HALIBUT WENT TO 12 CENTS A POUND YESTERDAY

Business Is Now Gradually Being Centred At This Port

Premier Borden Makes A Strong Appeal For Recruits

Halibut Has Again Taken A Rise To New Record Maker

The Canadian Fish & Cold Storage Company, in competition for halibut yesterday, paid twelve cents a pound. This is the record for Prince Rupert and indicates the keen demand for fish in the east.

The receipts are not at all equal to the demands at present. Rough weather outside has had its effect, ed. With the object in view of getshortage of bait, which has interfered with many of the boats.

The Canadian Fish & Cold Storage Company are this year taking no chances of being short of bait for next summer if that can be prevented. iWth the object in view of getting sufficient a boat has been sent out to see if any can be located now. This is early in the season for that, but the shortage makes it necessary

LOCAL BATTALION MAY HAVE HAD SEVERE FIGHT

Another Officer Of 102nd Reported Killed Last Saturday.

In addition to Lieut. Adair Carss, the 102nd Battalion lost another officer last Saturday. This was Lieut. M. Gordon, of Terrace, well known in Prince Rupert.

Word was received at Terrace by his brother, the proprietor of the hotel there, that he had been killed. This indicates that the 102nd was into severe fighting on that date.

FRENCH ATTACKS ARE STILL PROVING TO BE SUCCESSFUL

Paris, Oct. 27.—The new drive of the French on the Verdun front, which has been successful from the moment the French infantry left the trenches two days ago, is being prosecuted relentlessly. Additional gains have been made at Fumin and Chenois, where they have advanced beyond the first line German trenches.

The Germans made four successive attacks against the French positions at Fort Douaumont, but each resulted in failure, and the number of prisoners taken in the new offensive now exceeds five thousand.

GERMANS BELIEVED TO BE ADOPTING DEFENSIVE PLAN

London, Oct. 27.—On the Somme front the British have repelled a German attack on the trenches of the stuff redobt, recently taken from the enemy. Considerable losses were inflicted on the enemy by our artillery fire and forty-one prisoners were taken.

It is reported that the Germans now have 123 divisions of troops on the western front undertaking a tremendous amount of new trench construction. Military critics believe that, in view of the failure of the recently attempted counter offensive on the Somme, he Germans are now preparing to carry on a trench defensive on a huge scale as the only means of staying the advance of the French and British.

ATLANTIC COAST SUBMARINE ATTACKS AND WASHINGTON

London, Oct. 27.—Barons Beresford and Sydenham, addressing the House of Lords on the recent action of German submarines off the coast of the United States, declared that the action of Washington in regard to those submarine activities near the coast of America constituted a breach of neutrality.

DOREEN CONTINUES TO BE ACTIVE CENTRE

Mining Operations At Interior Point Makes It Busy.

Arrivals from the interior state that Doreen, formerly one of the most sleepy points on the G. T. P., is now transformed into a place of the most marked activity.

This is due to the mining operations that are being carried on there. The syndicate, having several Alberta men in it, are making a good showing.

Trade And Business To And From This Port Is Making Progress

Business is being steadily attracted this way, and Prince Rupert is becoming the originating point for considerable overland traffic. There was a time when Prince Rupert depended practically alone on the fresh halibut for its eastbound freight. This is being gradually altered, and now a large amount of canned salmon, both Canadian and Alaskan, is going out through Prince Rupert over the G. T. P.

The freight yesterday morning left with twenty-four cars. Of this train eleven were blister copper from Granby smelter at Anyox.

The locating of a few more industries which are now in view will give a decided impetus to trade over the line and make this city an entrepot of no mean order.

There is every prospect that within a short time there will be some heavy shipments from the east this way. This will be for trans-Pacific shipping and will mean the calling of a freighter here to handle the trade.

INVENTORY SOUGHT OF MAN-POWER

WHAT THE BOARD OF NATIONAL SERVICE WILL DO IN CANADA

R. F. Green, M. P., Tells What Is To Be Done By Body.

After attending the session of the Board of National Service at Ottawa, Mr. R. F. Green, M. P., Director for British Columbia, returned to Victoria on Friday. He stated that notwithstanding what has already been stated in the public press concerning the plan, there appears to be more or less of a misunderstanding in the minds of the public. As a matter of fact, the duties of the Board may be described in the terms of the order-is-council as a Board of National Service. It will have, directly, nothing to do with the militia department, nor act for it. Its work, briefly, is to take an inventory of the man-power of Canada for the purpose of tabulating such information and endeavoring to get the public generally in Canada to work with it for the purpose of using that man-power to the best posible advantage at this particular

Sir Robert Borden Makes Appeal For Another One Hundred Thousand Recruits For Oveseas Service At Once

Sir Robert Borden has issued an earnest appeal to the citizens of Canada to come forward and supply 100,000 more men for overseas. It had been intended to make the appeal through a representative committee of the House, drawn from both sides with Sir Robert and Sir Wilfrid Laurier at its head. Sir Wilfrid, however, refused to co-operate along these lines. Sir Robert has therefore issued the call himself. It is as follows:

"To the people of Canada: The world-wide struggle in which our Empire is fighting for its rights, its liberties, and its very existence, has continued for more than two years. Every effort that could be honorably made on our part to avert war was put forth with the deepest earnestness and sincerity. There was no escape from the contest, save in dishonor and ultimate disaster. The wonderful extent and thoroughness of the enemy's long and careful preparation was imperfectly understood at first, and the magnitude of the struggle has surpassed all expectations. Great Britain's first expeditionary force has been increased more than twenty fold, and that of Canada more than twelve fold. The climax of the war is rapidly approaching. The last hundred thousand men that Canada will place in the fighting line may be the deciding factor in a struggle the issue of which will determine the destiny of this Dominion, our Empire and of the whole world.

"The most eloquent tribute was to do fitting honor of the youth of Canada who have already rallied so splendidly to the colors, and whose heroic valor and glorious achievements have crowned this Dominion with imperishable distinction before the world. Remembering the sacrifice by which that distinction was won, we recall with solemn pride the undying memory of those who have fallen.

Must Answer Challenge.

"In the history of every people there may come such a challenge to the spirit of its citizens as must be answered in service and devotion if the nation is to have an abiding place in the future. The events of this war bring that challenge today to the manhood of Canada.

"Since the war began more than 370,000 men have enlisted in this Dominion. Two hundred and fifty-eight thousand have gone overseas, and more than one hundred thousand are now in the battle line. During the first ten months of the present year the number sent forward will aggregate 141,000. From January 1 to April 15, of this year, the enlistments were at the rate of nearly 1,000 a day. Up to the present our forces have been enlisted and organized more rapidly than facilities for transportation and accommodation in Great Britain could be provided. During the last four months the number of enlistments have gradually decreased, and, having regard to future needs, the time has come for this appeal.

Men Are Needed.

"Notwithstanding the success of the Allied forces in various theatres during the past summer, there is reason to know that the enemy is still strong and determined. A mightier effort than may be imagined is necessary to procure a conclusive victory. This war must have so decisive a result that a lasting peace can be secured. We are fighting not for a truce, but for victory.

"In all mechanical appliances which have played so great a part in this war the Allied nations have almost, if not quite, overtaken the enemy's standard of preparation. Therefore, the result will depend upon the organization of the man-power of the Allied nations. Canada must be strong and resolute in that great endeavor.

Must Organize Nation.

"Our strength can be most effectively thrown into this conflict by utilizing, in all our national activities for sustaining the agricultural, industrial and commercial stability of Canada, those who through age or by reason of physical condition are not available for service at the front; to that end we may place in the battle line the greatest possible proposition of those fit for military service. With this view the Government has asked the Director-General and the Directors of National Service, to undertake the duties of the highest importance and urgency. It is imperative that the men and women of Canada, individually, and through their various organizations, shall serve the nation in those capacities in which their services may be of the most value. Thus, it is the earnest duty of the Canadian people to join with the Government in organizing the full power of the nation in human energy.

"Under the responsibilities with which I am invested, and in the name of the state which we are all bound

The papers in he south convey the idea that H. C. Brewster, who must soon assume the direction of affairs, is being constantly harrassed by portfolio seekers. With the Conservative party so utterly defeated at the polls there is little trouble to be anticipated from the traditional opposition. We feel safe in saying that the chief fears that Mr. Brewster has are not those that arise from the Conservative opposition in the House, because the elections showed that whether rightly or wrongly the voters in British Columbia discredited Mr. Bowser. But within the ranks of every party there are usually ardent self seekers who must be repressed by a successful leader. The Liberals of British Columbia are no exception. In fact that party in this Province lives so strongly up to that rule that it magnifies the rule. Mr. Brewster belongs to a section and retained leadership in opposition wth the avowed purpose of keeping that dangerous element in the party in its place. We are inclined to think that he is big enough to continue to do that. In the interests of the Province it is to be hoped he will.

time in the war.

"It is well known," said Mr. Green "that Canada has sent many men to the trenches who might have served the country, being skilled men, by being retained at home at their vocations for which they are fitted. On the other hand, there is no doubt a large number of men still in Canada who do better work at the front. We will get an inventory first and then clasify the men as to the occupation which, in our minds, they are best suited for and in which they can best serve the needs of the country. We have power under the order-in-council, to say to the militia authorities that they shall not take this man or these men of this particular trade who may be of more service at home such as tool-makers, munition -workers and artisans in various manufacturning lines, who can not be spared because the product of such industries are essential to the successful carrying on of the war as men.

"The powers we have in connection with the prohibition of enlistment will, naturally, be carefully used and every care will be taken not to abuse them. The Board will get in touch with the management of all industries of the country and secure their assistance in preparing a list of callings and labor necessary to keep at home. We have nothing to do directly with recruiting, but undoubtedly, when the classification of the men is made it will be found that there are a large number of men in Canada who, in the opinion of the Board, might well be sought as recruits or persuaded to enlist."

SIR ROBERT BORDEN.

(Continued from Page One.)

to serve, it is my duty to appeal, and I do now appeal most earnestly, to the people of Canada that they assist and co-operate with the Government and the Director of National Service in the endeavor for this purpose. To men of military age I make the appeal that they place themselves at the service of the state for military duty. To all others I make appeal that they place themselves freely at the disposition of their country for such service as they are deemed best fitted to perform.

Appeal To Women.

"And, as to the women of Canada, whose spirit has been so splendid and so inspiring in this hour of devotion and sacrifice, I bid God speed to the manifold works of benefit in which they are now engaged, and I pray them to aid still more in every field of national service for which they may feel themselves fitted.

"Let us never forget the solemn truth that the nation is not constituted of the living alone. There are those as well who may have passed away and those yet to be born. So this great responsibility comes to us as heirs of the past and trustees of the future. But with that responsibility there has come something greater still, the opportunity of proving ourselves worthy of it; and I pray that this may not be lost.

(Signed) "R. L. BORDEN."

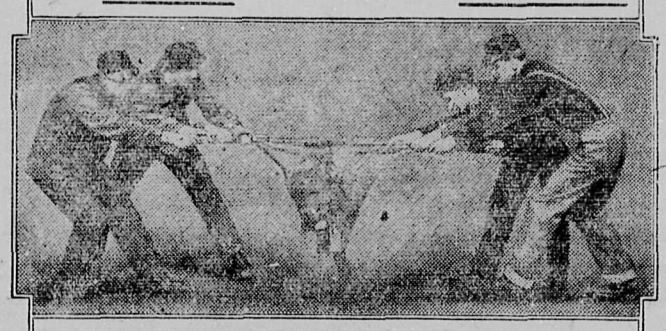
PUT THEM TO THE TEST SHOWN HERE

THEY WILL STAND IT-BECAUSE THEY ARE MADE TO WEAR



NOBODY BUYS OVERALLS TO PLAY TRICKS WITH THEM SUCH AS IS SHOWN IN THE PICTURE ABOVE, IN WHICH FOUR MEN EXERTED ALL THEIR STRENGTH IN THE EFFORT TO RIP A PAIR OF PEABODYS' OVERALLS.

BUT IF THEY WILL STAND THIS-THEY WONT RIP UNDER THE HARDEST KIND OF LEGITIMATE WEAR.

Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—*HON. MARTIN BURRELL, Minister of Agriculture.*

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. *'Work and Save'* is a good motto for War-time."—*SIR THOMAS WHITE, Minister of Finance.*

THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR—

WHEAT, OATS, HAY,
BEEF, PORK, BACON,
CHEESE, EGGS, BUTTER, POULTRY,
CANNED FRUITS, FRUIT JAMS,
SUGAR, HONEY, WOOL, FLAX FIBRE,
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.

Wong Sing, charged with assaulting a fellow countryman a week or two ago, was committed for trial by Stpendiory Magistrate McMullin yesterday. It is alleged that Wong used a Chinese fiddle with telling effect in making the assault.

LATE STRAWBERRIES ON THE PACIFIC COAST

Gordon Head, Near Victoria, Sent City Market Two Crates.

Frank Clapp, of the City Market, who has been handling a lot of fruit from Gordon Head, near Victoria, received a couple of crates of strawberries from that well known section. These were a late crop grown there, but unfortunately they suffered in the shipping and were mouldy when they reached the city, and hence useless. They showed evidence of having been excellent berries when they were picked.

In a letter accompanying the shipment, the fruit growers of the Gordon Head district complimented Mr. Clapp and the City Market upon its handling of the apples and plums and pears that have been sent here.
