ROCHER DE BOULE PROPERTY IS STEADILY TURNING OUT COPPER

Carload Lots Are Arriving Continually In The City.

The Montana Continental Development Company, which is operating the Rocher de Boule mine near Hazelton, is making steady shipments to this city, over the line of the G. T. P. With copper at about 19 cents, the policy of the company under the guidance of W. Oppenheimer, who controls the stock, is to keep the work going along without any delay that can be avoided.

It is the intention of the company to make another shipment today, of the ore from the bunkers on the waterfront to Anyox, where it is being smelted by the Granby Company.

SPLENDID PICTURES OF TROOPS SHOWN AT WESTHOLME THEATRE

Interesting Films Of How Battles Are Fought At Present Time.

At the Westholme Theatre last evening, there was a most interesting series of moving pictures shown, dealing with the British army, as it is, and as it went to the front in the war now raging. The pictures are instructive and are true in details, as they have been authorized by the war office being taken at the command of the Imperial authorities.

The series it is said, as here shown, were exhibited in the old country, and aided in no small way in recruiting for the various services for the war. There is a splendid view of the Royal Horse artillery shown. This force has been described as the finest body of troops to be found anywhere in the world.

The pictures throughout are exceedingly clear. The early ones in the series deal with the recruiting and the getting of the raw material into shape for service. This applies

WELL KNOWN G.T.P. CONDUCTOR IS GOING ON NEW RUN

Frank Rowell Will Leave This Morning For Edmonton To Take Over Another Train Run.

Frank Rowell, the first conductor on the G. T. P. line to run out of here is leaving. He will take passage by the train this morning for Edmonton, going out, however, as a passenger instead of being in charge of the train, as has been his custom for a long time. Henceforth, he is going to make the run between Edmonton and Edson, the next divisional point west of the prairie centre.

The reason for Mr. Rowell leaving here, is that he hopes to have better health on the prairies than on the coast. The advice of medical men is that it will be better for him, and he is accordingly taking the advice.

W. Moxley, another well known conductor here is to succeed on the run out of Prince Rupert.

New G.T.P. Steamer Service Comes Into Effect

The new service of the G. T. P., by which there will be three arrivals and three sailings of the pallatia steamers each week, has come into effect, and the first of the boats will reach here this morning. The steamer will arrive at 6:30 this morning, and after a wait of three hours and a half will leave again for the south. She sail on the same schedule as this improved service will arrive and will sail for the southern ports at 10 o'clock this forenoon. On Saturday the next steamer on today's steamer.

THE MACDONALD TO OPEN IN JULY

G. T. P'S. MAGNIFICENT NEW HOTEL WILL BEGIN BUSINESS

Model Hostelry Will Form One Of Links Across The Continent.

The Grand Trunk Pacific Railway announces the opening, on July 1st, of another magnificent hotel, a house which will be a source of pride to the city and the community it will serve. This is "The Macdonald," situated in Alberta's capital, Edmonton. It is the third link in the chain of hotels designed by the Grand Trunk in connection with its transcontinental service.

The Chateau Laurier, Ottawa, and The Fort Garry, Winnipeg, are acknowledged to be among the handsomest hotels on the continent. "The Macdonald" has been built to the same high standard. Located on McDougall Street, almost at the crossing of Jasper Avenue, it combines convenience to the business centre of Edmonton with a wonderful outlook over the valley of the Saskatchewan River.

"The Macdonald" has been planned in the Chateau style of architecture and its massive walls are of Indiana limestone. A quiet elegance of design marks the interior of the house. The dining room, with its barrel ceiling, has walls of panelled oak, while the cafe, which opens on to a terrace overlooking the river, is also richly panelled. The palm, or tea, room, also overlooking the river, has a grained ceiling and high dome decorated in wedgewood design. The Rotunda of the hotel is paved with pink Lepanto marble. On the mezzanine floor overlooking the rotunda is a ladies' drawing room, decorated in Adams style, a gentlemen's writing room, a musicians' gallery, and banquet room. Three private dining rooms can be made out of the banquet room, the dimensions of which are 60x27 feet. A wainscoated smoking room and luxurious lounges are reached directly from the rotunda.

There are six bedroom floors of 34 bedrooms each, arranged so that they can be used en suite or separate. All have outside light, are exceptionally large, while twenty-two rooms on each floor have private baths, which represents the last word in appointments. There are telephones in every room and running water where no private bath is attached.

PRAISE EXTENDED TO CANADIANS BY BRITISH SOLDIER

"It gives us great courage to know that we have such men to rely on," writes Corporal O'Brien, of the Coldstream Guards, of the Canadian soldiers. "Only the other day," he says, "they went into an attack just as if they were drilling in Hyde Park. I never saw anything like it. Each man was keeping about two paces interval, and going at a walking pace with dozens of maxims turned on them, besides field artillery guns, and the whole of the German rifle fire for about a mile in front of them. In fact, no better example could be shown by any regiment under the British flag."

BRYAN RETIRES FROM THE CABINET

SECRETARY OF STATE FOR UNITED SATTES HAS RESIGNED HIS POST

He Differed With President Over Policy Towards Germany.

Washington, June 9.—President Wilson's note to Germany leaves today and will be published tomorrow.

Robert Lansing, counsellor for the United States State Department, has been appointed Secretary of State pro tem, as the result of William Jennings Bryan's resignation.

It is believed that Mr. Bryan is initiating a campaign for the Presidency on the peace issue.

The President's note to Germany is said to be a vigorous reiteration of previous demands that Germany exercise the right of visit and search before attacking unarmed merchant ships. The delay in forwarding the note was to enable the President to phrase it, that there could be no room for doubt or further argument concerning the attitude of the United States.

TRAIN SERVICE STARTED YESTERDAY

FIRST THROUGH TRAIN UNDER THE NEW TIME TABLE ARRIVED LAST NIGHT

The Time Of Arrival Is Now Fifteen Minutes Earlier Than Formerly.

Last evening the first train under the new time schedule, reached the city over the G. T. P. Now the trains come in at 6:15, instead of at 6:30. This morning at 10:30 o'clock the first of the trains leave on the new time table.

The new service provided does away with any change at Edmonton, being a through service to Winnipeg. Previously pasengers from Prince Rupert had to transfer at Edmonton. Under the new schedule, a through train is run to Winnipeg. This train passes through Edmonton every Monday, Wednesday and Saturday.

V. W. SMITH ARRIVED HERE LAST EVENING

Well Known Resident Of Prince Rupert Returned Last Night By G. T. P.

There arrived in the city last evening, Vernon W. Smith, who is so well known here, following his residence in Prince Rupert for some years. Mr. Smith has been carrying out work on his contracts on the P. G. E., and lately has been on his ranch in Alberta for a little time.

Mr. Smith is feeling very keenly, the loss of his son, Walter, who died of wounds received in the war. He has received a letter from Major Peck, under whose command Walter has been. Major Peck had met him in the trenches under trying conditions, and wrote telling his father that he was remarkably steady and careful as a soldies. This was written previous to the boy being wounded.

Mr. Smith will spend a few days in the city.

French Have Moved Their Battle Line Forward Somewhat

Paris, June 9.—An official report says:—"The artillery duel has continued very violently in the sector north of Arras. We carried last night the houses in Neuville St. Vaast, which the enemy still held. All the villages on the east side are in our power.

"We progressed up to north of the group of houses in Labyrinth, our advance being followed up notably in the southeastern section, in the region of Hebuterne. Notwithstanding a violent bombardment, we extended our positions around Toutvent farm.

"In the east of Tracy Lemont, a counter attack by the enemy was completely checked. We strengthened the ground gained by us. Along the rest of the front, there is nothing to report."

PREPARATIONS FOR THE EXHIBITION

THE MANAGEMENT IS ARRANGING FOR A GOOD FAIR

The Dates For The Show Fixed For September 22, 23, And 24.

The dates for the Prince Rupert Exhibition have been fixed for September 22, 23, 24 next. The decision to hold an exhibition this year, has been arrived at after a careful review of conditions, and the directors feel assured that it will be a success.

Financial arrangements are such as to enable the fair to be held with assurance received from local people, with reasonable prospects of success. It is intended to have the programme fully equal to that of 1914, with a good line of attractions, announcement of which will be made later.

The prize lists for 1915 have been mailed, and copies are available at the Board of Trade Rooms, Second Avenue. Entry forms have been sent out and floor space for exhibits is now open for allotment. The allotment of space will be made as applied for, and already some has been spoken for. A strong bid is being made to interest the Canadian Manufacturers Association, and the British Columbia Manufacturers Association, with a view to their members exhibiting, and it is hoped that they will take advantage of the opportunity for pushing "Made In Canada" in the North.

Donations towards the fair are coming in steadily, amongst the donations being one from Mr. A. J. Prudhomne, of $100. The Canadian Fish & Cold Storage Company Limited, $50; R. McIntosh, $10; A. H. Allison, $25; and while the directors do not expect the same amount of support from direct donations as last

FROM WINNIPEG FREE PRESS.

According to the figures in the latest government blue-book, issued at Ottawa, the people of Canada in one year — 1913 — spent enough money on manufactured products from outside countries to support 465,198 people at $1,000 each per year, or sufficient to support an additional population in Canada of about 2,500,000 people.

It has been estimated that the total number of unemployed in Canada last year was less than 75,000, while the money spent for outside manufactured products gave support to at least two million residents of other countries. The money which Canadians spent for manufactured products from outside countries was almost enough to increase the present population of the Dominion by 25 per cent.

FRANCE'S SHARE OF THE HEAVY WAR COST

Gold Reserve Of French Bank Being Used For Payment—Will Afterwards Be Renewed.

When the extraordinary operation became known, whereby $40,000,000 gold had been sent to London from the Bank of France reserve, with $60,000,000 more to follow, the question was very generally asked: Would the French people, who have watched the prolonged accumulation of the "war chest" at the Bank of France, take kindly to the transaction?

The veteran economist, Paul Leroy-Beaulieu, thus answers the question:

"The United States is at the moment the chief provider of industrial materials for Europe—even arms and munitions. M. Ribot points out that Europe is contracting every month a debt to the United States of 700 or 800 million francs. The machinery for payment has been lacking; it will not continue to be.

"M. Ribot estimates that, in the next six months, the Fernch Government will have to arrange for payment of more than 1,500,000,000 francs, either to the United States, to Canada, or to England. He has contrived, for the payment of that sum, an arrangement which deserves approval. The British Government agrees to take that amount worth of French Treasury bonds, payable one year after war, and to provide against it foreign exchange for 1,500,000,000 francs; the only condition being that the French Government advance to the British Government, in gold, one-third of the sum just named. There are, then, 500 million francs in gold to be sent gradually into England.

"The bargain is a good one. It makes little difference if the gold reserve of the Bank of France is cut down 500 million francs—if it falls to 3,500,000,000 or even 3,000,000,000, instead of 4,000,000,000. This huge reserve was not accumulated for the purpose of never using it. After return of peace, it will in due course be built up again."

Is Business Slow?

It probably serves you right

You are not letting the public know what you have

Advertise!
Advertise!
Advertise!

That is the Solution

That manufacturers should increase their advertising appropriations during a period of business depression and curtail during the years of prosperity, was the opinion advanced by Roger Babson, the financial and business statistician, at a meeting of the Technical Publicity Association, held in New York.

"Directors of your company regard advertising as a luxury to be cut down when business is poor," said Mr. Babson. "They give you orders what to do rather than you giving them orders.

"If you solved this advertising problem in a scientific way you would tell them what to do, the same as their lawyers and their bankers tell them.

"In a year of prosperity they are willing to give you a big advertising appropriation, and when the reaction comes they cut down to almost nothing. Take the big appropriation in the fat years and salt it away for use in the lean years.

"If you all did this the business of the country would move along more evenly; the business boom would be less, and the reaction, the area of business depression, smaller."

SPLENDID FOR PLUMBERS
The sale of Product No. 99 is strictly confined to the high-class supply houses. Its cost of manufacture is therefore not affected by Dept. or "price cutting store" influence that so often drives manufacturers to the use of inferior chemicals and processes. Nor is the dealer allowed to reduce the retail price under penalty of having his supply terminated.
A POWERFUL SOLVENT FOR
CLOGGED UP DRAIN PIPES
"99" destroys accumulations of lint, paper, cloths, hair, slime, grease, vegetables, soap, fruit and many others. It is harmless to fines plumbing.
DON'T ARGUE DON'T PUT OFF TEST IT
This preparation has been so generally successful in clearing drains that it is bought over and over again by those who have tried it, but inasmuch as no one can know the actual condition existing within a pipe, it is absolutely impossible for the manufacturer or the dealer to guarantee the result.

NOTICE OF CANCELLATION OF RESERVE.

NOTICE IS HEREBY GIVEN that the Reserve existing on Detention Island by reason of a Notice published in the British Columbia Gazette on the 30th of May, 1912, is hereby cancelled.

R. A. RENWICK,
Deputy Minister of Lands
Department of Lands,
Victoria, B.C..

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

year, owing to financial conditions, they feel assured that all who take an interest in the work of the Association will help the good work along.

THE BRITISH ARMY.

(Continued from Page One.)

to infantry, and also to the cavalry and the artillery. In connection with the latter, the mechanism of the guns are shown as the soldiers are instructed on this branch of the work by the trained men. Firing from the big guns and the effects are shown.

The latter part of the series shows the regiments in motion, in connection with the mobilization orders. With it is the return to the colors of the reserve men, and the general life of the soldier. Before the series is closed, there is shown a sham battle with all phases of modern warfare introduced, even to the reconnoitring by airship with the view of opposing forces as seen from the aeroplane. With it is seen actual movements of troops of all branches of the service and the progress of a battle.

At a time like this when the country is at war, there could be no better series of pictures imagined. It is excellent throughout and drew a crowded house. The pictures will be shown tonight again, and should be greeted by a packed house.

THE MACDONALD.

given to the wants of commercial men and large roomy sample rooms have been provided.

The architects of the hotel are Ross & Macdonald, of Montreal, and experts who have been given an opportunity of inspecting the house declare that in the perfection of fittings "The Macdonald" has no superiors. It will provide an excellent stopping off place for Transcontinental travellers and for the army of tourists attached to the great scenic territory along the line of the Grand Trunk Pacific Railway in Alberta and British Columbia, a region which includes Jasper and Mount Robson Parks. Mr. Louis Low has been appointed manager under the direction of Mr. D. B. Mulligan, Superintendent of Grand Trunk Pacific Hotels.

GARDEN COMPETITION.

The Provincial Department of Agriculture is offering cash prizes in the following classes. Three prizes to be given in each class.

1. For House Garden, where occasional employment of labor takes place for garden work. 1st. $12, 2nd. $8, 3rd. $5.

2. House Garden, where all work has been done by occupant and family. Carpentry work may be done by the owner or hired. 1st. $15, 2nd. $10, 3rd. $5.

3. Ordinary lot, without house, under cultivation. To be judged mainly from the standpoint of utility. Area under cultivation to be not less than one thousand (1,000) square feet. 1st. $25, 2nd. $15, 3rd. $10.

An entrance fee of one dollar, ($1) will be charged. Competition open to all citizens of Prince Rupert.

Final judging to take place in August, according to the season.

Plots must be staked out properly, or the lines of the garden clearly defined.

Apply by letter to

A. H. TOMLINSON,
Department of Agriculture,
Box 1698. City.

Garden owners or lot cultivators are urged to send in their names and make this a successful competition. The department reserves the right to cancel prizes not properly competed for.
