CITY FINANCES SHOW UP WELL IN REPORT

The Mayor And Aldermen Congratulate Each Other

Reserve Fund Is Urged Upon Ratepayers At Election

Finances Of City Are In Excellent Shape At Present

At the meeting of the council last evening the financial statement of the City Treasurer was presented. It was received and filed.

Ald. Nelson, making reference to the statement, read the following extracts from it:

"Since my report of December 18 I have carefully gone into expenditure which, as there stated, will not exceed $160,000. All contingencies have been provided for, all sinking fund complete, and we will have a cash surplus available for 1917 of approximately $6,500. The 1916 expenditures will therefore be approximately $64,300 less than 1915, as I have before stated."

A rather serious obstacle to our tax collections will have to be dealt with this year; that is, the property held by Government of British Columbia, through the non-fulfillment of contracts entered into by purchasers at the Government Sale held in 1912. Owing to the large amount still due to the Government the city cannot sell, and in most cases to sue would be too prevarious. In consequence those taxes are piling up to a material amount—on December 31 there was in the neighborhood of $41,000.00, with interest. Seeing that this land is held by the Government for speculative purposes it is manifestly unfair to impose upon a young city to this extent without redress. Representations were made to the late Government and protests entered against their decision, pending the swearing in of the new Government.

If satisfactory arrangements can be made in this respect it will remove a very serious impediment.

ONE HUNDRED AND FORTY-THIRD BATTALION IS TO CHANGE CHARACTER

Recruits Should Reach Victoria Not Later Than January 16.

A message has been received locally giving the information that the 143rd Battalion, commonly known as the Bantams, has been transferred for Railroad Construction work. It is expected that it will proceed overseas early in the month.

There are still recruits desired for the Battalion. Major McMullin, Government Agent, is instructed to use every endeavor to secure recruits for that regiment. These should reach Victoria not later than January 16.

Among the officers attached to this regiment is Lieut. N. D. McIntyre, Deputy Minister of Fisheries, now in the city, who is proceeding east this morning. He is expected to proceed with a draft from the east about the end of the month, to join one of the regiments of Canadians at the front.

Aldermen Were In A Felicitous Mood Last Evening

At the council meeting last evening Mayor McCaffery and the members of the Council Board were in a felicitous mood for the most part. Thanks were the order of the evening. Just before adjournment, Mayor McCaffery said he wished to thank the aldermen for the support they had given him during the year. The council of 1916 had done the financing for the six previous years. They had done permanent financing. The financial report would go down and be handed out by the financial papers. All, he felt, might feel proud of having belonged to such a council. He said he had disagreed at times with each one at the Board. He was only human, but he felt all had done their best.

Ald. Dybhavn said, as senior member of the council, he wished to express appreciation for the kind consideration extended to the members of the council last year.

Ald. McRae endorsed what Ald. Dybhavn said. He had found all good fellows at the Board, with one exception. That was Ald. Casey, who had thrown out the insinuation that Ald. McRae had done what was dishonorable.

Ald. Casey said that Ald. McRae was an alderman and not a purchasing agent. He had only taken exception when Ald. McRae made a profit.

The Mayor and Ald. Dybhavn objected to such an insinuation. Ald. McRae had done nothing that he was not allowed to do as a member of a joint stock company.

Ald. Montgomery expressed his satisfaction that he had got as fair treatment at he Board as had ever been given him. It was better than he got at the last council.

Ald. Nelson paid a compliment to the Mayor's unfailing courtesy at all time. He had enjoyed the good will

TO THE ELECTORS

Ladies and Gentlemen:

Your vote and influence on my behalf for Mayor of the City of Prince Rupert for 1917 is hereby solicited.

Yours respectfully,

M. P. McCaffery

TO THE ELECTORS OF PRINCE RUPERT

Ladies and Gentlemen:

In offering my services for a second term as Alderman I solicit your support. As Chairman of the Finance Committee of the Council during 1916, and as a member of the Council I have endeavored to give to the City rational administration. The past year has been one marked by an endeavor to give the city a business government.

I have had my part in the placing of the debentures of the City and in evolving a policy that has made for the meeting of the obligations without embarrassing the City, and at the same time reducing the taxation.

If returned again, my policy will be to give the administration of City affairs the same careful consideration as in the past.

Yours truly,

O. H. Nelson.

In conclusion I submit that it is a matter of congratulation to the ratepayers that notwithstanding the new conditions created by the war, and the consequent difficulties experienced in financing our outstanding loans in 1915, the city today stands in the happy position of having:

1. Our total indebtedness reduced $716,213.63.
2. Our entire debt permanently sold.
3. Our sinking funds all intact.
4. Our instalments for interest and principal, due April 1, 1917 on Serial Bonds, collected and on deposit in bank.
5. Our tax rate the lowest in Western Canada.
6. Our assessment reduced $1,013,029.98 during the year, bringing the reduction up to 21 1-2 per cent. during the war.
7. Our liabilities all provided for with a cash surplus of $6,500.00 on hand.

(Continued on Page Four.)

—o—

ATTENTION RATEPAYERS.

A bylaw to maintain a reserve to ensure prompt payment of instalments on our debenture debt is to be voted on by you on the 11th January.

We submit the following reasons in favor of said bylaw:—

(1) The reserve fund has already been established this year, and has in practice been shown a great success.

(2) There always has been, and always will be, a shortage in collection of special rates for local improvements and other bylaws, which shortage has heretofore been made good from general revenue, but to do this the City has often been required to borrow from the bank, and always to place in the yearly estimates a sum to meet this shortage. With the reserve established we will neither have to borrow nor estimate.

(3) Instead of borrowing from the bank at six (6) per cent. our reserve will receive the benefit of delinquent interest, and will pay to general fund six (6) per cent. per annum on the whole amount of such reserve, and this will in fact reduce taxation to the extent of nearly Four Thousand Dollars ($4,000.00).

(4) The scheme has been heartily endorsed by Sir Frederick Williams-Taylor, General Manager of the Bank of Montreal, also by the largest bond houses in Canada, as well as the Bond Dealers' Association of Canada.

(5) We believe that the establishment of this reserve will materially increase the selling price of any bonds we may hereafter issue, and will have a far-reaching effect in the general financing of the City in future.

(6) The City Treasurer will be happy to show to any ratepayer detailed reports and full explanation of the whole matter, and also the letters of commendation received.

(7) Clearly remember not one dollar of this reserve will be raised by extra taxation.

E. D. JOHNSON, City Treasurer.
FRED PETERS, City Solicitor.

Do You Want to Help Prince Rupert Grow?

DO YOU BELIEVE IN PROGRESS?

Then Vote for and Support WEDNESDAY as the Half-Holiday
Or are you content to knock, look backward, and in general to retard progress and hinder the development of Prince Rupert? If so you will support Saturday as the Half-Holiday.

The selection of Saturday would result in a serious inconvenience to the halibut industry as many of the vessels outfit and prepare to leave for the Banks on that day.

During the Salmon season no fishing is allowed from Friday until Sunday night, thus giving all persons engaged in that industry an opportunity to come to Prince Rupert and purchase their requirments only at the week-end.

Arrivals from and departures to all outside points would be compelled to wait a day and a-half to transact their business, if Saturday were chosen.

The general public appears to be well satisfied with the present day, as proven from experience of the last six months, and no valid reason has been brought forward for a change to Saturday.

WEDNESDAY MEANS A REST INTERVAL IN THE MIDDLE OF THE WEEK. It takes the curse off of the daily toil for employees. A holiday in the middle of the week and the rest on Sunday means happy and contented clerks and a satisfied public.

WEDNESDAY is the reasonable day for employees, general public as well as employers, and means development and progress for the Port of Prince Rupert.

A SAFE MAYOR.

The announcement that M. P. McCaffery is to be a candidate for Mayor for 1917 is a matter of congratulation for the city. It is quite evident that a large majority of the present council will be re-elected to office, including the Mayor. This in no way is disparaging to the present Mayor's apponent. There is a sort of recognized principle in the country that where a Mayor has made good in the first year of his occupancy of the office that it is wise to give him a second term. That, the people of Prince Rupert will likely do with Mayor McCaffery. He has administered wisely, supported by a level-headed council and may expect to be re-endorsed. Had he failed in his office, it would be up to the city to defeat him. It cannot be said that he did fail.

* * * *

The Council of 1916 was essentially one charged with restoring the city to rational lines as far as the financial side was concerned. This it did. The Mayor, as the executive head of the administration can, under the ordinary practice, claim no small part for this. His administration has been wise and cautious. In his election for a second term the citizens will feel that they are making no mistake.

* * * *

The present Council has never claimed any transcendant ability in the administration of affairs. It has put forward a claim to having taken a practical view of the situation as it affected the city, and of having aimed to carry out a scheme looking to the rational financing of the place. That Council, with Mayor McCaffery, may be expected to continue that policy if elected to office again.

MANY IN PRINCE RUPERT TRY SIMPLE MIXTURE

Many Prince Rupert peopre are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appenoicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. C. H. Orme, Pioneer Druggist. g-5.

Production and Thrift

CANADA'S CALL FOR SERVICE AT HOME

Produce More and Save More The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no better investment.

FINANCES OF CITY

(Continued from Page One.)

8. Our taxation reduced 55 per cent. since 1913, expenditure approximately $64,300.00 less than 1915.

9. Our utilities bringing in a gross revenue of approximately $97,000.00 per annum.

10. Cash reserve fund established for both public utilities and debt purposes.

Therefore we might well take heart, having gained experience by these struggles which should equip us to meet future problems with confidence based upon previous success under these adverse circumstances, which we sincerely trust will bind us together in the one common cause—the future welfare of our city.
