BRITISH PROVIDING FOR MILLION MORE MEN

Canada To Seek Information As To Available Man Power

Canadian Railways To Send All Rails Possible To France

Ottawa, Dec. 19.—The Imperial Government has requested the Dominion Government to assist it in solving the French railway situation and in relieving the congestion which is prevalient at the French ports. An advance in the movement of munitions from ports to behind the firing lines would result in the saving of thousands of lives and in the shortening of the war, and this can only be effected by improving the present inaedquate railroad facilities.

Twelve to fifteen hundred miles of track were expected from Canadian rolling mills, but Canada is unable to furnish these on account of making of munitions in this country.

The Canadian Government railway is recovering three hundred miles of unused yard and passing track, and the first shipment is now on the Atlantic, en route for Europe.

The Minister of Railways has decided, Sir Harry Drayton, Chairman of the Railway Commission has approved, and Hon. Dr. Roche, Minister of the Interior, has recommended the passing of an Order-in-Council immediately requiring privately owned roads to surrender the required mileage to the Government. Either the Grand Trunk Pacific or the Canadian Northern are almost certain to have to take up two hundred and twenty miles of track west of Edmonton, where the roads run practically parallel.

RUSSIA'S VARIED POPULATION WITH MANY CUSTOMS

The population of Russia is more varied than that of any country of the world. It consists of over 140 different peoples, nationalities, and races, all different in their customs, religions, language and address. There are: Fifty million Great Russians, or actual Russian or "Muscovites" the inhabitants of the former Grand Duchy of Moskva now ruling all Russia.

Twenty million Little Russians, formerly a part of Poland.

Twelve million Poles.

Six million white Russians, formerly a part of Poland.

Two million Lithuanians.

Two million Germans.

One million and a-half Armenians.

One million and a-half Rumanians.

Five million Jews.

Sixty million of 130 other different nations and races, as: Tartars Kurds, Bashkirs, Samoyedes, Kirghizes, Kalmuchs, Turks, Bulgars, Greeks, Gipsies and 120 others. Most all of these live in groups and clans on their ancient territory.

EXPLAINED WORK DONE BY RED CROSS AT FRONT

Mrs. Percy Godenrath, who has seen very active service in the hospitals at the front, met the local Red Cross Society yesterday afternoon and explained to that body the real working of the Red Cross on the field. The lecture, which took more the form of a talk, was most interesting. She outlined in detail just what was done and how it was carried out.

During the course of the lecture she told of the first revenge that the British get on the captured Germans. It is to convince him that that narrow piece of water, the English Channel, is absolutely controlled by the British fleet. The Germans are all taught to believe it is swept by the Germans.

BERT FLEWIN IS EXPECTED HERE THIS MORNING

When the G. T. P. steamer arrives this morning from the south, it is expected that C. B. Flewin, son of John Flewin of Port Simpson, will be on board, having been invalided home.

His father is in the city to meet his son, who has seen a lot of fighting at the front.

JUDGMENTS HAVE BEEN RENDERED

MR. JUSTICE MORRISON HAS GIVEN DECISION IN LOCAL CASES

Registrar Has Received Results Of The Civil Sittings.

The local registrar has received from Mr. Justice Morrison, who took the civil sittings here a few weeks ago, the decisions on the cases in which he reserved judgments.

In Burns vs. Johnson, in which a dispute arose as to land held by the two parties when in partnership in an hotel at Prince George. The judgment was to the effect that the plaintiff should be put back into the same position as if the agreement for sale and lease had been carried out as originally intended.

In Harvey vs. Brentzen's, et al., it is found by the court that the plaintiff was not entitled to the commission on the sale of a mining property that he claimed.

TRAINING THE BOY FOR THE FUTURE

SIR CLIFORD SIFTON GAVE VALUABLE IDEAS ON SUBJECT

Results Will Depend Upon The Proper Direction Of Young Minds.

Sir Cliford Sifton stated at the fifth annual meeting of Commission of Conservation: "With respect to the general progress of conservation ideas, it must be remembered that, in the last resort, the highest degree of conservation depends upon the efficiency of the human unit."

Many influences are operating to increase the efficiency of our people, and especially is this the case with that human unit—the boy.

To the boy of today we must look for the future results. When called upon to undertake the burdens of civic and business life, the effects of his training as a boy will be apparent in his character and habits, his initiative and action. Canada's future greatness depends upon the proper direction of the young mind of today, and upon her leading men of today rests the responsibility of providing for this training.

Many voluntary organizations are devoting earnest attention to boy training. The Boy Scout Association is one of these. Young as this movement is in years, many rising young men of today show in their characters and habits the influence of their Boy Scout training. This movement, however, as well as similar ones, is hampered by the dearth of suitable leaders, many of whom have been claimed by the war. An English paper recently stated:

"On the shoulders of the Scoutmasters a great responsibility rests, for it is to them that is committed the important task of moulding the characters of the lads and teaching them those habits of thought and action that fit them for the occupation of a better and more responsible sphere of life. 'Scoutmasters,' said

BRITAIN PROVIDING FOR FIVE MILLION

PROVISION IS MADE TO INCREASE STRENGTH BY 1,000,000 MEN

Original Estimate Was For 4,000,000 Of All Ranks Only.

Among the first acts of the new Government in Britain was the introducing of a supplementary estimate providing for an additional 1,000,000 men of all ranks for the army service during the present financial year.

The original estimate for the army was for 4,000,000 men.

GOLD RESOURCES OF BRITISH EMPIRE IS EXEMPLIFIED

One of the greatest revelations of the present war has been the wonderful resources of the British Empire in the matter of gold and the freedom with which it has been used in paying for foreign purchases and in settlement of the international balance of trade. Hoarding gold in bank coffers, as is the case in Germany has not been the policy of the British Treasury. Instead, possession of gold has been recognized as valuable only in parting with it. It has been used liberally for direct and indirect benefits which the banker above describes. A disposition to refrain from shipping gold, as pointed out by the German propagandist, is certainly far from the truth. Since the beginning of the year Great Britain alone has shipped nearly $500,000,000 gold to the United States.—Wall Street Journal.

Appeal Is Being Made In Country For National Service

The National Service Board of Canada has been charged with the duty and responsibility of making investigation and formulating plans that will in some measure provide for those adjustments in our national life, necessary for the maintenance of the agricultural and other basic industries of the Dominion, at that high point of production and efficiency so absolutely essential to the successful prosecution of the war, while continuing unimpaired the indispensable public services of the country. To accomplish these results, and insure the maximum production of war material and equipment, the services of all available men and women of Canada must be utilized in a manner as will, while achieving these purposes, permit of the release from their present employment of men who, physically fit and suitable age, may desire to serve Overseas with our military or naval forces.

To lay the foundation for this work an inventory of the man-power of Canada must be made quickly and at a minimum cost. The Board is to utilize the facilities provided by the Post Office Department for the purposes. It is proposed to place in the hands of each Postmaster a sufficient number of National Service cards to enable one to be filled out and returned in the envelope, which will also be supplied, within ten days of their receipt. The prompt return of the cards is of the utmost importance. A vigorous and united effort, extending over a definite period of time, is necessary to insure the desired result. It is asked that the first week of the New Year be observed as "National Service Week" for the taking of this inventory.

RUMANIAN ARMY NOW BELIEVED TO BE SAFE

Paris, Dec. 19.—The Rumanian army, which has been steadily retreating before the Teutonic forces, is saved, according to reports received here last night. La Petite, the Parisian newspaper, states that the survivors of the German dirve are now beyond the Asner salient and are being regrouped, with a view to future military operations.

The Teutonic offensive in Rumania has been arrested by the gun fire of the Russians, according to an official report from the Russian war office today.

CAPTURES MADE BY FRENCH HAS BEEN VERY GREAT

Paris, Dec. 19.—As a result of the recent heavy fighting along the west bank of the Meuse, north of Douaumont, on the Verdun front, the total number of German prisoners taken since December 15 is 11,387. The war material captured and destroyed by the French in this drive amounts to 115 cannon; 44 bomb-throwers, and 107 machine guns.

The Germans yesterday made a violent counter-attack on the position captured by the French on the Meuse and succeeded in gaining a footing on the Chambre.

SAFETY FIRST.

It is idle to deny that throughout the terrible conflict now raging in Europe there has been in the United States an attitude lacking in nobility, or even in appreciation of the causes, conduct and consequences of the war. In nothing is this so clearly shown as in the depression in markets generally produced by the lightest rumor of peace, says The Wall Street Journal. It is to be remembered what these markets are, and how much more they represent than the mere locality in which they are situated.

Cotton means the most important section of the South. Wheat means the farmer. Stocks mean an aggregate of raders in all parts of the United States. The anxiety to profit by the war, and the general failure to appreciate its terrible reality is not a charge to be laid against that national scapegoat, wicked Wall Street. It is certain, in fact, that the best thought of Wall Street has had a more complete appreciation of the facts than any other locality, Washington least of all. Peace rumors come along and register themselves in price fluctuations. But illusions as to their value are much more widely spread in Ohio, in the West and the South, where the glorious motto of "Safety First" dictates the Presidential vote.

Peace is not in sight, for the reason that no common ground has been established upon which the fighting powers can come together. The Central Powers have entirely failed to show that they have realized what the Allies are fighting for; and, equally, the Allies have repudiated the German point of view, which has not been modified in any respect by the utterances of the German Chancellor, or even of Maximilian Harden, or others who are at least trying to understand that universal public opinion which the German militarist party has consistently treated with contempt.

Another broken reed upon which the fireside pacifist is leaning is the mediation of President Wilson. Stripping international civilities down to reality, there is perhaps no one in public life in the world today who is regarded with more contempt in the countries now at war. At least they are fighting bravely, and giving up all that makes life dear. Their attitude towards cowardice, openly professed and as nearly consistent as Mr. Wilson can ever be, is not pleasant to reflect upon.

If it will satisfy those ignoble souls who are growing rich upon the sorrows of Europe, it may be said that conditions precedent to peace do not yet exist. It is true that there is plenty of pretentious writing on the pacifist side. But all that can be said is that the wish is father to the thought. We have failed to understand the facts because we have feared to face them. Our hysterical exaggeration of the importance of death blinds us to matters infinitely greater. Until we come out of that doze of well-fed ease we shall not recover our sense of proportion.

THE RIVALS.

The immeasurable power exercised by Wilhelm II., is in his hands, as he often assures the world, by divine birthright; because God put it there as a circumstance of paternity. This one man power has served God's purposes, according to the interpretation of its possessor, by plunging Europe into the most frightful of all wars, the extent and end of which no seer can yet see, says The New York Sun. Against this one man power Great Britain has now set up another in the person of a War Minister of democratic election, commissioned under an unwritten constitution, practically a war dictator, chosen because he is believed to be in individual quality the fittest to energize and concentrate and direct the forces of the nation in its great emergency. Was there ever since history began a more impressive contest—William of the Hohenzollern purple and his antagonist, David Lloyd George, born of the people?

MANY IN PRINCE RUPERT TRY SIMPLE MIXTURE

Many Prince Rupert people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. C. H. Orme, Pioneer Druggist. g-s.

WATER NOTICE.

Take notice that G. R. Naden Company Limited, whose address is Prince Rupert, British Columbia, will apply for a licence to take and use 300 cubic feet per second, and to store 40,000 acre feet of water out of Kum-ea-lon River which flows northwesterly and drains into Kum-ea-lon Inlet. The storage dam will be located at the natural outlet of Lake Katherine. The capacity of the reservoir to be created is about 1,280 acres, and it will flood about 200 acres of land. The water will be diverted from the stream at a point about at the storage dam and will be used for power purposes upon the land described as below. This notice was posted on the ground on the 4th day of October, 1916. A copy of this notice and an application pursuant thereto and to the "Water Act 1914" will be filed in the office of the Water Recorder at Prince Rupert, British Columbia. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, British Columbia, within thirty days after the first appearance of this notice in a local newspaper. The territory within which the powers in respect of the undertaking are to be exercised is Prince Rupert, British Columbia, and vicinity and along the transmission line between the Power Station and Prince Rupert, British Columbia. The date of the first publication of this notice is November 17th 1916.

EDMUNDS of Prince Rupert, British Columbia, as owner in fee under a Tax Sale Deed from The Collector of the City of Prince Rupert, bearing date the 30th day of September, 1916, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying, and being in the Municipality of Prince Rupert, (Assessment District), more particularly known and described as Lots Six (6), Thirty-One (31), and Thirty-Two (32), Block Forty-Six (46), and Lot Eleven (11), Block Forty-Eight (48), all in Section Eight (8), Map 923.

You are required to contest the claim of the tax purchaser within thirty-five days from he date of the service of this notice (which may be effected by Personal Service or otherwise), and your attention is called to Section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of lis pendens being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the abovementioned lands, in the name of HAROLD C. EDMUNDS:

AND WHEREAS on investigating the title it appears that prior to the Fourteenth day of Sepember, 1915, (the date on which the said lands were sold for overdue taxes), you were the Registered owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of HAROLD C. EDMUNDS unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this Second day of November, A. D. 1916.

H. F. MacLEOD,
District Registrar of Titles.

To CHARLES PLANITZ,
Box 731, Edmonton, Alberta.

Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—*HON. MARTIN BURRELL, Minister of Agriculture.*

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. *'Work and Save'* is a good motto for War-time."—*SIR THOMAS WHITE, Minister of Finance.*

THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR—

WHEAT, OATS, HAY,
BEEF, PORK, BACON,
CHEESE, EGGS, BUTTER, POULTRY,

CANNED FRUITS, FRUIT JAMS,
SUGAR, HONEY, WOOL, FLAX FIBRE,
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.
