City Council Reduced Its Own Pay For The First Time

Economies To Be Effected In The City Light Department

Some Changes Made In Connection With The City Services

At the council meeting last evening the council received from the committee of the whole, which sat the Friday evening previous, the following report, which was adopted by the council after some consideration. The Mayor and Aldermen,

City Hall.

Re Salaries And Staff, Etc.

Gentlemen:—

The following recommendations are submitted from the Committee of the Whole, meeting held the 28th inst., for adoption by the council.

1. That indemnity for and Aldermen be:

For Mayor $1,500.00
For Aldermen 300.00

2. That the salaries of the following be reduced as follows:

B. R. Love reduced from $150 to $135
James Black reduced from $150 to $125
E. Valentine reduced from $135 to $110
J. Lambie reduced from $125 to $110
K. Morrison reduced from $125 to $100
Geo. Waddell reduced from $125 to $100
A. C. Sinclair reduced from $125 to $110
T. C. Duncan reduced from $200 to $175

3. That two linemen be laid off.

4. That the policy of carrying the steam plant under steam, as a standby, be suspended and the sub-station be staffed by operators.

5. That the Light Superintendent dispense with one man, either the wire inspector of the meter reader.

6. That the Fire Committee arrange to engage two volunteer firemen, in place of one fireman to be laid off. Volunteers to have free quarters and $100 per annum.

Respectfully submitted,

M. P. McCAFFERY,

Chairman of Committee of the Whole.

Ald. Casey asked when the new scale would go into effect.

The Mayor said that he proposed it should go into effect at once.

Ald. Casey thought this would require the attention of the city solicitor. He believed that this might come within the Act requiring 30 days notice. The city might find itself subject to a fine of $1,000 a day.

He thought they were acting unwisely, in connection with the steam plant. They were saving only about $900 a year by this. He did not think that more than $600 could be saved. He was afraid the efficiency of the department would be affected. The boliers would be liable to rust and deteriorate.

Ald. McClymont concurred in the report. He went very fully into the whole situation, as it was affected by the proposed changes in the pay schedule. He pointed out, that in connection with the men at the lake, there was the item of free house and light to be taken into account, which was certainly worth something. He also alluded to the fact that the employees at the lake were not employed as engineers. They were employed as electrical men. He pleaded for the making of a good showing in the public utilities.

Ald. Barrie wanted to know if, in the first instance, it was engineers that were called for for the positions at the lake. He had been led to so believe, and that then they put them at the electrical work.

Ald. Nelson said that he did not consider the point as to whether the proposed change could be brought into effect at once or not vital. If legally, it was not possible to have it made effective at once, then the necessary notice could be given, and allow it to come into effect as soon as possible. He took exception to the attitude taken by some, that this was an attempt to interfere with Union scales. He said that, while he was not the holder of a Union card, he had had to do with unions and union workers, and had entire sympathy with unions. He was more the friend of unionism than the mountebanks that posed often as such. Had the schedule introduced been an attempt to interfere with established union scales here, he would not have been supporting it. The scale that was proposed, was the one that was originally proposed for the workers at the lake. There had been some aldermen at that time who wanted increases and the increases had been given. The scale was one for electrical operators, which were what was required at the lake, and not engineers. It so happend that the city at the time had engineers working for it at the steam plant, and these men usurped the positions that would have gone to electrical men. The work was still one for electrical men. With the shutting down of the steam plant in the city, the same situations was produced here. It would not be engineers that would be needed, but switchmen.

Ald. Nelson contended that the city had fought out the question of public ownership, in connection with the electric lighting. The majority of the citizens had seen differently to himself on the subject at that time. He accepted the judgment of that time, believing that the citizens were the ones to decide. Now, he would say to any company that would attempt to upset the city's proposition "hands off." But, if a publicly owned utility was to be made popular in the city, it must not be loaded up with all kinds of overhead expenses. He still believed that the department was overmanned. That was how it looked to him. There appeared to be too many generals in the force, and not a right proportion of men that were working. With sixteen on the pay roll of a department, that earned only about $54,000 last year, and with the wages and salaries representing $23,000, it seemed to him that there was a lack of proportion. It was top heavy.

This was a time, when men in all walks of life were feeling the pinches. There must come reductions, if necessary, all along the line. He did not believe in cutting down men who were getting barely enough to live on, and not touching those drawing down larger amounts. He was assured there were other reductions to come in other departments, or if he did not he would be inclined to move for them now, as he felt that all should be treated alike. The task was not a pleasant one, but it had to be faced.

Ald. Montgomery said that municipal ownership would not stand for the load put on it. Municipal ownership would get the biggest blackeye it ever got. The wages paid, under the new scale, was well above those paid elsewhere. There was no need of a steam engineer at the lake. There was need only of operators. From a labor point of view, they were not getting the worst of it. It was the city's duty to protect public ownership. If municipal ownership failed, it was just such things as this that would do it.

Ald. Dybhavn agreed with the report. He agreed that it was not engineers that were required at the lake. He contended that the committee had in view, a plan by which the steam plant could get up power if necessary in about four hours.

Ald. Casey wanted to know how the plant was to be got ready to take over the load, when engineers were not employed.

Ald. Dybhavn said he was not in a position to explain it now. The proposition was being gone into.

Ald. Montgomery pointed out that

WANT CHANGES IN LICENSE BYLAWS OF THE CITY NOW

A. C. Little Thinks He Is Imposed Upon And So Does The Majestic Theatre.

The city council had two communications last evening respecting the license bylaws of the place. A. C. Little thought that the demand for $20, in addition to his other license, because he bought some bear skins, was an imposition. The Majestic Theatre wrote, arguing, that with the small sized house he had, the $100 license was too much. The Health Committee will take these up.

THINK BRITISH COLUMBIA IS GIVEN HEAVY ASSISTANCE

Federal Trade Commission Expresses Opinion Upon Subject.

The investigation now being made by the Federal Trade Commission, into the conditions of the lumbering industry, has brought out in an emphatic way the opinion held by American lumbermen, that far more is being done to help the industry on the British Columbia side of the boundary than in the United States.

"British Columbia," stated counsel at the recent hearing at Washington, D. C., "is laying the foundations of a perferential tariff. An active virile commonwealth producing the same commodity and competing in the same markets is aiding its own

(Continued on Page Three.)

DO NOT BE SURPRISED AT THE RECRUITING BADGE

Some Of These Have Been Made In Prince Rupert And May Be Seen At Any Time Now.

Citizens of Prince Rupert need not be unduly alarmed if they see the recognized recruiting badge hanging from the left side of some soldiers caps, or even from the hats of some of the local ladies. The badge is of red, white and blue, worked into a rosette with ribbons hanging from it. This is the recognized badge, and is worn by ladies as well as by men.

There have been some made here, at the instance of Major Huntington, and these may be in evidence at any time on the street. The Major has set his heart upon the recruiting of this company in Prince Rupert up to nearly 200 men, and he would like to get them from the city itself.

ALASKA BROUGHT INTO PORT ABOUT 55,000 POUNDS FISH

The Steamer Reports That Weather On The Banks Is Very Frosty And Hard To Work In.

The fishing boat Alaska has reached port here with a catch of about 55,000 pounds of halibut. She reports that when she left the fishing banks there was very disagreeable weather. She came in coated with ice, as other boats have done of late. It is expected that the conditions will be better now.

Reduction Made In Amounts To Be Paid The Council

The city council last evening, on a report from the committee of the whole, that sat a few evenings ago, decided upon the amount that would be paid for the services of the Mayor and the Aldermen for the coming year. The amount was that which was approved of by the Finance Committee in the first instance, and sets an example in the matter of reductions. The Mayor will receive $1,500 and the Aldermen will get $300 for the year. This is a reduction of $500 in the amount paid the Mayor, and $100 for each of the Aldermen.

While there was a difference of opinion to some extent on the part of the aldermen, as to what the reductions should be, the sum fixed was agreed upon as the one that met with the general wish.

Annual Meeting Of Hospital Board Was Held Last Evening

The Hospital Board held its annual meeting last evening in the city hall, when the annual reports were received and the directors for the ensuing year were elected. The chair was taken by the President, O. H. Nelson, who merely opened the meeting, taking leave in order to attend the city council. He referred to the pleasant associations that there had been on the Board. He was retiring from it, after serving practically ever since he had come to the city. It was a work that called for the best that was in any one, as it meant doing something for the alleviation of suffering. During the year that they had passed through, it had been found necessary to economize. The directors had all worked well along that line and the institution, in spite of all that, was in good, efficient shape. Starting with a substantial deficit, the result of the year had been that this had been materially reduced from about $4,700 to only $665.

Calling upon G. W. Morrow, the Vice-President to take the chair, the late president retired.

Mr. Morrow referred to the good work done, but going into the situation, he showed that it would be necessary to continue to exercise all the economy possible, if the institution was to be kept going. He went into some of the main features of the year's work, and showed how the finances had shown up. The Board, in spite of the fact that for some months after getting started, there were heavy fixed charges, had made what he considered a most splendid showing.

The annual reports were presented and adopted.

The election of the directors for the year resulted as follows: G. W. Morrow, W. P. Lynch, Olier Besner, J. H. Thompson and M. M. Stephens. These, with the directors that are named by the city council, Ald. McClymont and Casey and the two that are elected by the Provincial Government, constitute the Board for the year. At the present time the Government representatives are Harry Hoffman and Len Bell.

The Board will meet this evening for the purpose of organizing for the year by electing officers.

Grant To Fair.

On the report of the Finance Committee, the city council decided last night to a grant of $1,250 should be made to the directors of the Fall Fair, upon condition that an equal amount would be raised from the citizens by subscription, thus showing that the people want the Fair held here this year. A deputation consisting of Alex. Prudhomme, G. R. Naden and W. E. Collinson waited upon the Finance Committee yesterday morning.

M. M. Stephens wants your business. j-5

FRANK CLAPP IS MARKET CLERK

NEW BYLAW INTRODUCED GOVERNING ADMINISTRATION OF PLACE

Produce Can Be Sold There From Any Part Of Three Provinces.

The council last evening, on the first ballot for a market clerk, decided in favor of giving the position to Frank Clapp. He takes the office on a commission basis of 7 1-2 per cent. This is the same commission that has been collected on the produce sold there under the salaried official, so the returns to the producer will be the same as in the past. The other applicants for the position were F. B. Holland and B. E. Webster.

Before these applications were opened, the amending bylaw governing the market was read and put through. Under that bylaw the market is handled on a commission by the clerk. He is at liberty to receive, for sale on commission, from anywhere in British Columbia, Alberta and Saskatchewan. He cannot purchase produce himself and sell it. He can only sell upon commission. Any producer can himself come in and take space in the market and dispose of his own produce.

Dog Tax Collection.

The council last evening, on the report of the Health Committee, decided to make the sanitary inspector the collector of the dog tax in the city.

BORN.

In this city, Sunday January 30, to Mr. and Mrs. A. Brooksbank, Sixth Avenue and Thompson Street, a daughter.

THINK BRITISH COLUMBIA IS

(Continued from Page One.)

lumber industry in every reasonable way. Officials there are progressive and awake to the opportunities of the day."

The brief filed with the Commission by the West Coast Lumber Manufacturers' Association states: "There is no question as to the British Columbia Governmental policy toward the industry. It appears in every law and in every act. The attitude of the Forest Branch is best expressed by its representative: 'It is our business to help the industry in every possible way. We are practically in partnership with it.' This extends not only to export, but to domestic trade as well. The entire subject is handled methorically and intelligently, with the fixed and definite purpose of furthering and fostering the industry in every possible way."

TAX NOTICE.

Prince Rupert Assessment District.

Notice is hereby given in accordance with the Statutes that all assessed taxes, income and school taxes, assessed and levied under the "Taxation Act" and "Public Schools Act" are now due and payable for the year 1916.

All taxes collectable for the Prince Rupert Assessment District are due and payable at my office, situated in the Provincial Land Registry Building, in the City of Prince Rupert, B. C.

This Notice in terms of law, is equivalent to a personal demand by me upon all persons liable for taxes.

Dated at Prince Rupert, B. C., January 8th, 1916.

C. W. HOMER,

Assessor and Collector for the Prince Rupert Assessment District.

TENDERS FOR FREIGHTING OF SUPPLIES FOR THE YUKON TELEGRAPH LINE.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Packing Supplies," will be received until 4 p.m., on Tuesday, March 7, 1916, for the packing of material and supplies for points along the Yukon telegraph line between Hazelton and Atlin, in the course of the season 1916, 1917 and 1918.

Forms of tender and specification may be obtained from Mr. J. T. Phelan, Superintendent of Government Telegraphs, Vancouver, B. C., Mr. Wm. Henderson, District Superintendent Government Telegraphs, Victoria, B. C., and from the Government Telegraph Agents at Ashcroft, B. C., Quesnel, B. C., Hazelton, B. C., and Telegraph Creek, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

R. C. DESROCHERS,
Secretary.

Department of Public Works,

THE FIRST BREAK.

The present council, in the move to reduce the amounts paid the Mayor and Aldermen, initiated a somewhat unusual proceeding. This is the first time in the history of the city that there has been any reduction made along these lines.

THE CITY MARKET.

The city market starts off this morning under the new arrangement. Under the bylaw, the utmost care will be taken by the city that the consignors of produce are treated right. At the same time the city will not take responsibility for any of the goods. The new clerk, Frank Clapp, will work on a commission basis, and will not be drawing a salary from the city. Every precaution has been taken to give to the city the very best service that can be obtained, and to insure the outside producer that he can get all possible out of the consignments sent here. The market should be in the best possible shape to serve the citizens. At the same time, the city itself is able to get from under a financial loss, from operation of the institution.

PUBLIC UTILITIES.

The idea seems to prevail in some quarters, that, because a utility is owned by the city, that therefore it is a perfectly legitimate thing to allow the cost of conducting such to run altogether higher than would be the case were any of those concerned the actual owners of the plant. There is nothing that will kill public ownership of utilities quicker than the system that too often prevails, of making the utility so top heavy that it will not carry itself. The city council last night attempted to overcome some of the dangers in connection with the local plant.

TAKE NOTICE that I, J. Fred Ritchie, Free Miner's Certificate No. 90,071B, acting as agent for the Granby Consolidated Mining, Smelting & Power Co., Limited, Free Miner's Certificate No. 90,810B, intend sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim. And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvementss.

Dated this 20th day of Oct. A. D. 1915. w-d-1

J. FRED RITCHIE, Agent.

TIMBER SALE X 541.

Sealed tenders will be received by the Minister of Lands not later than noon on the 19th day of January, 1916, for the purchase of Licence X 541, to cut 1,256,000 feet of Hemlock and Spruce, on an area adjoining L. 1,625, East Arm, Juskatla Arm, Graham Island, Queen Charlotte Islands District.

Two (2) years will be allowed for removal of timber. Further particulars of the Chief Forester, Victoria, B. C. t-d-28.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

Skeena Land District—District of Queen Charlotte Islands.

TAKE NOTICE that R. N. Ferguson, agent, Victoria, B. C., and A. M Hall, manager, Vancouver, B. C., intends to apply for permission to prospect the following described lands for coal and petroleum: Commencing at a post planted 100 chains east and 60 chains north of the mouth of Joseph Creek, to the southeast corner of C. L. No. 10,148, thence 80 chains north, thence 80 chains east, thence 80 chains south, thence 80 chains west to the point of commencement.

R. N. FERGUSON and A. M. HALL
Name of applicants
G. W. KERR, Agent.

Dated July 17, 1915. w-s-15
