because this is a wrong and un-British principle."

MR. PARKER WIWILLIAMS (Socialist)

"I am willing to vote for Prohibition that will prohibit, but not for such a lop-sided, jug-handled imitation such as the present Bill.

"I am surprised to hear that the Prohibitionists are satisfied with the terms of an Act which permits any man to import liquor into the Province by wholesale."

MR. H. B. THOMPSON (Conservative)

"There is nothing like Prohibition in the Bill. It will not diminish the consumption of alcoholic beverages but will increase purchase of strong liquor.

"Its very name is counterfeit, and to the elector who may desire a real prohibitory measure, it is a 'Gold Brick' of the most pronounced type."

EVERY ELECTOR SHOULD READ THE PROHIBITION ACT FOR HIMSELF AND LEARN WHY MEMBERS OF THE LEGISLATURE SPOKE AS ABOVE.

Copies of the Act can be secured on application to the Merchants' Protective Association, Room 24, Canada Life Building, Vancouver.

NEW POLITICAL FRIENDS.

Sir Hibbert Tupper is now being lauded as the impersonation of all that is good and holy as far as political matters are concerned by the Liberal party. To those who have followed the political history of the country it does sound strange to hear a Tupper described by Liberals as anything that should not be shunned. The Tuppers have always been well able to take care of themselves in the political game. So well were they able so to do that the Conservative party had to bear in years gone by the shame of seeing long lists printed in the Liberal papers of the Tupper kin that held offices of emolument under the Government of the day. It has been a Tupper principle that there is no other one that can fill any office quite as well as a Tupper. Now Sir Hibbert is preaching a very exact form of political ethics. He has allied himself with the party which is being dictated to by F. C. Wade. Some years ago Sir Hibbert's indignation was stirred up to a high pitch and that time it was against the rascality that was alleged against this same F. C. Wade. Sir Hibbert at that time, with a good deal of the invective that was the characteristic of his late father, made it very hot for his ally of the present day, Mr. Wade. No Conservative will ever feel that Sir Hibbert is going to sacrifice himself politically if he knows it, purely for the benefit of his country.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

"The Reliable Plumber,"
Prince Rupert, B. C.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

MINERAL ACT.

Certificate of Improvements.

NOTICE.

OTTAWA; IRON CAP; LAKE; MISSING LINK; PHYLLIS FRAC; MONKEY FRAC; DARWIN FRAC; and LOST CHORD FRAC, Mineral Claims, situate in the Skeena Mining Division of Cassiar District.

Where located: Between Hidden Creek and Carney Lake, Granby Bay, B. C.

TAKE NOTICE that I, J. Fred Ritchie, Free Miner's Certificate No. 3,-229C, acting as agent for the Granby Consolidated Mining, Smelting & Power Co. Ltd., Free Miner's Certificate No. 5,005C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 85, must be commenced before the issue of such Certificate of Improvements.

Dated this 15th day of June, A. D., 1916. j21-a21.

J. FRED RITCHIE, Agent

NAVIGABLE WATERS PROTECTION ACT.

R. S. C. Chapter 115.

Robert Cecil Gosse hereby gives notice that he has under Section 7 of the said Act deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of Titles at the Land Registry office at Prince Rupert, British Columbia, a description of the site and the plans of a wharf proposed to be built in the North Skeena Passage, at the mouth of the Skeena River, British Columbia in front of Lot one hundred and seventeen (117), Range five (5) Coast District, British Columbia.

And take notice that, after the expiration of one month from the date of the first publication of this notice, Robert Cecil Gosse will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans, and for leave to construct the said wharf.

Dated at Prince Rupert, B. C., this 27th day of May, 1916. m28-j28

ROBERT CECIEL GOSSE.

forth in concrete images, as in the stage plays of "Ibsen," "Rostand" and "Materlinck."

LONDON WANTS.

(Continued from Page One.)

It is understood that an issue of $1,000,000 of Manitoba bonds and $1,000,000 Saskatchewan bonds are being made in the United States this week on a 5.38 per cent. basis. This offering is presumably in connection with the Western refunding scheme, authoritative details of which were printed recently.

Bond houses are interested in the rates at which our Western borrowers are likely to raise large amounts in New York today. The Dominion of Canada paid a 5.90 rate for its $75,000,000 loan there. The Anglo-French bonds are selling on the exchange to yield the investor a little better than a 6 per cent. rate on his money, and the new American Foreign Securities Company's bonds, guaranteed by the French Government with bonds of neutral countries as collateral, can be purchased to yield 5 3-4 per cent. What is the width of the market for such bonds as the City of, Winnipeg and the provinces of Manitoba and Saskatchewan as compared with the Dominion of Canada?

Commenting on the above editorially, The Monetary Times says that this offer from the Imperial Treasury is apparently made in connection with the scheme for retiring certain Canadian debt in London and refunding them in New York.

reach Vancouver at 4:30 p. m. and leave for Prince Rupert at midnight the same day.

PRINCE RUPERT PEOPLE GET INSTANT ACTION

Those who have used it in Prince Rupert are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Adler-i-ka relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. C. H. Orme, Pioneer Druggist.

Production and Thrift

CANADA'S CALL FOR SERVICE AT HOME

Produce More and Save More

The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient

In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials

There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely

Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no better investment.
