GERMANS SEEM TO BE FULLY STOPPED AT VERDUN

TROOPS ARE MOVING ON LARGE SCALE IN BULGARIA

Greece Has Been Cut Off From Enemy Countries Now

Activity In Near East On Very Large Scale Greece Suffers Want

Paris, March 18.—A movement of troops on a large scale in Bulgaria is reported. It is said these operations are so extensive, both passenger and freight traffic has been suspended.

In Rumania passanger travel has been stopped for ten days on the railroad running north from Bucharest to Prebeal.

GREECE IS SUFFERING.

Athens, March 18.—All direct telegraphic communication between Greece and Germany, Austro-Hungary, Bulgaria and Turkey has been cut off. The financial situation in Greece appears of the gravest nature. Families of mobilized soldiers in many cases are in dire want.

Men will be shortly required for the fields if the crops are not to be neglected.

FRENCH AEROPLANES MADE A SUCCESSFUL RAID ON METZ

There were no German infantry attacks in Verdun region last night, the enemy's efforts being confined to intermittent cannonading.

The French artillery blew up German ammunition depots at Chapagnuvill e,and also brought down a Kokker.

Seventeen French aeroplanes made a raid on Metz, throwing bombs on the railroad station. The aviators also dropped bombs on Conflans. The entire fleet returned to their base safely.

It is reported that the German losses in the Verdun fighting exceed a quarter of a million.

COLD STORAGE GOT SUPPLY OF HALLIBUT

ABOUT 120,000 POUNDS OF FISH WAS RECEIVED YESTERDAY BY COMPANY

Four Of The Boats Brought In Catches, But By No Means Large Ones.

With fish in very active demand, the Canadian Fish & Cold Storage Company had four of its boats come in yesterday. They report rough weather interrupting the work on the banks. In consequence the catches of these have been light. About 120,000 pounds was brought in by the four boats.

The Stirratt, Capt. Jacobsen, brought about 15,000 pounds; the Skugaid, Capt. Candow, had 46,000 pounds; the Lord, Capt. Larkin, brought in 10,000 pounds; and the Kelly, Capt. Hills, had about 50,000 pounds. The demand and consequent price atones in some part for the lack in quantity obtained.

FRESH EGGS.

Alex. Holmburg, the returned soldier has a chicken ranch at Porcher Island. He is bringing over to Rupert a regular supply of strictly fresh eggs. They can be had at George P. McColl's Grocery Store.

This week's price is 40 cents per dozen.

His ranch is situated one and a-half miles from the beach, and the eggs are guaranteed entirely free from any suspicion of fishy taste. tf.

RECRUITS STILL WANTED FROM HERE

CHARLES YOUNGMAN, OF THE 102ND BATTALION, IS REMAINING IN THE CITY

He Is Prepared To Take On Any Offering For A Few Days.

While the 102nd Battalion has left here for Comox, to undergo training for the front, there is still a chance to join that Battalion. Charles Youngman, a member of the Battalion, did not sail yesterday morning with the remainder of the Prince Rupert company. He was left here to look after some work connected with the Battalion, and will sail later for the south.

He will, while here, take on any recruits that may offer themselves. Anyone wishing to join may do so at the local headquarters of the Battalion on Second Avenue. They will be provided for until they can sail south in a few days.

MOVE MADE HERE TO HELP AVIATION

IT IS PROPOSED TO SOLICIT ASSISTANCE FOR SCHOOL

The Importance Of This Branch Of Service Urged As Grounds.

One of the most astonishing developments of this war has been the splendid service rendered by the Flying Corps. The military value of the aeroplane before the war was at best a matter of theoretical speculation, but the outbreak of war immediately proved its value. The duties of the air services are three-fold—aerial reconnaisance, both tactical and strategical, artillery observation or "spotting," and offense, or bomb dropping. Any of these may include considerable aerial fighting should the enemy machines be encountered. The aeroplane is in truth the eye of the army. As the periscope is to the submarine, so is the aerial scout to the general staff. Without his aid the commanders are blind; with his aid they have exact photographic reproductions of the strategical disposition of the enemy troops, defenses and supply routes. Supremacy in the air is vital to military or naval success, and supremacy means superiority in number and efficiency of machines, which necessitates tremendous reserves of trained flying officers.

The British Government accepts candidates for this service who pass the physical and educational qualifications, and who hold a Pilots Certificate, which must be obtained at his own expense in a private school. The cost of tuition charged by United States schools (the only schools at present in America), ranges from $350 to $600 exclusive of transportation and living expenses during the course. If a candidate is successful a part of this is refunded to him, but in most cases he has greatly exceeded the maximum allowance of £75 allowed by the British Government.

To overcome this difficulty the Aero Club of British Columbia was formed in September of last year, with the object of giving instruction at a more reasonable figure, and it was thought that $100 would enable them to turn out a single aviator. Up to the present time the school has been greatly handicapped by lack of equipment and, in order not to increase the cost of tution, it has been felt that the necessary equipment of five machines should be provided by public subscription. The sum of $20,000 is required for this purpose, and already a fair portion of this amount has been pledged in and around Vancouver. A subscription list has been opened by the Vancouver Daily Province and subscriptions are being received daily for the fund.

As each district will doubtless send men to the school, the people of each

Another Contingent Of Northern Men Left To Serve Country At Front

Yesterday morning there sailed by the steamer Prince Rupert, the Prince Rupert Company of the 102nd Battalion, Northern British Columbia. The company adds another to the roll of glory in the matter of military service that has gone from here. They certainly suffered nothing from comparison with the former contingents that went from this city.

Under the command of Capt. J. F. Brandt and Lieut. R. A. Stalker, the company, numbering well on for two hundred, were formed up and marched from the barracks on Second Ave. to the steamer. They immediately went aboard the vessel, and a few minutes later, amidst the cheers from the great crowd that gathered to see them off, the boat pulled out for Comox, on Vancouver Island where the headquarters of the Battalion will remain for some time.

It was noticeable that there were a very large number of men, among those who left yesterday, who had been pioneers in this new country. Capt. Brandt himself was one of the earliest residents of the city. Staff-Sergeant Thomas Maitland, ex-alderman, is an old-timer. Men like Charles Durham, from Kitselas, were there off to do their bit. Joseph Rowatt, an old-timer here could not resist the impulse to go, and joined the night before they sailed. W. Denning, a prominent Socialist and Labor leader also enlisted near the end of the stay, and is off in the ranks. Joe McPhee, the first cook that landed on Kaien Island, and who has a high reputation in the line of coooking, marched in the ranks.

Along with these old-time residents, many of them prospectors who have trampea through miles of country without trails to go by, were many young men, mere boys, who left positions to answer the call.

There was a large turn-out of citizens to see the men off. Capt. MacKenzie, of the Prince Rupert, had the ship dressed with flags and bunting in honor of the occasion, and as the steamer left the wharf the 102nd were cheered and cheered again, the answers coming back in turn from those on board.

RUSSIANS PREPARED.

Petrograd, March 18.—The Germans are preparing for a great offensive against the Russians in the Dvinsk region. Generals Kuropatkin and Dmitrieff are in command of the Russion preparations to meet the enemy's assault.

General Kuropatkin won fame in the Russo-Japanese war, and is looked upon as the Kitchener of Russia.

Germans Effectively Stopped At Verdun End Of War In Sight

Paris, March 18.—An official report says:—In Argonne, in the sector of Courtes and Chaussees, there has been fighting by mines which resulted in our advantage.

To the west of the River Meuse we directed a concentrated fire on the German trenches in the directon of Hill 265, and also in the direction of Corbeaux Wood. To this the enemy did not reply.

To the east of the Meuse there has been a violent bombardment in the region of Vaux.

To the northeast of St. Michiel our long-range artillery bombarded all last night the roadway between Apremont and Vigneulles, over which it had been reported that a certain regiment of the enemy was marching.

END CAN BE SEEN.

"We have reached a decisive hour," said Alexandre Ribot, Minister of Finance, in the Chamber of Deputies today. "We say without illusion, without exaggeration and without vain optimism, we can now see the end of this horrible war."

HALIBUT SELLING AT HIGH PRICE

EIGHT AND THREE-EIGHTH CENTS A POUND PAID BY SAN JUAN COMPANY

The Quantity Arriving Is Not Large, However—Rough Weather.

The price of halibut still rules high. The quantity coming in is limited, thus creating a very brisk demand. The weather has been rough, and added to this is the failure to reach a settlement with respect to the demands made by the fishermen. The independent boats are therefore going south as soon as they discharge their catches, awaiting the settlement.

Yesterday The Eunice, of Seattle, Capt. Christiansen; and the Augusta, of Ketchikan, Capt. Enge, came in. They had about 12,000 pounds each.

These catches were bought by H. O. Roberts, of the San Juan Fish Company, and the Pacific Fisheries, the Canadian branch of the business. The price paid was 8 3-8 cents a pound.

The Daisy and the Edna, with about 2,000 pounds each, also came in and were sold to Mr. Roberts.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

"The Reliable Plumber,"
Prince Rupert, B. C.,

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

SENDING OF TROOPS.

Yesterday morning the North was called upon to take leave of the latest contribution to the war of the Empire, the members of the Prince Rupert Company, of the 102nd Battalion. In no respect were the men who went aboard the steamer yesterday one whit deficient when compared with those contingents that went out before. They were a body of men of which any district could feel proud. Inured to hardship, the great majority of those in the 102nd who left here have had a large measure of the necessary training. They are men who have been accustomed to stand privation when occasion necessitated it. They have yet military drill to master in many cases, but the foundation has been already laid in the physical condition in which these men go out. The 102nd Battalion will from now on be added to the regiments in which local interest will be centred.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register Mitchell Albert, of Prince Rupert, B. C., as the owner in Fee-simple, under two Tax Sale Deeds from the Collector of the City of Prince Rupert, to Mitchell Albert, bearing date the 10th and 15th day of September, A. D., 1915, in pursuance of a Tax Sale held by said Municipality on or about the 9th day of September, 1914, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert, in the Province of British Columbia, more particularly known and described as: Lots One (1) and Two (2), Block Forty-five (45), Section Seven (7), and Lot Thirty-eight (38), Block One (1), Section Eight (8), Map 923.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. Otherwise you and each of you will be for ever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Mitchell Albert as owner in fee.

Your attention is called to section 36 of the "Land Registry Act" and amendments, and especially to the following extract therefrom which relates to the above notice:—

"And in default of a cavet or certificate of lis pendens being filed before the registration as owner of the persons entitled under such tax sale, all persons so served with notice, or served with notice under subsection (6) of section 155 of the "Municipal Clauses Act, 1906," or section 293 of the "Municipal Act," or section 139 of the "Assessment Act, 1903," or section 253 of the "Taxation Act," in cases in which notice under this Act is dispensed with as hereinafter provided, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes."

Dated at the Land Registry Office, at the City of Prince Rupert, Province of British Columbia, this 3rd day of January, A. D., 1916.
