GERMAN SUBMARINE SUNK IN ACTION

BRITISH ADMIRALTY RESTRICT NAVIGATION

UNFAVORABLE WEATHER INTERFERED WITH FIGHT

German Submarine Sunk While Trying To Sink Steamer

London, Feb. 23.—A German submarine attempted to torpedo a cross-channel steamer shortly after leaving Boulogne. The torpedo passed thirty feet ahead of the ship, which carried 97 civilians, including many neutrals.

A French torpedo boat got in touch with the submarine. It fired several shots, sinking the submarine.

Children's Chapter.

The Queen Victoria Chapter of the Children of the Empire held their meeting on Monday afternoon in the Central School. The following are the officers: Regent, Mrs. Ling; vice-regent, Mrs. Roberson; secretary, Dorothy Tremayne; treasurer, Gladys Kemp; standard bearer, Fred Ritchie. About seventy were present and the children are preparing to do some active work.

APPRECIATION OF WORK DONE FOR RED CROSS

Local Body Thanked by Superintendent of Supplies in Toronto.

The secretary-treasurer of the Anglican Church Women's Patriotic League has received the following communication from the Canadian Red Cross Society's head office in Toronto:

Mrs. T. C. Duncan,
Sec-treas. Anglican Church Women's Pat. League,
Prince Rupert, B.C.

Dear Madam,—I am very much obliged to you for your contribution to the Red Cross Society, which has arrived here today. It is very satisfactory to feel that both ends of the Dominion are working for the Red Cross, and I am particularly pleased to be able to acknowledge your valuable donation.

I am sending you some copies of the last edition of our booklet, and also a packet of patterns in case you may not have had them, and I think this will save your writing back if you need them.

Yours truly,
(Signed) ADELAIDE N. PLUMTRE
Supt. of Supplies.

LOCAL COMPANY PROVES PROFITABLE

PRINCE RUPERT BUILDING & INVESTMENT COMPANY MADE GAIN.

Officers Elected for the Coming Year at the Annual Meeting.

Starting in a small way four years ago, the Prince Rupert Building & Investmest Company, Ltd., of this city has had a rapid growth and showed during last year a substantial profit in spite of the financial conditions last year. The authorized capital is $150,000, while the records of the company show $55,460 subscribed and all paid up.

At the annual meeting of the company, held at the office of McCaffery, Gibbons & Doyle, on Monday afternoon, the following directors were elected for the year: M P. McCaffery, Joseph Hickey, J. W Scott, Dr. C. A. Eggert, E. F. Doyle, and Andrew Johnson, of Hull, England.

In spite of the unusual conditions that prevailed during 1914, the company had a successful year and showed a substantial profit.

FISH MEN ORGANIZE A NEW ASSOCIATION

All Branches of the Business in All Provinces Combine to Work for Improved Market.

At a meeting held in the Chateau Laurier, Ottawa, on February 15, an organization was formed to cover all those interested in the fisheries in all its branches and in all the provinces of Canada. It will be known as the Canadian Fisheries' Association. This move is the result of action started early in January, since which time the attention of practically every individual and company connected with the fish business in Canada has been communicated with.

Mr. F. J. Hayward, Vancouver, is in receipt of a telegram giving the names of the British Columbia men appointed as officers of the new organization for British Columbia. These include Mr. W. H. Barker of the B. C. Packers' Association, to be second vice-president of the Association, and the following directors: Mr. A. L. Hager of the Canadian Fishing Co. Limited; Mr. P. Wallace of the Wallace Fisheries Limited; Mr. W. Hamar Greenwood of the Skeena Fisheries Limited, and Mr H. S. Clements, local Member of Parliament at Ottawa. Mr. F. J. Hayward has also been placed on the editorial and publicity committee.

A constitution was drawn up and the object for which the Association was to be established is as follows:

1—The protection of the interests of vessel owners, fish curers and packers, fish merchants, boat owners, fishermen and all persons directly engaged in the producing and

Damage Done In Dardanelles

London, Feb. 23.—Unfavorable weather, with a low visibility and a strong south-westerly gale interrupted the operations in the Dardanelles. The outer forts have been seriously damaged by the British.

WAS RELEASED ON BAIL THEN SHOT HIMSELF

Vancouver, Wash., Feb. 23.—W. Spires, a farmer, releasel yesterday with $10,000 bonds on a charge of killing a neighbor, H. Larsen, in a quarrel on January 7, killed himself last night with a gun.

VICTORIA WON HOCKEY.

Victoria, Feb. 23.—In the hockey match here today the result was as follows: Victoria, 4; Portland, 3.

Ambulance Class Friday.

Owing to the fact that the farewell to the members of the Third Contingent is taking place on Thursday evening, the ladies' class of St. John's Ambulance Society will meet on Friday evening at 8 o'clock in the Board of Trade Rooms.

TROUBLE IN SINGAPORE.

London, Feb. 23.—An official announcement says the riot in Singapore in the Fifth Light Infantry over promotions has been quelled. The loss of life was somewhat serious.

ARRANGEMENTS MADE FOR SOLDIERS FAREWELL

On Friday Morning Local Contingent Will Leave For Victoria To Undergo Training For Service Abroad---Send Off Arranged By Citizens For The Occasion

On Friday morning at 10 o'clock the local contingent that is to form part of the battalion that is mobilizing at Victoria for service abroad under Col. Holmes, will leave Prince Rupert. The company goes from here under the command of Capt. W. B. Clayton, with Capt. S. P. McMordie and Capt. W. A. Pettigrew constituting the remainder of the officers.

The Prince George will be held until 10 o'clock and the acting mayor will proclaim Friday morning a half holiday. The schools will be closed also for the half day, and a general gathering will take place at the wharf to give the troops a fitting send-off.

The committee in charge of the arrangements has decided to have a formal farewell on Thursday evening at the Agricultural Hall. About three short speeches will be made and a programme of music will be given in addition to that. There will be a torchlight procession on the streets, when the Overseas contingent will be escorted to the Hall.

It is possible also that there will be a dance arranged for the men on that evening, but as it is the Lenten season no dancing of a decidedly public character will be given.

On Friday morning the speeches at the wharf will be very few and very brief. The acting mayor, Rev Father Bunoz, and the Rev. H. R. Grant will be the speakers.

French Have Been Successful At Different Points

Paris, Feb. 23.—An official statement says the day has been comparatively quiet, except in the Champagne district, where fighting continues violently.

We have taken more trenches in the region of Beausejour.

We have maintained our gain of the previous day to the northwest of Verdun. In the region of the forest of Forges our batteries blew up an ammunition store.

It has been confirmed that the Germans suffered very heavy losses in complete repulses of attack at Bois Bouchet.

In Alsace an attempt was made by the enemy to debouch from a portion of the village of Stoseiser, which was still occupied by the enemy. They were immediately stopped by our fire.

HORTICULTURAL SOCIETY MET

OFFICERS NAMED FOR ENSUING YEAR BY THE LOCAL ORGANIZATION.

Interesting Address Given by A. H. Tomlinson on Using Vacant Lots.

At a meeting of the Horticultural Society of this city the following officers were elected for the year: Hon. president, Wm. Manson, M.P. P.; president, M. M. Stephens; vice-president, Mrs. Dawson; secretary-treasurer, M. H. Howitt; committee, Messrs. H. S. Woods, J. McRae, S. McD. Hunter, Jarvis, McLeod; Mrs. Babington, Mrs. Arnold, and Mrs. R. L. McIntosh.

Interesting Address.

An address by A. H. Tomlinson on the use of vacant lots proved very interesting. He said in part:

This subject may be claimed of interest to people of this city as much as in Vancouver, Calgary or Toronto. The cry has come that Canada or the British Empire as a whole is liable to be short of foodstuffs in the near future. Importations from foreign countries may not take place. We may have to feed ourselves. Wheat is the great cry but there are other things to be considered besides wheat, which may be raised right here in the city. I would mention such as potatoes, cabbage, roots, etc., clovers for feed, as well as the raising of poultry.

Proof of Power to Produce.

Some say that it is not practicable or possible to raise crops here. This idea is absolutely wrong, as various gardens around town and exhibits at the Fair have shown. It must be said that to raise crops here means labor, sacrifice and expense. Such is the case anywhere, but this will bring forth good results. If vacant lots are utilized the city will have a better appearance and the work will be a credit to the citizens. Young and old may help and be benefitted by such labors. Fresh air and exercise won't hurt anyone. Such work will provide food for summer and winter.

How to Make a Start.

The next thing is, how is this work to be set about? In the first place, any individual may work on his own lot, giving it the necessary treatment, and should produce results. But co-operation amongst lot

(Continued on Page Two.)

REGIMENTAL ORDERS.

68th Regiment Earl Grey's Own Rifles; Orders by Major J. H. McMullin, Commanding, 23rd February, 1915:

"A" and "B" Companies will parade on Friday morning, February 26th, 1915, at 9 o'clock at the Exhibition Building.

Parades: Overseas Company will parade at the Exhibition Building on February the 24th and 25th at 10:30 a.m. Men absent without permission will be struck off the strength of this company.

The company will parade on Friday morning, February the 26th, at the Exhibition Building, at 9 o'clock, SHARP, for embarkation for Victoria.

All baggage for Victoria must be at the Grand Trunk Pacific Wharf, No. 2 Shed, not later than 8 a.m., Friday, February the 26th. All packages must be tagged "68th Regiment, Victoria," and owner's name must be clearly written thereon. Baggage must be delivered to Q. M. Sergeant McLeod and Sergeant Beatty at No. 2 Shed, Grand Trunk Pacific Wharf.

W. A. PETTIGREW, Capt.,
Acting Adjutant.

Advertising Rates Upon Application

Wednesday, February 24, 1915.

WILD RUMORS.

There have been several wild rumors in circulation in the city with respect to the officers of the contingent that went from here with the 30th Battalion. Some of these seem to have originated owing to the fact that in the list of officers that the Victoria papers published when the 30th left that city did not contain the names of Col. Peck and Capt. Moore. An oversight appears to have been made by these papers. A few days following the Victoria Times corrected the mistake as far as Col. Peck was concerned, stating that his name had been omitted.

Col. Peck went out with the rank of Captain, in command of Company No. 2, with Capt. Don Moore with the rank of Lieutenant.

FISH MEN ORGANIZE
A NEW ASSOCIATION

(Continued from Page One.)

distributing end of the fishing industry of Canada. The legal enforcement of their just claims, the due representation in Parliament and elsewhere of their interests and requirements, the promotion or opposition for their benefit of legislative measures, and the promotion of a co-operative spirit among all engaged in Canada's fishing industry for their mutual benefit.

2—The securing of just and fair rates for the transportation of fish, the enforcement of prompt deliveries and the reduction of high rents and tolls.

3—The promotion of improvement in fishing methods, curing, packing, and transportation; also in harbor accommodation, navigation and other aids for fishing.

4—The prevention of frauds upon and by those engaged in the several businesses mentioned in Clause 1, or any of them.

5—The collection and circulation of statistics or other information relating to the several businesses mentioned in Clause 1, or any of them.

6—The organization and dissemination of information of an educational nature among producers, distributors, retailers and consumers to the benefit of the industry in general.

7—The consideration of all general questions which affect the interests of those engaged in the several businesses mentioned in Clause 1, or any of them, or which in any way relate to the sea and inland fish trade or fisheries of Canada, and the carrying out of the decisions arrived at.

The efforts of the Association are also to be directed towards educating the public of Canada to eat more fish than it does. It is considered that education and publicity will show the benefits to be derived both from an economical and health point of view by a more general eating of fish.

HORTICULTURAL SOCIETY MET.

(Continued from Page One.)

owners or lot cultivators is to be recommended for such work as the clearing of land, draining, etc., as well as buying stumping powder, lime, manure, fertilizers, seeds and tools, and possibly in marketing the produce. It is an easy matter for members of this society to join hands in such work. A separate society may be formed but I do not think it is advisable.

Possible Schemes.

This work will give employment and thus mean fewer idle men in our city. Where necessary, lot owners may have their lots transformed by hiring suitable labor. Various schemes may be adopted.

First: Lot owners may work their own lots and use or sell their own produce.

Second: Lot owners may work cooperatively, and if necessary sell cooperatively.

Third: Lot owners may arrange with a suitable person on a half share basis for a period; the owner supplying the tools, seeds, fertilizers, etc., the lessee marketing the produce and giving the owner half the receipts.

Fourth: Lots may be leased to intending cultivators for a term of not less than three years.

Enhance Property Value.

Various systems may be introduced. Where a whole lot cannot be cultivated, take a portion. A little is better than nothing.

Where a house stands and there is not much space for vegetable crops, it is possible a garden or lawn may be made. This will surely make the home more attractive and will enhance the value of the property. There will be some satisfaction in making both labor and land produce.

Last year Canada imported over two million dollars worth of vegetables alone. This city contributed to that large total.

Cost of the Work.

In making a Prince Rupert lot into a garden there are, first of all, stumps to be removed. The cost of stumping depends, of course, entirely on the class of stumps, and the means used for pulling them. On the average I would say about $5 to $10 per lot.

It must be remembered that the initial cost of preparing a lot is high. It is hard to give exact figures. One hundred feet of drain, 2 1-2 feet deep and 18 inches to 2 feet wide will cost about $10. At $10 per 100 feet the average lot, viz., 25 x 100, would cost about $15 to $20 to drain. Such work has cost the department that much in this northern section.

Stumping powder may be used for drainage purposes; one-third of a stick to every 8 to 10 feet diagonally. This costs from 8 to 10 cents per hole.

Manuring, fertilizers and lime hould cost about $5 per lot, using

Product No. 99

Contains about 2¼ lbs. $1.50

SPLENDID FOR PLUMBERS

The sale of Product No. 99 is strictly confined to the high-class supply houses. Its cost of manufacture is therefore not affected by Dept. or "price cutting store" influence that so often drives manufacturers to the use of inferior chemicals and processes. Nor is the dealer allowed to reduce the retail price under penalty of having his supply terminated.

A POWERFUL SOLVENT FOR
CLOGGED UP DRAIN PIPES

"99" destroys accumulations of lint, paper, cloths, hair, slime, grease, vegetables, soap, fruit and many others. It is harmless to fines plumbing.

DON'T ARGUE DON'T PUT OFF TEST IT

This preparation has been so generally successful in clearing drains that it is bought over and over again by those who have tried it, but inasmuch as no on can know the actual condition existing within a pipe, it is absolutely impossible for the manufacturer or the dealer to guarantee the result.

nitrate of soda, barnyard manure or whalebone fertilizer.

Cost of Seeds.

Cost of seeds has next to be considered. Seed potatoes cost $2 for one bushel, sufficient to plant a lot. If vegetable seeds are used $1.25 worth will be sufficient. Thus it may cost to bring a lot under cultivation no less than $25, besides labor in looking after the crops during the season. This seems rather expensive, but it must be borne in mind that after the first year, draining, the most expensive item, hasn't to be considered. The produce from the lot the first year should be worth about $20 to $25 or more. Potatoes alone should give this. One can therefore readily see that after the first year's working, considering everything, one is out of pocket, but as time proceeds the capital invested will bring good returns.

Keep It Up.

It thus means that to make profit one has to cultivate the land for more than one or two years. People who have continued interests here should not fail to make use of these chances. It is a fact that people who have garden spots in a district will often continue to reside in that place rather than be transient and so spend their earnings in traveling from place to place. From statistics it is shown that an average family spends 35c per day for vegetables. Surely most of this money may be saved if one endeavors to raise produce.

Living expenses have to come down. This is one way of doing it. Taxes have to be paid for idle property. Growing crops on vacant lots should help meet this, and in some cases overbalance the amount payable in taxes.

Crops to Go In For.

I would recommend the following crops to those who intend to go in for this work:

Potatoes—Early Rose, Eureka, Reliance, Beauty of Hebron, and Gold Coin.

Cabbage, cauliflower, lettuce, onions, parsley, peas, pole beans, radishes, spinach, turnips, carrots, etc.

Small fruits for a permanent patch:

Raspberries—Cuthbert.

Strawberries—Magoon and Clark's Seedling.

Gooseberries—Industry.

Black and Red Currants.

Rhubarb—Victoria should do well.

For horse and poultry feed—Red and Alsike Clover will answer well.

Hot Beds and Cold Frames.

To make the season longer, various plants should be raised under cover as in the house or in hot beds or cold frames. This may well be done for early cabbage plants, lettuce, radishes, etc. If a hot bed outside is made use of, one should procure stable manure which must be placed in a heap and tramped, on which the box frame may be placed. On fermenting, heat is produced. Any sized box or frame may be used. The commercial size is 6 x 6 feet supporting two sashes, 6 x 3.

Cold frames without the manure may be used, with glass or cheesecloth sashes. On this subject I shall be only too pleased to give further detailed information to all who care to make application at the Agricultural Office.

Poultry Raising.

The question of poultry may well be considered. To purchase all the food for raising poultry is rather expensive but one may very well raise such as roots, rape and clovers to keep down the expense and so make profit. The Department is sending an experimental pen here for Prince Rupert and later settings of eggs may be purchased at a reasonable and uniform rate.

Aesthetic Side.

It must not be overlooked that there is an aesthetic side to this question. Many residents have done exceedingly well with garden plots lawns, etc. This the Horticultural Society should encourage. We want an increased number of nice-looking gardens, more trees and more summer flowering plants grown.

In connection with growing vegetables on some of the lots a few trees and flowers will not be out of place.

Around a house where much rock exists and little soil for cultivating, such may be made to look beautiful by planting creepers in the pockets, as periwinkles, creeping roses and Virginia creeper, etc., as well as various rockery plants, as sedums, echvaria, etc., besides various summer annuals, as nasturtiums, lobelia, portulaca, etc. Visitors to Victoria will remember the beautiful rock gardens of that city.

Some time later, if it be your pleasure, I hope to deal with this subject of rock-gardens more largely.

Mr. Chairman, in conclusion, let me say, city lots may be made use of and after the initial outlay good returns may be made. The citizens and city will be the better for it. Living expenses will be made lower. An income may be made to pay such as taxes, etc.

There is much in this work that time will not allow me dealing with now, but my associate, Mr. M. H. Howitt, and I will be only too glad at any time to give what advice and help we can.

As a finishing word, help the Horticultural Society to increase its membership, and may the members make use of such an institution.

The address was followed by an interesting discussion, Mr. Tomlinson replying to questions asked and dealing more intimately with particular cases.

—and—

IN THE MATTER OF AN APPLICATION BY THE MONTANA CONTINENTAL DEVELOPMENT COMPANY FOR APPROVAL OF THE PLANS FOR CONSTRUCTION OF A CERTAIN WHARF AND ORE BINS ON WATERFRONT BLOCK "B," PRINCE RUPERT TOWNSITE.

TAKE NOTICE that the Montana Continental Development Company of Butte, Montana, has deposited with the Minister of Public Works at Ottawa, Canada, and with the District Registrar of Titles, Prince Rupert, B.C., under Chapter 115, R. S.C. 1906, plans and descriptions of the proposed site of certain harbor works to be constructed by the said Company on waterfront Block "B," Prince Rupert Townsite, according to registered plan of the said Townsite deposited in the Prince Rupert Land Registry Office, and numbered 923, the aforesaid works consisting of one wharf with ore bins.

AND FURTHER TAKE NOTICE that the said Company has applied to the Governor-General-in-Council for approval of the proposed works, and permission to construct the same.

Dated at Prince Rupert, B.C., this 8th day of January, A.D. 1915.

AN OLD CODE RELATIVE TO BUILDING INDUSTRY

Interesting Laws in Force in Babylon in the Ancient Days of the World.

Over two thousand years before our era there flourished at Babylon the great King Hammurabi, whose name is affixed to the oldest Code of Laws. Besides dealing with crimes and questions of morality, Hammurabi legislates on such matters as the rent of fields and gardens, the wages of tradesmen, the ransoming of prisoners, inheritance and dowries. He goes into such minute details as the fees of doctors and veterinary surgeons, and punishments are prescribed for the profession in cases of malpractice. Judges, too, are made liable to pay twelvefold costs if they can be convicted of judging wrongly! Jerry-builders and other dishonest craftsmen are threatened with penalties which might prove a salutary addition to our own laws.

Here are some examples:

If a builder has built a house for a man, and his work is not strong, and if the house he has built falls in and kills the householder, that builder shall be slain.

If the child of the householder be killed, the child of that builder shall be slain.

If the slave of the householder be killed, he shall give slave for slave to the householder.

If goods have been destroyed, he shall replace all that has been destroyed; and because the house that he built was not made strong, and it has fallen in, he shall restore the fallen house out of his own personal property.

If a builder has built a house for a man and his work is not done properly and the wall shifts, then that builder shall make that wall good with his own silver.

If a boatbuilder has built a 60-ton boat for a man she shall give him two shekels of silver for his pay.

NAVIGABLE WATERS PROTECTION ACT.

R. S. C. Chapter 115.

The Imperial Oil Company hereby give notice that it has under Section 7 of the above Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Prince Rupert Land Registration District at Prince Rupert, B.C., a description of the site and the plans of the wharf and approach proposed to be built in Prince Rupert Harbor, British Columbia, in front of Waterfront Block "G", according to registered plan of the Townsite of the said City of Prince Rupert deposited in the aforesaid Land Registry Office as No. 923.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the said Imperial Oil Company will under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans and for leave to construct the said wharf and approach.

DATED at Prince Rupert, B.C., this 2nd day of February, A. D. 1915. 4w-f4

THE IMPERIAL OIL COMPANY.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior
