BOND TAKEN ON MINING CLAIMS ON HOCSTALL RIVER

The Drydock Plant Is Working Perfectly In Every Way

German Lines Broken Through By French At Verdun

Mining Properties On Hocstall Close To City Have Been Bonded

News which may carry with it immense results in a mining way is that given out yesterday that Edward Hinman, Jr., representing New York capital, has taken a bond on the group of mining claims on the Hocstall River near this city. The property has been held by Victoria interests. It will be tested out by Mr. Hinman early next spring.

For a long time these have been held and have been considered promising. At one time they were examined as a prospective source for an iron producer. This was before the G. T. P. was constructed, but when the road was an assured fact and the idea of iron works here were in contemplation.

Mr. Hinman has been in search all summer along the coast looking for a showing that might become a big producer, even if the ore was of a comparatively low grade. He has examined many showings both in British Columbia and Alaska, and has on the strength of the reports he has got, as well as upon his own investigations, decided to test out this Hocstall group.

It is, of course, premature to say what the results of the test by diamond drilling may be. It is hoped that the highest expectations may be attained and the property be made a big producer, such as is sought by the bond holder. He would have had the drilling start this fall but this is deemed impracticable by the driller. As early a start as possible will be made in the spring.

Halibut Reached Its Highest Price Here Yesterday Afternoon

When the Booth Fisheries yesterday paid eleven and one-eighth cents a pound for the 70,000 pounds that the Progress brought in from the banks. The highest price that had ever before been paid in Prince Rupert was ten and three-quarter cents.

The North Cape was paid 11 cents for her catch.

The Andrew Kelly, of the Canadian Fish & old Storage, brought in 70,000 pounds also for the company.

This port continues to hold a high place among the fishing centres on the Pacific coast. September was no exception to the general rule as far as receipts of halibut were concerned, and Prince Rupert, while not able to boast the largest tonnage for the month, came very close to Seattle, which got a lead in the number of company vessels worked from there and the fish sent in from Alaskan ports.

The showing as compiled by the Pacific Fisherman for September was as follows:

By independent schooners at Seattle	1,245,750
By company vessels at Seattle	975,000
By regular steamers at Seattle	225,421
Arrivals at Oregon ports	8,000
Arrivals at Ketchikan ..	385,000
Arrivals at Pr. Rupert ..	1,606,500
Arrivals at Vancouver ..	470,000
Arrivals at Steveston ..	50,000

Mrs. J. Smith, of the Quarantine Hospital, and Mrs. W. T. Kergin will have charge of the sale of home cooking on Friday. H. S. Wallace has donated a tea set and E. Gavigan a large box of fruit, which will both be drawn for on that date.

GERMANS LOST GROUND AT VERDUN

POINTS GAINED AT GREAT LOSS BY KAISER NOW EVACUATED

Many Prisoners Have Been Captured By The French.

Paris, Oct. 25.—The French attacking on a front of seven kilometres on the Verdun front broke through everywhere, advancing to a depth of three kilometres in the centre.

The French captured the fort and village of Douaumont and advanced beyond Thiaumont, occupying the farm, around which there was so much desperate fighting some months ago and also the Haudremont quarries.

Three thousand one hundred prisoners were taken in this great new Verdun offensive and an enormous quantity of war material.

Military experts declare that the French forces, under General Neville, accomplished with lightening-like suddenness in a single day what the Germans required two months of continual hammering and enormous losses to procure.

Kaiser At Front.

The Kaiser has arrived on the Somme front. He is personally supervising the preliminary arrangements for the arrival of strong artillery and infantry reinforcements in the vicinity of Bapaume.

The presence of the Kaiser on the Somme front is taken as an indication of Germany's intentions to launch a formidable counter attack at this point in order to check the steady British and French advance.

Weather Interferes.

London, Oct. 25.—On the British portion of the Somme front intense rains and heavy fogs are retarding military operations. The mud seriously intereferes with troop movements and only intermittent shelling is reported.

Great Britain and Germany are arranging for the exchange of all interned prisoners over the age of 45.

RUMANIANS AND RUSSIANS RETIRED TO SHORTEN LINE

Bucharest, Oct. 25.—The Germans, Bulgarians and Turks continue to compel the Rumanians and Russians to retire on the Dobrudja front. The Allies have secured several hundred prisoners and ten guns in the fighting of the last two days.

Constanza, the Black Sea port on the extreme east of this part of the Rumanian front, has been evacuated and enemy occupation permitted. It is reported that the Russians and Rumanians decided recently on this plan as a necessary part of their retreat, as it allowed them to shorten their line.

Mrs. George White returned yesterday from the south, after an absence of several weeks.

COUNCIL TO LOOK INTO STREET WORK

INVESTIGATION WILL BE MADE AS TO CHANCES OF WORKING PERMANENTLY

Committee To See If Some Way Can Be Found To Carry Out Work.

The City Council, sitting as a committee, will look into the possibility of doing something of a permanent character with the streets of the city where plank roadways are now located. The expense of keeping these roadways up is becoming heavier each year. It will be sought to find if there is not some way by which permanent grading can be done, so as to overcome this expense. The matter was raised at last council meeting by Ald. Casey, who said that he had on investigation found that the maintenance of plank roads was becoming quite a bill of expense. There were some streets in the direction of Hays Cove that would require attention next year. The question arose whether some scheme of more permanent character might be carried out. It might, if found feasible, be wise to have bylaws prepared and submitted to the people. He moved that the Finance and General Committee consider this and report at an early date.

The motion carried.

RICH STRIKE OF ORE AT TELKWA HAS BEEN REPORTED

A sensational mineral strike was reported in Telkwa last week from Dome Mountain by Chisholm Bros. and Steve Young, says the Omineca Herald. The boys had completed their assessment work on their old property when the new stuff was discovered and staked.

Assays were run and gave returns of from $400 to $600 in gold and silver, the former predominating. There is a good sized vein and as a result of their first work they have several tons sacked ready to ship.

SON OF LOCAL RESIDENT HAS BEEN WOUNDED

Mrs. M. Kenny received a telegram yesterday from Ottawa giving the information that her son, Pte. A. C. Kenny, had been wounded in one of the recent engagements in France.

Mr. Kenny, who joined the 89th Infantry Regiment at Calgary two years ago, is only twenty-three years old. He is not reported as being fataly wounded, although suffering from wounds in the left arm and leg. He is at present in the Nome Hospital in France.

The Red Cross Society is grateful to Mrs. T. H. Johnston, of Seal Cove, who has turned in $13.25 to the treasurer. This is the proceeds of two Monday teas. It is the intention of the ladies at Seal Cove to hold these teas every Monday throughout the winter and turn the money over to the Red Cross. The ladies requested that the first amount be given to the British Red Cross, in aid of "Our Day."

Drydock Is Working Perfectly In Handling Large Vessel Now On

There was never much doubt about the G. T. P. drydock working satisfactorily. The reputation of the designer, W. T. Donnelly, and the character of the work done there was a sufficient guarantee that the dock would be perfect in its character. The placing of a steamer upon it this week, of the size of the one now there, was as severe a test as could be made. The dock has stood the test perfectly.

Some have wondered why the vessel has not been raised more rapidly. This is not on account of the dock being deficient nor is it due in any way to inefficient handling. The vessel is being cleaned as it is raised, thus saving a lot of time and trouble after it is high and dry out of the water. The delay is to allow the cleaning to be done as the vessel rises.

The docking is being carried out under the full charge of J. H. Pillsbury, who has acted as the representative of the designer ever since the work started. He is thoroughly acquainted with every detail of the work and is proving capable in the handling of it.

ADVISORY BOARD AS TO FISHERIES WILL SIT LATE

The Mayor has received an answer to a letter of inquiry as to the probable visit of the British Columbia members of the Advisory Board of the Department of Fisheries at Ottawa. D. N. McIntyre, writing from Victoria, says that the Board will not sit in Ottawa until very late this year, and probably not until January.

Returned Soldiers Will Have Commodious Rooms For Their Use

There has been a growing need for a home for the returned soldiers, and where temporary sleeping quarters could be available for anyone arriving from the war pending the time when they are able to get located. There has been a Returned Soldiers' Club organized and an effort has been made to carry out such a scheme at least in a small way. Lack of funds, however, has prevented the work being carried to the extent it should be.

Now it would appear there is to be an organized effort made to get the proposition on a right basis. It has been proposed that the rooms over the telephone office on Third Avenue could be devoted to this purpose. With that object in view a delegation waited on the City Council and the matter was given over to the General Commmittee of the council which wrestled with the subject regarding it favorably. The report was adopted and will be carried into effect.

It is proposed that these quarters be handed over to the Returned Soldiers as soon as the telephone building ceases to be used as such. It was felt that some money would be required to fit the rooms up for the purpose intended. The Mayor will be authorized to guarantee to the committee in charge of the work that the theatre will be placed at its disposal for a grand citizens' concert.

If the plan proposed meets with the favor of the Returned Soldiers' Club, the hearty co-operation of all citizens will be asked to make the concert a grand success, and the entire funds realized will be turned over to the committee to fit up a comfortable place, which will be used rent free as far as the council is concerned.

CHANGED CONDITIONS.

Reports from the south indicate that business is improving there. But in this northern part of the Province the revival is more marked. In all lines of industry connected with this country. The natural resources of the country are being utilized in a commercial way. The drydock has got well started in spite of all the croakers. Another encouraging sign is the fact that the G. T. P. is extending all the time its avenues of trade and turning new business over the road. To Prince Rupert the outlook is most inviting.

RUMORED MOLYBDENITE FOUND ON GIBSON ISLAND

Nearby Locality Said To Have This Valuable Ore.

There is a report that molybdenite, which is so sought after just now, has been discovered on Gibson Island. The report does not say where this ore has been located nor anything as to its occurrence.

Gibson Island lies close to Prince Rupert and on it the Granby Company is opening up a copper bearing body which will be used for fluxing as well.

THE RED CROSS.

The Red Cross Society extends its thanks to Mrs. Woodland and Mrs. Mobley for taking charge of the sale last Friday, and to all who contributed to realizing of the splendid sum of $59.30. The very artistic piece of work don by Mrs. Craig (framed pansies) was won by Mr. Venables, the nugget pin, donated by Mrs. Mobley, was wone by Mr. Goldbloom; the box of cigars, donated by Stewart & Mobley, was won by T. L. Tingley, and the brass kettle, donated by Mrs. Galland, was won by Mr. Allison. The fruit dish given by Mrs. George Wilson is still open. The following sent contributions: Mrs. Sherman, Mrs. C. L. Monroe, Mrs. Woodland, Mrs. George Munro, Mrs. Smith (Digby), Mrs. D. G. Stewart, Mrs. Besner, Mrs. Sinnott, Mrs. Young, Mrs. George Hill, Mrs. Humble, Mrs. McNicholl, Mrs. Jennings, Mrs. W. S. Fisher, Mrs. Sweder, Mrs. Williscroft, Mrs. McIntosh, Mrs. M. M. Stephens, Mrs. McMeekin, Mrs. Irwin, Mrs. Smithers, Mrs. Turnbull, Mrs. Allison, Mrs. A. M. Manson, Mrs. Healy, Mrs. Gutstein, Mrs. Wm. Millar, Mrs. John McRae, Mrs. H. Peck, Mrs. R. S. Wright, Mrs. R. E. Walker, Mrs. J. H. McMullin, Mrs. A. Little, Mrs. Sweet, Mrs. Akerberg, Mrs. Lindsay, Mrs. H. Parker, Mrs. Dowling, Mrs. Allan, Mrs Birnie, Mrs. Adams, Mrs. Scheinman, Mrs. Pringle, Mrs. Lipsett, Mrs. Rix, Mrs. Morrow, Mrs. R. H. Grant, Mrs. Patmore, Mrs. D. H. Morrison, Mrs. S. E. Parker, Mrs. Knight, Mrs. Brooksbank, and Mrs. A. B. Evans.

Mr. Tingley and Mr. Goldbloom very kindly re-donated the box of cigars and the nugget pin to the Society to be drawn for on some future occasion.

MINING PROPERTIES.

(Continued from Page One.)

The claims are about twenty-eight miles up the Hoestall from Port Essington. The indications are that there is an immense body of ore if the quality is there. Mr. Hinman has taken it as a copper property and anticipates that with depth the ore may be satisfactory.

It is easy to see that if it is a producer along lines sought by Mr. Hinman a smelter will be necessary, to be located close to here to treat the ore and thus become the centre of another important industry auxiliary to the mining enterprises in the north.

LIQUOR ACT, 1910.

(Section 42.)

NOTICE is hereby given that, on the first day of December next, application will be made to the Superintendent of Provincial Police for renewal of the hotel licence to sell liquor by retail in the hotel known as the Nichol Hotel, situated at Pacific, in the Province of British Columbia.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Teritory, the Nothwest Teritories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Aplications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights re not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY, Deputy Minister of the Interior.

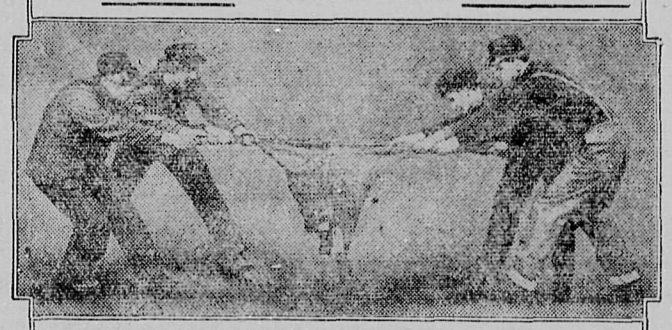
HIGH-GRADE, GUARANTEED OVERALLS ARE NOT ONLY GOOD FOR TEN CENTS A BUTTON AND 25 CENTS A RIP, BUT THE MERCHANT THAT YOU BOUGHT THEM FROM WILL REPLACE THEM IF THEY DO NOT GIVE ENTIRE SATISFACTION, WITHIN THIRTY DAYS FROM DATE OF PURCHASE.

PUT THEM TO THE TEST SHOWN HERE

THEY WILL STAND IT-BECAUSE THEY ARE MADE TO WEAR



NOBODY BUYS OVERALLS TO PLAY TRICKS WITH THEM SUCH AS IS SHOWN IN THE PICTURE ABOVE, IN WHICH FOUR MEN EXERTED ALL THEIR STRENGTH IN THE EFFORT TO RIP A PAIR OF PEABODYS' OVERALLS.

BUT IF THEY WILL STAND THIS-THEY WONT RIP UNDER THE HARDEST KIND OF LEGITIMATE WEAR.

Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—*HON. MARTIN BURRELL, Minister of Agriculture.*

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. *'Work and Save'* is a good motto for War-time."—*SIR THOMAS WHITE, Minister of Finance.*

THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR—

WHEAT, OATS, HAY,
BEEF, PORK, BACON,
CHEESE, EGGS, BUTTER, POULTRY,
CANNED FRUITS, FRUIT JAMS,
SUGAR, HONEY, WOOL, FLAX FIBRE,
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.
