UNITED STATES HASTILY PREPARE FOR WAR

RUMOR PRESIDENT WILSON ASSASSINATED

The Invasion Of Holland By Germans Is A Possibility

Ambassador Gerard Has Arrived In Neutral Country

The American States Feel That War Is Now Inevitable

Washington, Feb. 7.—Tonight the American States are still at high tension, awaiting the publication of the German note in answer to President Wilson's note regarding the new submarine campaign. The general feeling is rapidly gaining that war with Germany is inevitable.

It is believed that tomorrow the publication of the Kaiser's message will be flashed throughout the entire nation. In the meantime the naval yards and arsenals are working with feverish haste. In the naval yards the battleship Missouri and Minnesota were put in commission and are now on duty, as was also the cruiser Wisconsin.

Earlier Report.

Washington, Feb. 7.—The work of preparing for eventualities is being pushed forward today. The greatest effort is being centred on the navy, the most important measure being the passing of the bill of supply for funds for an increased navy, made imperative in the emergency. So completely and quickly is the work proceeding that, if the United States is called upon to strike, she can do so immediately and forcibly. A policy of complete secrecy is being followed by the Government departments and the President has discontinued his daily conference with newspapermen owing to the delicate situation.

In connection with the seizure of several German steamships by American officials, it was pointed out that a similar seizure of German ships interned in Portugal was followed by a declaration of war on the part of the Kaiser against that country. Germany lost no time in making Portugal's action a basis for hostilities. It was pointed out that, to be consistent, Germany must at once declare war on the United States, although some officials said that the American seizure was different from that of Portugal, in that it was a police measure to prevent destruction of the vessels, rather than actual confiscation of the ships.

Unconfirmed Rumor Oi Assassination Of President Wilson

Last evening there was a report received in the city that President Wilson had been assassinated. The Journal immediately took it upon itself to try and verify the rumor, but did not meet with any great success. The last telegram received over the wire gave out the information that a flash had been received in Winnipeg by the press of that city that President Wilson had been assassinated, but that no confirmation was then at hand.

We are under the impression that the report is without foundation.

President Wilson is the 28th President of the United States, and is the first Democratic President the American States have had since Grover Cleveland held office in the year 1893.

IMMIGRATION BILL PASSED BY CONGRESS OVER-RIDING PRESIDENT

Washington, Feb. 7.—It is expected that protests will be made by the Japanese over the passing by Congress of the illiteracy provision in the immigration bill.

The President had vetoed the bill, but Congress has passed the measure over his head, and now the bill has become law. There has been a long-drawn out fight over the illiteracy provision.

WILL TEND TO SHORTEN THE WAR SAYS LLOYD GEORGE

London, Feb. 7.—Premier Lloyd George, in his address to Parliament, said that the German campaign against neutral shipping would only tend to shorten the war.

AMERICAN CAPITAL FOR INTERIOR MINING INTERESTS

Prominent Promoter Expects To See Heavy Influx Of Capital Into These Parts.

Raleigh P. Trimble, the well known mining man of Portland, Oregon, arrived by the Prince George yesterday, and will proceed to the interior at the first opportunity. Mr. Trimble, who is heavily interested in mining properties in Northern British Columbia, predicts that there will be a heavy influx of American capital to these parts during the coming season.

SPAIN PROTESTS TO BERLIN

MAY SEVER RELATIONS WITH GERMANS OWING TO SUBMARINE WARFARE

Course Taken By The American States May Be Followed In The Matter.

London, Feb. 7.—Spain will probably be the first of the neutral nations to follow the action of the States in severing relations with Germany. The Government has despatched a strong protest to Berlin against Germany's unlimited submarine warfare and may take the same course as the United States in the matter.

CONGRESS BEHIND PRESIDENT WILSON IN LATEST MOVE

Washington, Feb. 7.—The $60,000,000 Fortification Bill passed Congress today. Congress also endorsed the President's resolution by a vote of 78 to 5. The House of Representatives also agrees to an appropriation of millions for guns, aircraft and munitions.

DENMARK WILL NOT FOLLOW THE LEAD OF UNITED STATES

New York, Feb. 7.—Denmark has decided that she cannot follow the course taken by the United States in regard to the German and Austrian submarine campaign. Reasons are not given.

RAID OPIUM DEN ON FULTON STREET

Police Seize Four Hundred Dollars' Worth Of Opium In Round-Up.

The Police Department declared war on King Tai, a Celestial abode on Fulton Street last evening.

Through secret information that found its way to the police headquarters, the place was suspected of being a gambling and opium den. Constable Bailey was instructed to investigate, with the result that a raid was decided upon.

At 10:30 o'clock a company was formed, consisting of Constable Bailey, Adams and McClinchy. A silent approach was made and an attack carried out before the Celestials were aware that the limb of the law was in motion. Doors slammed and had to be battered down, before an entrance was gained. Celestials appeared and disappeared before they were finally rounded up. In another part of the house a lottery game was interrupted. The attacking party smashed the bank and seized the money and the men.

In the final round-up it was found that five Chinamen, a lottery equipment, a little money and four hundred dollars' worth of opium had been taken.

Mr. and Mrs. Carmichael expect to leave Prince Rupert for Hamilton, Ont., next Monday.

GOVERNMENT MINE REPORTS

MINES IN THE INTERIOR SERVED BY THE GRAND TRUNK PACIFIC DOING WELL

Considerable Development Work Was Carried Out During The Year 1916.

In the British Columbia preliminary review and estimate of mineral production for the year 1916 there is a great deal of interesting information in condensed form relative to mines and mining. The following is taken from this report:

During the year 1916 lode-mining was active in part of the Omineca Mining Division which is served by the Grand Trunk Pacific Railway. Roughly, this lode-mining territory lies along or near the Skeena and Bulkley Rivers and their tributaries, and the most important camps centre around the towns of Hazelton and Telkwa. The production of the Division for the year is estimated to have been about 11,375 tons, 798 ounces gold, 106,397 ounces silver, 1,262,730 pounds copper, 254,983 pounds lead, 168,616 pounds zinc, and $12,000 in placer gold.

The Silver Standard mine at Glen Mountain was operated steadily throughout the year and nearly 900 tons of ore was shipped. About 651 tons of silver-lead ore was shipped to the Trail smelter, containing 120 ounces gold, 74,593 ounces silver, and 162,051 pounds lead; and 209 tons of zinc-silver ore was shipped to the United States, containing 168,616 pounds zinc and 12,647 ounces silver. Development work was carried on as well, consisting mainly of a cross-cut tunnel which has been driven 880 feet to connect with the lower workings in the shaft on the main vein. This tunnel cross-cuts four or five veins which are roughly parallel.

During the past year Rocher de Boule Mountain was the scene of considerable activity; much of the development carried out was due to the interest aroused by the success of the Rocher de Boule mine during the last two years. Only the last mentioned property shipped in 1916, but it seems quite likely that the future will see other properties added to the shipping list.

A low level tunnel was also started which will tap the main vein at a depth of about 1,100 feet and will be nearly half a mile long. This tunnel will also cut two other veins, which have good surface showings, before reaching the main vein.

The ore shipped during the year amounted to about 10,400 tons, containing 1,237,000 pounds copper as well as some gold and silver.

The following properties on Rocher de Boule Mountain were under development during the year: The Hazelton View group, owned by the New Hazelton Gold-Bobalt Mines, Limited; the Cap group, owned by Dennis Comeau et al.; the Red Rose group; the Daley West group, owned by the Rocher de Boule Copper & Mining Company; the Great Ohio

Invasion Of Holland By German Forces Is Now Feared

Amsterdam, Feb. 7.—Anxiety concerning Holland's future is more keen today than at any period since the outbreak of the war. Several factors contribute to the gravity of the situation. Holland is now facing starvation, as she has never been able to produce more in a year than she would consume in four months and a-half. The existing stocks of grain are sufficient to last only two weeks.

The opinion in official circles here is that German concessions regarding a protected zone will be a mere mockery if the United States enters the war. The massing of German troops on the Dutch border is causing considerable uneasiness, and there is a fear that, in desperation, Germany may treat Holland as she did Belgium.

J. F. Strang, the popular manager of the Sunnyside cannery, accompained by his wife and family, are guests at the Prince Rupert Hotel. They will be in the city for a few days.

Carefully Prepared Plot Unearthed To Sink Interned Ships

New York, Feb. 7.—Extra precautions are being taken in the port of Manilla and the Panama today. Investigation has uncovered carefully prepared plots to destroy all the interned enemy merchant ships which are in these harbors. The machinery of the boats have been tampered with.

The crew of the interned Hamburg-American liner Saxonia were placed under arrest for trying to wreck the engines.

RUPERT TO TAKE NORTHERN RUN

Pride Of G. T. P. Fleet Will Replace Prince George The Latter Part Of The Month.

Towards the latter part of the month it is expected that the overhauling and repair work on the steamer Prince Rupert of the Grand Trunk Pacific fleet will be completed at Esquimalt and the vessel will be dispatched in the Prince Rupert service, replacing the steamer Prince George, says The Vancouver World.

Since the Prince Rupert was withdrawn from the Alaskan run on December 28 considerable work has been done aboard her. She was first drydocked, and after being floated from the basin she shifted to the repair wharf at Yarrows, where a large force engineers and mechanics took charge of her for the purpose of thoroughly overhauling her engines.

TEN SHIPS WERE SUNK YESTERDAY

SUBMARINES CONTINUE TO TAKE TOLL OF MERCHANT SHIPS

Five Were Sunk The Previous Day By The Undersea Crafts Of Enemy.

London, Feb. 7.—The toll of ships sunk numbered ten today. Only two persons were reported to have lost their lives. Yesterday the Germans sank four British and one Russian in the war zone.

REPORT DENIED THAT GERMANS WOULD MODERATE CAMPAIGN

London, Feb. 7.—It has been officially denied that Germany had decided to moderate her submarine campaign and not sink unarmed merchantmen and hospital ships.

AMBASSADOR ARRIVED SAFELY ON SWISS TERRITORY

London, Feb. 7.—Word has been received here today that Ambassador Gerard of the United States, has arrived safely in Switzerland. He received his passports from the German Government and was called home on 5th of the month, and decided to leave Europe by a Spanish port. It is not yet definitely decided as to which country shall take charge of American affirs in Germany. Brazil and Spain were both mentioned. The former has been abandoned.

Funeral Of W. J. Sandels.

In the presence of a large attendance of personal friends of the deceased, the funeral of the late W. J. Sandels, Prince Rupert Manager for Kelly, Douglas & Co., took place on Saturday afternoon from the undertaking parlors of Nunn, Thompson & Clegg, under the auspices of Vancouver Lodge, No. 68, A. F. & A. M. Mr. Sandels, who died in Prince Rupert on Wednesday last, was born on June 30, 1865, and had been in the employ of Kelly, Douglas & Co. since 1903, being at various times manager of the Victoria and New Westminster branches, and was exceedingly well known throughout the Province, especially in the north. A large number of floral tributes testified to the gentleman was held.—Vancouver Exchange.

RUPERT TO TAKE.

(Continued from Page One.)

While the vessel was in the graving basin repairs were made to damage caused by a stranding which occurred last summer, a number of shell plates having to be replaced. It is now understood that the Prince Rupert will be again ready for commission by February 20. Immediately she is turned over to her owners the Prince Rupert will take up the run between Seattle, Victoria, Vancouver, Prince Rupert and Anyox, maintaining a weekly service for the balance of the winter months, Simultaneously with her return to the service the steamship Prince George will be withdrawn and laid up for her annual overhaul. By the time the work on the latter vessel is completed it is expected that the spring schedule of the G. T. P. will be announced. Both vessels will be in the best shape for the heavy tourist travel of the coming season.

group; and several others on which assessments, etc., were done.

The Hazelton View group would appear to have a fairly good surface showing, the values consisting of gold contained in arsenopyrite. The property is, while virtually undeveloped, a promising prospect, and well worth spending money on.

An amalgamation of the Delta group and several other claims has been made by Harrison Clement, and it is understood that work on a large scale will soon be commenced.

The Highland Boy was tied up in litigation most of the year, but it is believed this is now settled and that work may be started before long.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Teritory, the Nothwest Teritories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Aplications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights re not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.
