HONORS ARE CONFERRED UPON CANADIAN SOLDIERS

RUSSIANS RETIRED FROM LEMBERG WITHOUT LOSS

ALLIES ARE ADVANCING ON THE WESTERN FRONT

Lemberg Evacuated By Russians Without Any Serious Losses to Army

London, June 23.—Lemberg has fallen into the hands of the Teutonic Allies. The Grand Duke Nicholas, commander in chief of the Russian army managed, however, to withdraw his vast armies without any serious losses, before the final evacuation took place.

Made Other Gains.

Petrograd makes slight mention of the operations. A report asserts that desperate attacks were repulsed and 800 prisoners taken at Rawa Ruska, thirty-two miles northwest of Lemberg .

Advantage On Dneister.

Russians also claim an important victory on the Dneister, below Nijiff, the battle lasting since the 13th, 3,500 prisoners being captured. The Cossacks are in pursuit of the fleeing Austrians. A Russian success in Bukowina is also mentioned, when 1,000 prisoners and many guns were taken.

Lemberg was held by the Russians for ten months.

Innsbruck despatches confirm the report of the big Russian victory on the Dneister.

German Spy Shot In Tower

London, June 23.—Robert Muller, a German spy was shot in the Tower of London today.

Germans Are Crowded Back Along Western Front By Allies

Paris, June 23.—An official report says:—"In the region of north Arras, there is nothing reported, except several infantry engagements.

"To the south of Souchez we made slight progress. We repulsed a German counter attack near Berryaubac.

"At Hill 108, we exploded a mine which seriously damaged the German trenches.

"In Champagne on Perthes and Beausejour, action by means of mines occurred. A violent attack took place on heights of the Meuse Calonne. At the trenches the enemy delivered a violent counter attack, which enabled them to retake the former second line. In course of the afternoon, a German attack was repulsed. Taking the offensive we regained a foothold on the second line in the outskirts of the Le Pretre forest. The enemy bombarded partially in an intense fashion our positions in the quarter of the reserve.

"In Lorraine, we occupied two works at Leintrey and took some prisoners."

THE CANADIANS STAND HIGH IN ESTEEM OF GEN. FRENCH

He Asked Brigade In Which Local Men Are Serving to Take Trenches Where Old Line Regiments Were Repulsed With Heavy Losses

From time to time there have been reports from the front to the effect that the Canadian soldiers are, to put it mildly, second to none others serving at the front. It is but natural, of course, for Canadians to regard their own soldiers as the best on the field. Apparently there is reason for this faith in the forces that went from this Dominion.

An interesting letter has been received by John Flewin, of Port Simpson, from his son, Walter who is now wounded in France. He writes under date of May 24, along a line that indicates that the Canadians are always to be relied upon, and can be expected to do whatever they are asked. Under that date, Walter Flewin writes as follows:

"Gen. Alderson our commanding general, came down and told us there was a line of trenches that General French wants the Canadians to take, as they are an important position. The Coldstream Guards have tried it; also the Camerons, and have been repulsed with a loss of 1,300 men. I expect you boys to take them.

"We waded in and took them in short time and held them. Our casualties were 65."

Another letter which was received from Walter Flewin, tells how he met with his accident. It is dated June 3, from No. 4 Base Hospital at Versailles near Paris. He says:

"I got mine the other day at La Bassee—a wallop in the left arm and ribs with a chunk of shrapnel. The doctor had a look at my arm this morning with the X-ray, and decided I had a couple of chunks of iron in my elbow that I was not entitled to carry. My left arm is useless, but will be better before long. I expect to be moved to England in a few days."

CANADIANS HONORED FOR SERVICES IN THE FIGHTING IN EUROPE

Brigade Generals Including A. W. Currie Of Victoria Made Companions Of The Bath---Lt. Col. Leckie Given Distinction---Victoria Crosses Won By Several From The Dominion For Personal Bravery On The Field

London, June 23.—The following Canadians have been gazetted for honors: Companions of the Bath General, A. W. Currie, second brigade; General Mercier, third brigade; General Turner, first brigade; General Burstall, artillery brigade; and Colonel Foster of the Medical Corps.

Companions of the Order of St. Michael and St .George, Lieut. R. G. E. Leckie, sixteenth Battalion; Lieut.-Col. Forde, Medical Corps.

Victoria Crosses have been won by the following Canadians: Captain A. A. C. Scrimger, 14th Battalion; Col.-Sergt. A. W. Hall, 8th Battalion; and Lance Corp. Fisher of the 13th Battalion.

Of the men honored as given above, Brig.-Gen. Currie of the second brigade, is well known to many in Prince Rupert. He has been identified with the militia in Victoria for a considerable time. He was Col. of the Fifth Regiment Royal Canadian Artillery, and later was made Col. of the Scottish regiment there.

Probably none in the city at the time were better pleased to hear of General Currie's honor, than Mr. Justice Gregory, who as Col. of the 5th Regiment in Victoria some few years ago, had as one of his officers Capt. Currie as his rank then was.

Col. Leckie, of Vancouver, who attains to the honor of being made a Companion of the Order of St. Michael and St. George, is well known to many also.

Companions of the Order of the Bath, which dates back as far as 1399, are limited to 1,007, of whom 705 may be for military and 302 for civil service. An officer must have received a medal or some similar honor, or have been specially mestioned in despatches for distinguished service in action, before he can be nominated.

The Victoria Cross, which honor was instituted in 1866, is a reward for conspicious bravery .

IT IS REPORTED THAT A MEDIUM SIZED PLANT WILL BE INSTALLED

A Location Said To Have Been Secured Near Seal Cove.

A sawmill it is reported is to be established in the city within a very short time. It will be located at Seal Cove, where it is said a site has been secured, having access to the water and also alongside the G. T. P. tracks.

The intention of the company it is said, will be to start off on a comparatively modest scale. A plant that has been used before has been secured, and will be installed. As trade opens up, the plant will be capable of being enlarged to meet the demands.

CANADIANS SHOWING.

In another column, appears a report which indicates that the Canadian soldiers at the front are making an excellent showing. All Canadians will feel proud of the way in which the representatives of the Dominion in the Empire's war are acquitting themselves. There are special reasons why they should give a good account of themselves. Life in this country is of such a nature that men are made capable of adapting themselves to many conditions very readily, and very quickly. This is something that will be of advantage to anyone serving under war conditions. This will apply not only to native born in the United Kingdom, who may have pushed out from the old land and taken up their residence on this side of the Atlantic. Those who have lived in a country like Canada, should be better prepared for all the necessitudes of war, better than they would be reared under old country conditions.

At the same time, it would be a mistake for Canadians to think that they are any braver or any better soldiers than the men of the old country. The British regiments have had careful training, which in some respects will make up for the advantages that go with those who have had the training that is felt to be so profitable on this side. If Canadians have had their glory in the war, the same may be said with equal truth of the regiments from England, Scotland Ireland, and Wales. We feel that taken all round there will be little difference to be found among them as fighting forces.

FINAL CASE

(Continued from Page One.)

arrived from the east with the witness. This was the case of Kane vs McKendrick. The action was one for damages. Mr. Justice Gregory reserved his judgment, and will mail it north.

The case is one arising out of the ownership of a building erected in Aldermere, on land belonging to the plaintiff. The building was used during boom days in the place ,but later fell into disuse. McKendrick, thereupon, took it off the land of Kane, who entered action for trespass and for removing the building.

After the evidence had been put in, His Lordship addressing Alex. Manson, who appeared for the defendant said:

You make no attempt to justify the trespasser. It is simply a case of damages.

Mr. Manson contended that the plaintiff was justified in removing the building, even if he had to trespass to do so.

His Lordship found fault with Mr. Manson not citing cases to support his contentions and some interesting little passages occurred.

Is Business Slow?

It probably serves you right

You are not letting the public know what you have

Advertise!
Advertise!
Advertise!

That is the Solution

That manufacturers should increase their advertising appropriations during a period of business depression and curtail during the years of prosperity, was the opinion advanced by Roger Babson, the financial and business statistician, at a meeting of the Technical Publicity Association, held in New York.

"Directors of your company regard advertising as a luxury to be cut down when business is poor," said Mr. Babson. "They give you orders what to do rather than you giving them orders.

"If you solved this advertising problem in a scientific way you would tell them what to do, the same as their lawyers and their bankers tell them.

"In a year of prosperity they are willing to give you a big advertising appropriation, and when the reaction comes they cut down to almost nothing. Take the big appropriation in the fat years and salt it away for use in the lean years.

"If you all did this the business of the country would move along more evenly; the business boom would be less, and the reaction, the area of business depression, smaller."

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

FISH ARE NOT RUNNING WELL ON NASS RIVER

The Results Are More Or Less Discouraging To Those Concerned.

Reports from the Nass are to the effect that the sockeye salmon are not running there as well as could be hoped for. It is feared that the catch will not be as good as previously.
