CONSUL-GENERAL FOR SWEDEN IS IN THE CITY

Prince Rupert Airmen Have Passed Their Examinations

German Court Martial Ordered Belgians To Be Shot

Liberals Seek Power On New Platform Of Glittering Generalities

Victoria, Aug. 18.—Spurred to action by the taunts of the Conservaties that they have no policy, and tiring of the inaction of the leader of the party, the Liberals of Victoria have themselves formulated a policy. It is mainly made up of glittering generalities, and well indicates the straits to which the Liberals are put to formulate anything in the way of a platform which might be deemed constructive. Here it is:

A constructive and development policy.

Abolition of one-man government.

Enforcement of laws.

Economy in expenditure.

No concealment in public accounts nor payments out of the public treasury without authority.

Development of natural resources in the interests of the people and prevention of speculation.

Recovery of public lands and a business settlement policy.

Comprehensive and practical provision for returned soldiers.

No politics in the administration of workmen's compensation.

Non-partizan civil service and abolition of patronage system.

Extension of municipal powers.

Improved educational system.

Direct legislation.

Railways must be completed honestly and moneys improperly paid out must be restored.

Strict supervision of trust companies.

Compared with the specific, clear-cut constructive policy of the Government, the above blanket "platform" must be held to be a joke. Save for the reference to direct legislation it contains nothing to which the present Government is not already pledged. The fact that the local Liberals have been moved to this action is, however, highly significant. It will be noted that they do not advance one of the many platforms formulated at the various Liberal conventions held from time to time, but start afresh with a lot of meaningless and empty promises—a platform remarkable for nothing but its barrenness. This action on their part was taken in the absence of their leader, Mr. Brewster, and it remains to be seen if he will give his approval to this hodge-podge of generalities.

The Conservatives in Victoria are in fine fettle for the coming fray and look forward to electing their whole ticket by substantial majorities. Hon. Alex. Stewart, the new Minister of Finance, is promised support by many Liberals. The expectation is general that he will head the poll on September 14.

The outlook for the election of other Conservative candidates throughout the Island is equally excellent. In the Islands' electoral district there is a strong feeling amongst all classes against the Liberals for having placed a candidate in the field in opposition to Capt. W. W. Foster, who is on service at the front. A similar situation prevails at Duncan, where the Liberals have a man out against Capt. W. H. Hayward, who is also at the front. In Saanich the election of Hon. D. M. Eberts, Speaker of the House, is conceded on all sides.

ALICE ARM CAMP IS DEVELOPING WELL

W. J. Crawford Is Here On A Short Visit From Northern Camp.

W. J. Crawford, formerly of here, but now of Alice Arm, is in the city. He speaks in glowing terms of the camp there and the outlook for the future. On the Dolly Varden property drilling is still progressing to prove up the body. The trail is well nigh finished also.

There are many other camps in the vicinity of the main one that promise exceedingly well. Mr. Crawford has a claim of his own that promises good results.

BRITISH HOLD ONTO TRENCHES AGAINST ALL ATTACKS MADE

London, Aug. 18.—The Germans seem determined not to let slip any chances to recover trenches lost by them during the war. Six attempts were made to capture the British trenches at Pazierres. The attackers suffered very heavily in making the attempt and gained nothing.

BELGIANS ORDERED SHOT BY HUNDREDS BY THE GERMANS

London, Aug. 18.—The same court martial that condemned Capt. Fryatt the British master, has now ordered that 500 Belgians should be shot. They were charged with treason, and the execution was affected.

London, Aug. 16.—Two new German submarines of very large size will depart shortly for America, according to a dispatch of the Central News from the Hague. It s said these submarines have made trial trips to Heligoland.

LOCAL AVIATORS PASSED THE TESTS

ALEX. YOUNG AND C. C. PURDY WILL RETURN TO ESQUIMALT SHORTLY

They Have Both Passed Their Examination In The South.

A letter received from Judge Young from the south gives the news that he has received from headquarters the information that Alex. Young and C. C. Purdy have passed their examinations in southern California and are now qualified to enter the flying corps for active service.

They are to proceed to Esquimalt where the examination will be held for enlistment into the flying corps that is doing so well at the front. It is not known what the future movements of the two local members of this branch of the service will be.

DAVID BERGSTROM ON FIRST VISIT

CONSUL-GENERAL OF SWEDEN IS ON SPECIAL TRIP TO COAST

He Is Deeply Impressed With Possibilities Of The Country.

The Consul-General for Canada of Sweden is in the city at present. He will remain here for a few days, leaving for the Yukon on Monday. The visit which he is making is an official one, intended to give him an understanding of the situation in the western part of the Dominion, with the object in view of seeing what can be done to give direct trade between this coast and the country which he represents.

On arrival last evening at the station, David Bergstrom, Ph. D. was

(Continued on Page Four.)

Capt. George Hull Is Leaving To Join His Regiment At Ottawa

Recruiting in Canada, especially in the west is proceeding very expeditiously as is shown by the ease with which the Foresters Battalion, under Col. Smyth, M. P., of Ontario, has been able to get together that regiment from all parts of the Dominion.

On the Pacific coast here Capt. George Hull has been the recruiting officer and he has met with signal success. There have been about seventy-five enlisted in this regiment by Capt. Hull. He has received instructions now to leave at once with all that remains ready to join. He will leave Monday morning for Ottawa with about seven men that are on the way from Telegraph Creek to enlist. These men will reach the city on Monday morning from the north and will at once take the train for the east.

The Telegraph Creek contingent contains two well known Prince Rupert residents of years ago. These are Frank Cullin, formerly foreman of The Journal and a brother of C. H. Cullin, of this city, and John Wrathall, formerly telegraph operator in the Government offices here and later of the northern centre.

In addition to these men are also O. B. Condit, R. McDonald, P. Hamlin, J. Pilkington and B. Albertson.

It is said that the regiment will not remain in the east for any time, but will likely proceed at once to Halifax, with the evident intention of getting off to England at a very early date.

Britishers Stand for a Square Deal

At the very foundation of British rule is the principle of a "Square Deal" for every subject of the Empire.

DOES THE B. C. PROHIBITION ACT PROPOSE A SQUARE DEAL?

A "SQUARE DEAL" MEANS ADHERENCE TO THE RULE THAT A MAN IS INNOCENT UNTIL HE IS PROVEN TO BE GUILTY.

THE B. C. PROHIBITION ACT PROVIDES THAT A MAN WHO IS PROSECUTED UNDER ITS PROVISIONS SHALL BE DEEMED GUILTY UNTIL HE HAS PROVED HIS OWN INNOCENCE.

IS THIS BRITISH?

As a loyal British subject, do you approve of such methods?

READ THE ACT. LEARN WHAT IT MEANS.

Copies of the Prohibition Act (giving the complete text) may be obtained on application to the Merchants' Protective Association, Room 24, Canada Life Building, Vancouver.

Further Details Of Tragic Poisoning Case At Port Clements

The return of Dr. Cade and Capt. Hull, of the Public Works Department, from the hurried trip made to Port Clements in the hope of rendering some aid to the Sipes family when poisioned earlier in the week, has resulted in the obtaining of further details about the accident that happened there. As a result of the poisioning there is now only two remaning of that family. These are the father, who was not at home, and the baby who is now expected to recover from the effects of the taking of the poison into the system.

The grandmother, the mother and three of the children have all succumbed to the effects of the poisoning. In spite of the efforts of Dr. Cade, after his arrival on the scene, there was nothing that could be done to give permanent relief.

The family had partaken of canned salmon which had been put up in glass jars by Mrs. Sipes, but the receptacles were not made air tight it would seem. This was on Monday evening and they retired as usual. Early in the morning, about two o'clock, one of the children wakened up and complained of feeling sick. The mother got up to give relief but felt sick herself. She finally went to the telegraph operators place to get aid, but before she awakened the operator, Mr. Dunn, she had taken a worse turn and had to be carried back to the house. The other cases developed quickly and Tuesday evening it was deemed wise to telegraph for assistance here.

Early the next morning the first of the victims died, and the deaths followed fast one after the other. When Dr. Cade reached the place he at once proceeded to give relief to the younger boy. At first his efforts were attended with success and there were hopes held out that he might get over it. A sudden turn for the worse followed and very soon after he passed away. A peculiar feature of the complaint was that the victims did not seem to suffer very severely. They in reality just slept away.

The sad news was broken to the husband here on his arrival from the south. He is naturally paralized with grief.

TERRIFIC CANNONADE IS BEING KEPT UP ON WEST FRONT

French Headquarters, Somme, Aug. 18.—Over thirty miles, resembling a horseshoe, artillery in the fiercest cannonade ever known is keeping up a fusilade extending from Clery St. Quentin southward to the Peronne region. Shells of every calibre are bursting in such rapidity it is impossible to count them. The Germans estimate it at ninety thousand an hour.

W. J. O'Neill, of Smithers, is in the city.

VISITOR FROM EAST TELLS OF CONDITIONS

Former Mayor of Cornwall, Ontario, Is Here.

Among the arrivals by the train last evening was John A. Chisholm, a lawyer of Cornwall, Ont. He is a former mayor of the eastern town and is an old friend of W. J. McCutcheon, of this city, who was delighted to meet an old friend last night.

Mr. Chisholm is pleased with the west. He says, while there has been some damage done locally, the crop in the prairies will be a l[illegible].

U. S. FINANCERS TO PROVIDE LOAN OF $250,000,000

Formal Announcement Made of New Issue Advance To Britain's War Fund.

New York, Aug. 18.—Formal announcement was made today by J. P. Morgan & Company as syndicate managers of the new loan to Great Britain aggregating $250,000,000 to run for two years at five per cent. interest. Associated with Morgan & Company are several of the leading banks, trust companies and banking houses of this city, Boston, Pittsburgh and Chicago.

The details of the terms of loan are virtually the same as already have been published in unofficial forecasts. It is described as a negotiation by the United Kingdom of Great Britain and Ireland, and is in the form of gold notes dated September 1, 1916.

The government reserves the right to redeem the entire issue, in whole or in part, on thirty days' notice at any time up to August 31, 1917, at 101 and accrued interest.

Pledged against the loan are securities to the value of $300,000,000, divided into three groups of $100,000,000 each, which include stocks, bonds and other securities of American corporations, securities of the Dominon of Canada and the Canadian Pacific Railway and securities of Argentine, Chile, Norway, Sweden, Switzerland, Denmark and Holland. The banking syndicate will underwrite the notes at 98 and interest.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the right applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

MR. HARRY HANSON, "The Reliable Plumber," Prince Rupert, B. C.

Prince Rupert, B. C., April 9, 1914.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

Advertise In The Journal.

JOS. F. FILION

PERSONALS

G. A. McNicholl left yesterday for Prince George.

* * *

Capt. Groves is in the city for a few days on a visit.

* * *

J. F. Strang, of Sunnyside Cannery, was in the city yesterday.

* * *

D. B. Scrimgeour, representing the Mainland Fire Underwriters', will visit the Queen Charlotte Islands and other points near here on this visit. He has a launch which he brought north on the tour with him.

LOCAL NEWS ITEMS

The Karl F., a locally owned and operated fishing boat under the command of Capt. Larry Munro, brought in 7,500 pounds of halibut. She is leaving today again for the banks.

* * *

This morning there will leave for the front to serve with the Railway Men's Battalion two old-time residents of the city, Walter Scrimgeour and "Middy" Fortier. They were the recipients of many kind wishes yesterday before they left.

DAVID BERGSTROM.

(Continued from Page One.)

met by Mayor McCaffery and representative members of the Swedish Society here. He was accorded a hearty welcome and was then taken to the Hotel Prince Rupert.

He says that he is struck by the immense possibilities of the western part of Canada. It has great natural resources and awaits only capital and men to develop these resources. At the present time there are considerable quantities of Canadian wheat and flour going to Sweden, but it goes through the United States and that country is credited with all that trade. He would like to see something done to encourage direct communication with the Swedish ports.

Today the visitor will be taken about the city by those who claim Sweden as their native land.

PRINCE RUPERT PEOPLE GET INSTANT ACTION

Those who have used it in Prince Rupert are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Adler-i-ka relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. C. H. Orme, Pioneer Druggist.

WATER ACT.

NOTICE BY THE SURF INLET POWER COMPANY, LIMITED.

NOTICE IS HEREBY GIVEN that on the 18th day of May, A. D., 1916, The Surf Inlet Power Company, Limited, filed at the office of the Comptroller of Water Rights plans and specifications of its works for the diversion of water from Cougar Lake at the head of Surf Inlet, Princess Royal Island, and that duplicates of such plans and specifications are open to inspection at the office of the Water Comptroller at the City of Victoria and at the office of the Water Recorder at the City of Prince Rupert.

The date of the filing of the application in the office of the Water Recorder for the approval of its undertakings was the 24th of February, 1916.

The source of the water supply is Cougar Lake—the point of diversion is at the outlet of the lake and the place where the water is to be used is at the head of Surf Inlet and the locality within which the business of the Company is to be transacted is within a radius of ten (10) miles of the head of Surf Inlet.

Dated at Vancouver, B. C., this 26th day of May, A. D., 1916.

THE SURF INLET POWER COMPANY, LIMITED. m30-j30.

No Need To Send Away For Jewelry

If Prince Rupert people will deal at home they will find our price about the same as elsewhere for equal quality, as our freight bills are not heavy, and home dealers will be encouraged to keep proper stocks.

Let us compare, for instance, Eaton's price, $5.70 on a 7 Jeweled Waltham. Our Price is $6.00, but it is worth the 30c to see what you are getting when you want it, and have it guaranteed right here.

Take also the highest priced Waltham, a 23 Jeweled Vanguard at $44.60. Our Price is $45.00. Not very much difference.

Many articles, of course, are not so easily compared, and are made in many qualities and often look big for the money in the catalogue.
