## W. X. Macdonald Has Been Selected Candidate By Atlin Conservatives

(Special to The Journal.)

Anyox, June 16.—At the Conservative convention for the Atlin Electorial District, held here today, W. X. Macdonald, of this place, was selected as the candidate for the provincial election. He was the unanimous choice of the convention, which was presided over by J. E. Merryfield, of Prince Rupert, organizer for the northern districts under the Provincial Conservative Association.

The whole of this wide constituency was represented at the convention by personal delegates or by proxies, there being representatives from Atlin and Telegraph Creek, as well as from the nearby points.

Dr. H. E. Young, the former representative of Atlin in the Legislature, was present at the convention and took leave of his former constituents, having left active politics and joined the provincial service as Secretary of the Board of Health. He was given a grand reception and paid a splendid compliment to the men of the north, heartily endorsing Mr. Macdonald.

Following the convention there was a public meeting held, when Premier Bowser, Hon. William Manson, Hon. W. R. Ross and H. B. Thompson, of Victoria, addressed the electorate on the issues of the day.

Mr. Manson, who had formerly had Anyox and the southern part of the present Atlin district in his riding, advised the return of Mr. Macdonald, who was a man they knew well and who knew their needs, residing right in the district.

## CHAIRMAN DRAYTON EXPECTED TODAY

THE HEAD OF RAILWAY COMMISSION WILL REACH HERE TODAY

W. P. Hinton, Of G. T. P., Is Accompanying Him To Coast.

There is expected to reach the city this afternoon or evening the head of the Railway Commission for Canada, Chairman Drayton. He is on his way to Vancouver, where a sitting will be held. He is coming west over the line, making the run by daylight, so that he may see the road for himself.

Accompanying Mr. Drayton is W. P. Hinton, Traffic Manager of the G. T. P. with headquarters in Winnipeg. General Superintendent Mehan also met him and will arrive with the party.

**Bonded Property.**

L. C. Knauss, Fiddler Creek, has bonded his gold quartz property to the Hon. P. E. Lessard and R. M. Shaw, M. P. P., of Edmonton, and a substantial cash payment was made. The new owners have made arrangements for developing the property on a large scale and the work is now under way. The Fiddler Creek property has a good deal of ore already developed, and it will not be long until shipments will be made. The deal was put through by B. R. Jones, Skeena Crossing.

## RUSSIA'S ADVANCE IS ASTONISHING ALL OF EUROPE

Petrograd, June 16.—The Austrians have evacuated Czernowitz, and the Russian advance along the entire southern front is astonishing Europe because of its rapidity and force.

Except in the centre of the Russian front, the Austrians are quite unable to resist the terrific drive, and have already lost fifty per cent. of their forces.

Complete units are surrendering and military trains containing field equipment in wholesale quantities have been abandoned. The Russian losses are small.

## LOCAL SOLDIERS HELD REUNION

INTERESTING ANNOUNCEMENT RECEIVED TELLING OF FESTIVITIES AT FRONT

How Prince Rupert Men Spent Evening Of June 1 At Poperinghe.

The Journal received last evening from the front an interesting invitation to a reunion that was set for June 1 at Poperinghe, in Flanders, when the local men serving there joined in a banquet, evidently under the direction of Major Peck. From the invitation it is shown that the banquet took place at No. 38 Rue de Cassel, corner Rue Croix Notre Dame, Poperinghe.

The invitation reads as follows:

Reunion First Prince Rupert Overseas Contingent.

"The Muskeg Scouts"

(Service Company 68th Earl Grey's Own Rifles)

Klahowya Tillicum:—

You are requested by the Big Chief (Major C. W. Peck) to attend a Potlach of the tribe of Northern British Columbia, to be held on the evening of June 1st, 1916. The feast will take place at the Wigwam Inn, deu Nieuwen Toren Drankhuis, in the Poperinghe reserve. Hit the trail early as the doings start at 8 p. m. Shooting irons and huskies to be left at the rancherie.

## HALIBUT SOLD AT EIGHT CENTS

COLD STORAGE COMPANY BOUGHT YESTERDAY AT HIGH PRICE

The Spring Salmon Also Went At An Advanced Rate.

Both halibut and salmon advanced in price again yesterday and the fishermen who are having any luck at all are reaping a golden harvest. A case in point is that of the power boat Alvilde, manned by four men, which arrived on Wednesday, after an absence from port of six days. She had 30,000 pounds of halibut, and when the proceeds of the catch were divided yesterday each man received $345.00, and this is not by any means an isolated case.

About 50,000 pounds of halibut sold to the Cold Storage Company yesterday at eight cents a pound. The vessels with their catches were: Stranger, 7,000; Kong Sverre, 12,000; Lincoln, 12,000; and the Dolphin with 12,000 pounds. The same concern picked up all the salmon in sight at 7 1-2 cents a pound.

## CANADIANS ARE PRAISED FOR WORK

LONDON DISPLAYING BANNERS RECOGNIZING BRAVERY OF DOMINION'S TROOPS

The Trenches Are Still Held By The Canadian Soldiers.

London, June 16.—The citizens of London are displaying banners bearing the words "Brave Canadians," in recognition of the victorious action by the Dominion troops in the vicinity of Ypres. Imperial officers are making highly complimentary statements in regard to the splendid conduct of the Canadian soldiers on the field.

There is intermittent shelling along the British portion of the western front and the situation of the Canadian line remains unchanged, the troops from the Dominion occupying the trenches which were regained from the enemy yesterday.

**Fighting At Verdun.**

Paris, June 16.—Intense artillery fighting continues at Deadman's Hill and at Hill 304. A German trench and one hundred and fifty prisoners have been captured.

The Germans continue their violent bombardment of the French positions north of Souville. Souville is the key to the inner defences of Verdun itself.

## LIVE STOCK FOR INTERIOR RANCHES

CHIEF ENGINEER OF THE G. T. P. SAYS THERE IS STEADY PROGRESS MADE

Fires Along Route Of Railway Are Now Well Under Control.

H. A. Woods, The Chief Engineer of the G. T. P., who is now here, says the fires that have worked such havoc in the interior are now nearly all under control. He says it is a good thing that the company was not burning coal on the British Columbia end of the service. Had that been the case the company would have been blamed for all the fires. It has cost a lot to combat the fires, but they are now well under control.

Mr. Woods says there are quite a number of settlers coming into the country. When he passed there were three carloads of cattle going in to Francois Lake for J. Bostrom's ranch. Another shipment has been made for stocking a ranch on a large scale at Fraser Lake.

Then in the line of mining, he says there seems to be quite a marked development which promises well for the future of the districts.

**Retail Merchants.**

Important meeting of Retail Merchants' Association will be held in Board of Trade Rooms at 8 p. m. Monday, June 19th. All merchants requested to be present.

W. W. WRATHALL,
Secretary.

## Public Meeting To Be Addressed By Premier This Evening

This evening in the Westholme Theatre Premier Bowser will address the public on the questions of the day. In order to allow the theatre company the opportunity to put on one show, the meeting will not begin until 9:30 in the evening.

In addition to the Premier, Hon. William Manson, Minister of Agriculture, will address his constituents. There will be other addresses by Hon. W. R. Ross, Minister of Lands, and probably H. B. Thompson, one of Victoria's members in the last Legislature. The chair will be occupied by J. E. Merryfield, the Conservative candidate for the Dominion elections for this riding.

The Ministerial party arrived by the steamer Prince Rupert yesterday morning and proceeded on to Anyox to attend the nominating convention there. They will return to Prince Rupert this morning and will spend the next two days in the city.

Lottie Doughtery returned to her home here yesterday morning.

## ALEXANDRA ROSE DAY WILL BE OBSERVED HERE

Daughters Of The Empire Will Sell These For First Time In Prince Rupert.

With the permission of the Mayor, the Daughters of the Empire will observe Alexandra Day in Prince Rupert this year. On this day, roses, which are made by cripples, will be sold in London, and over 300 cities and towns in the Old Country, as also in the Colonies. This year for the first time, British Columbia takes part. Toronto made its first effort last year, when $22,500 was collected for distribution among homes and hospitals. Already, 25,000,000 little pink roses have been ordered from Groom's Crippleage in London, and the kindred institution in Nottingham, England, and advance deliveries have been dispatched to Hong Kong, South Africa, the West Indies and Canada.

The first observance of Alexandra Day was in 1912, when £12,000 was realized for charities; last year the sum of £100,000 was raised. This year, when the need of hospitals and charities, which Alexandra Day so materially benefits, are greater than ever, it is gratifying to learn that wider interest is being taken in the movement.

The roses which will be offered for sale next Wednesday, June 21st, were all bought from the cripples, thus helping them. In selling them in Prince Rupert the local hospital will reap the benefit.

## TEUTON LOSSES BEFORE RUSSIAN ONSLAUGHT TERRIFIC

London, June 16.—The Teuton losses in the big Russian offensive from the Pripet River to the Rumanian border are estimated at three hundred thousand men. The supply of cartridges captured in the Stripa trenches was sufficient to have fasted the Austrians for several weeks.

## CANDIDATE FOR ATLIN.

In the selection of W. X. Macdonald by the Conservatives of Atlin as a candidate, it is said that an excellent standard bearer has been found. He is a workingman who has been identified with the mines of this Province for many years. He is therefore admirably adapted to represent a mining constituency in the Legislature. He understands the needs of a mining community and the greater part of the residents of the Atlin district are connected with that great industry.

## PRINCE RUPERT'S OUTLOOK.

At a time of depression like that which is now prevailing, aggravated by a war of such stupendous character that one marvels how nations survive it, there is a strong disposition to become pessimistic. Prince Rupert, however, has prospects that she will emerge from the whole, and that very early, in a way that will put her in a very enviable position. With every prospect that the drydock and the shipyards will soon be in full operation, there is sufficient to give an impetus to business here that will astonish us. The fish business, in spite of worrying features from time to time, is developing faster than even the most sanguine might have expected it. There are plenty of things in connection with the fishing industry that local men will have to fight to have rectified, but residents of Prince Rupert have a reputation in the line of kick that they will not be backward about in living up to. With the mining outlook what it is, there are also great things to expect from that field of enterprise. The city needs a smelter near it before very long. If there was such it would give a decided impetus to mining in the district. This is a time when residents should feel optimistic. Nothing can stop Prince Rupert for any length of time.

## MORE MEN THAN WOMEN HAVE APENDICITIS

Surgeons state men are slightly more subject to appendicitis than women. Prince Rupert people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT, easy action of Adler-i-ka is surprising. **SYNOPSIS OF COAL MINING REGULATIONS.**

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

## WILL BEGIN SHIPPING FROM THE DALY WEST

**Property Near Hazelton Is Making A Good Showing.**

With a thirty foot tunnel the operators on the Daly West property, adjoining New Hazelton, ran into first-class shipping ore, says the Omineca Herald. The first indication was a small stringer which widened out with every round of holes until now they have over two feet of clean shipping chalcopyrite. The depth of the vein is about thirty feet, and every foot the tunnel is driven a foot of depth is gained.

There was considerable excitement here when the men brought down the news that ore had been struck. George Jennings, while pleased with the showing, is not surprised, as he was looking for ore at that point, but not so good as it turned out to be.

Two shifts are now working on the tunnel. The wagon road will be completed the full width this week and the machinery can be taken right to the site on wagons.

Mr. G. Jennings informed the Herald that as soon as the plant is ready he will put on all the men that can be worked, and he expects to make 300 feet in the first thirty days. That will give all kinds of stoping room, and within two months the Daly West will be among the shipping mines of the district.

The ore in the tunnel is a high grade chalcopyrite and carries about $10 in gold and silver. The copper values run at least seven per cent. across the face of the vein.

The Daly West is making a record in mining circles and it is proving up to all that has been said in its favor.

## GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, astonishes Prince Rupert people Because Adler-i-ka acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. **Eye Troubles Corrected**

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

"The Reliable Plumber,"
Prince Rupert, B. C.,

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

CANADA'S CALL
FOR SERVICE AT HOME

Produce More and Save More

The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient

In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials

There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely

Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no better investment.
