GERMANS WERE REPULSED IN ATTEMPTS AT AISNE

THE ENEMY'S AEROPLANES ARE BROUGHT DOWN

TURKISH OUTPOSTS HAVE NOW REACHED SINAI

MISREPRESENTATIONS MADE BY THE LIBERALS

The Opposition Has Nothing to Plume Itself About With Respect To The Treatment Of The Residents Of Queen Charlotte Islands

A resident of the Queen Charlottes who has spent a number of years there and knows whereof he speaks forwards a letter to The Journal dealing with the misrepresentations that have been made by the Liberals with respect to public works there. The letter is as follows:

To the Editor:

A correspondent in the News yesterday had something to say regarding Mr. Clements' speech at the Conservative smoker and Graham Island which is apt to give one who does not know the facts a wrong impression altogether. From this letter in the News one would think that the Liberals had done everything possible for the settler and since the advent of the Conservative party nothing had been done. Anyone who has resided on the Islands knows better. In the first place, when the wireless station was built there was only connection by phone to and from Queen Charlotte City, Skidegate, and Dead Tree Point. Massett and other important points at the north end of the Island were left out in the cold, and if a business man or settler wanted to send out a message he had to walk a distance of sixty miles to the wireless station. This has all been changed since Mr. Clements became our member and now every settlement on Graham Island has been linked up by telephone and telegraph. This correspondent in the News also says that the use of the phones was free during the Liberal administration and that as soon as the Conservatives were elected a charge was placed on them. Nothing of the sort. It was a case of mismanagement, and it was well enough understood when they were installed that if anyone wanted to use the phone between Charlotte and Skidegate they had to pay for it.

During the Liberal administration only two wharfs were built on Graham Island. How many have been built since Mr. Clements was elected? Seven! A settler does not need to walk twenty or thirty miles to get his mail now, as was the case during the time the Liberals were in power. Mail carriers take the mail to the various settlements, where post offices have been opened. Not only that, but Mr. Clements managed to get the mail subsidy increased, but none of the steamship companies have seen their way to accept it and give a weekly service during the winter months.

There are the aids to navigation also which is a most important thing. What did the Liberals do with regard to that? Nothing. Now we have first order lighthouses at the north and south end of the Islands, as well as numerous other smaller lights and buoys, thanks to our energetic member. The settler has no kick coming with Mr. Clements or the Dominion Government, which will be proved when the next election comes off.

QUEEN CHARLOTTE ISLANDER.

PRINCE RUPERT'S ASSETS.

That the charming weather conditions that prevail in this city is one of its assets may be brought home on opening the Winnipeg Free Press of last Monday, when the weather reports showed a temperature of 30 degrees below zero. The following was blazoned on the front page of that paper:

HOW'D YOU LIKE TO BE IN PRINCE RUPERT?

Prince Rupert, B.C., Jan. 25.—The temperature at 7 a.m. this morning was 32 above; clear.

Turks Reached Sinai Peninsula

Cairo, Jan. 29.—The Turkish outposts have reached the vicinity of Tor Kubri on the Sinai Peninsula. Up to the present the fighting has consisted only of small outpost clashes.

Aviators Are Still Getting In Work In The War Areas

Paris, Jan. 29.—Dunkirk has been bombarded by more aviators which caused some insignificant losses. There were, however, a few persons killed and wounded.

Between 11 o'clock last night and 2 o'clock this morning two of our aviators launched numerous bombs on the enemy's works in the region of La Foie, Laon, and Soissons.

On the morning of January 29 a German aeroplane was brought down east of Gerberviller. Its pilot and mechanic were made prisoners.

VANCOUVER WON HOCKEY.

Vancouver, Jan. 29.—In the hockey match here today the score was: Vancouver, 12; Victoria, 5.

Many Naval Reserve Men Went Down On Merchant Cruiser

London, Jan. 29.—The casualty list from the sinking of the British armored merchant cruiser Viknor which was lost off the coast of Ireland, was heavy. She carried a crew of 258, composed of naval reserve boys belonging to the mercantile marine.

All of these perished. Among this crew were 24 naval reserve men from Newfoundland.

HOSPITAL HELD ITS ANNUAL MEETING

FIVE DIRECTORS ELECTED AT THE GATHERING OF SUBSCRIBERS.

Reports Presented Covering the Year's Work in Various Lines.

Last evening the annual meeting of the Prince Rupert General Hospital Association was held in the City Hall. D. G. Stewart, the president, presided. The meeting was held for the purpose of conducting the general business of the institution and for the election of five directors from the subscribers and donors. The election of directors resulted in the election of the following: Judge Young, J. A. Kirkpatrick, George W. Morrow, Dr. Clayton, and O. H. Nelson. These were all elected by acclamation. D. G. Stewart, M. M. Stephens, A. T. Broderick, J. H. Thompson, and George Tite were also nominated but declined to accept.

Mr. Stewart, who has been president ever since the opening of the institution, explained that he wished to retire as he had been elected president of the Board of Trade, which would take all his spare time. Regrets at his retirement were expresed by members of the old executive.

The annual reports showed that the institution was in a satisfactory condition. The sentiment was expressed that it would have to be watched closely this year from a financial side in view of the general stringency.

M. M. Stephens hoped to see the ticket system pushed energetically. He believed that if properly handled about one thousand tickets could be sold.

Votes of thanks were voted the retiring board, the staff, the City Council, and the Provincial Government.

The attention of the Association was called to the fact by J. A. Kirkpatrick that during the year the Association had lost one of its life members in the person of William

MEMBERS HAD CRITICISM TO OFFER

CAPT. H. E. FORSTER OF COLUMBIA THOUGHT FARMERS NEGLECTED FARMS.

He Urged That This Was Consequence of Being Employed on Roads.

Victoria, Jan. 29.—In the Legislature today Capt. H. E. Forster, Member for Columbia, criticized the Government.

He questioned the wisdom of the railway guarantees and deplored the existence of what he contended was a political machine.

He thought also that too much money was spent unprofitably on the roads in the province. He pronounced the principle of employing farmers on the roads as bad as they neglected their farms.

Assistance, he felt, was urgently needed for the agricultural community.

SIR RICHARD DEALS WITH PROVINCE'S FINANCES

He Showed That The Province Stood In Good Shape In Spite Of The Alarmist Reports---British Columbia Is Doing Her Part

Victoria, Jan. 26.—That the financial position of the province today is as sound as it was when his Government assumed office twelve years ago, but that in view of the abnormal conditions now prevailing throughout the world retrenchment in every direction was an absolute necessity, was the statement of Sir Richard McBride, in continuing the debate on the address.

Dealing with the financial position, Sir Richard said the Government had in the banks in Victoria today $6,000,000 in gold; the sinking fund amounted to $3,000,000; the total debt was $20,500,000, and a little calculation would show that the province owed very little more than it did twelve years ago, when the present Government assumed office. The per capita debt was not by 60 or 65 per cent. what the people of the province owed when the Government took over the administration.

No Desire to Make Overtures.

Reverting to Mr. Parker Wiliams' criticisms, he said the latter had attributed to the Government a desire to escape criticism at this session owing to the war. He (Sir Richard) recalled that he had in a newspaper interview some time ago stated that in view of the great crisis which confronted the Empire, the session would in all probability be short, devoid of important legislation and free from acrimonious discussions. He had been impelled to make an observation of that kind, inasmuch as a similar policy had been determined upon in every parliament throughout the Empire; but he did not intend by this to make overtures to his friends, the two Socialist members. He had never admitted the right of his Socialist friends to speak for the workingmen of the country; it was in his judgment the Conservative party that had the best right to do that.

The Member for Newcastle had made a reference to the war. He complimented him on his eloquence and the evidence he gave that he had carefully studied the question. He evidently realized what the war meant—a destructive blow to militarism. He and his colleagues sympathized with this view; but they went further and decla ed that the outcome would impress upon the world that the Empire stands for liberty and freedom, and to prove to generations to come that Great Britain is the mother of liberty.

Canada Doing Her Part.

Canada was doing her part nobly, and the Legislature of the province could justly feel that up to this moment the Western section of the Dominion and British Columbia were well bearing the share of their burden for the defence of the Empire. British Columbia stood ready to make every sacrifice to ensure victory for the Allies.

They all fervently hoped that something might happen to terminate the terrible struggle at an early date; that the great sacrifices they were all prepared to make would not be needed; but was it not complimentary to the manhood and womanhood of the country that they were prepared to face all these bitter sacrifices and determinedly prepare to sustain the reputation of the province and its highest traditions that obtained here from the days of the early settlers down to the present war?

Sir Richard felt it incumbent upon him to make a graceful acknowledgment of the immeasurable assistance rendered Great Britain by her loyal ally, Japan. He did this with all the more pleasure because he hoped thereby to be able to remove the false impression which might attach to the fact that the Legislature had taken steps to restrict Asiatic immigration. He had always protested against any such inference being drawn by Japan. British Columbia was obliged for

Saturday, January 30, 1915.

CONSERVATIVE CRITIC.

Capt. Forster, the member for Columbia, offered criticism of the Government on some points. This member for Columbia entered the House with a "grouch" against the party. He personally complained of the former member for that constituency, Mr. Parsons, and the party had its differences in the riding as to who should be candidate. Capt. Forster won out, but he always complained, as politicians are inclined to do when they do not get what they want, that he had run up against a machine. He, in consequence, sees machines everywhere. The Conservative party is prepared for honest criticism in its own ranks. It courts it. There is no opposition to criticize.

CAVALRY CORPS FROM CANADA FOR DUTY IN EGYPT

Ottawa, Jan. 29.—Canadian cavalry regiments are going to Egypt. On very high authority it was learned today that three of the mounted regiments now being raised in the West will be assigned to duty there, along with regiments from Great Britain and Australia.

Col. Victor Williams, formerly adjutant-general, who is now with the Canadians at Salisbury Plain, is to command the brigade, which will comprise 1,700 men.

The mounted troops will go to England for a course of preliminary training with the second contingent.

KITCHENER HAS TWO AND A HALF MILLION

A letter recently received in Montreal from a prominent citizen of Glasgow, Scotland, says that, though the Government has made no announcement of its progress of recruiting, it is known that over 2,500,000 men are already enliste and the last 500,000 for the third million are now being taken on. Recently 8,000 men left Glasgow for one of the mobilization camps.

Prince Rupert Assessment District.
COURT OF REVISION.

NOTICE is hereby given that a Court of Revision and Appeal under the provisions of the "Taxation Act" respecting the assessment rolls of the Prince Rupert Assessment District for the year 1915, will be held at the Provincial Assessor's Office, Prince Rupert, B. C., on Friday, January 29, 1915, at 2 o'clock in the afternoon.

Dated at Prince Rupert, B.C., January 9, 1915.

ALFRED CARSS,
Judge of the Court of Revision and Appeal. ja10

TAX NOTICE.
Prince Rupert Assessment District.

NOTICE is hereby given in accordance with the Statutes, that all assessed taxes and income tax, assessed and levied under the "Taxation Act" are now due and payable for the year 1915. All taxes collectable for the Prince Rupert Assessment District are due and payable at my Office, situated in the Provincial Land Registry Building, in the City of Prince Rupert, B.C.

This notice in terms of law, is equivalent to a personal demand by me upon all persons liable for taxes.

Dated at Prince Rupert, B.C., January 9, 1915.

C. W. HOMER,
Assessor and Collector for the Prince Rupert Assessment District.

SIR RICHARD DEALS WITH PROVINCE'S

(Continued from Page One.)

economic reasons to take the stand she did on Asiatic immigration and he was glad of this opportunity to say once again that such legislation or expression of views on the part of the Legislature must not be taken as a reflection against the Japanese people.

Japan's Good Service.

Japan had already in the course of the war rendered Great Britain immense service. An illustration was given on the Pacific Coast during the early days of the war. There had been some alarm all along the coast owing to the activity of the German cruisers and it was well known in official circles that the type of British vessels here was unable to cope with the enemy. So everyone knew with what relief it was learned that Japan had placed vessels so dispositioned as to be able to protect our shores from invasion, our revenues from the hands of the enemy and our people from panic and alarm. The thanks of the people of Canada were due to the Japanese Emperor and his people for this timely assistance on the part of their fleet.

He would tell the Member for Newcastle that in ten days he would be able to make a trip of inspection over the Canadian Northern. The last rail had been laid on Friday, and he was informed that there would be a formal ceremony of driving the last spike at Black Canyon on the Thompson River in ten days. The members of the Legislature had been invited to this ceremony, and he hoped they would all be able to go, investigate and see the magnitude of the work that had been accomplished. The road was a splendid engineering achievement.

In respect to the Pacific Great Eastern, the entire grade had been finished to Fort George, the only gap being from North Vancouver to Howe Sound and this would be taken in hand very shortly. This railway, in common with everyone else, was troubled with financial difficulties at this time, in the matter of the disposition of their gilt-edged securities, but they had shown courage and kept on. The members would be invited to make a trip as far as Lillooet in a few weeks.

The Kettle Valley road was practically completed from Hope to Midway. They could also go over this line and see what sort of work had been done. This road had been given no guarantee, but the country had backed it with its gold. There had some years ago been a great clamor for a road via the Hope Mountains, but with so much development work going on in later years, the people seemed to have lost their sense of proportion, as this road now seemed to have a secondary place in public estimation. The grades had been practically completed along the entire mileage and the road would be in commission this year. The Fraser River bridge at Hope was making good progress. It was aimed to open it in two or three weeks and the members were invited to inspect it.

Agricultural Bill.

The agricultural bill would contain provisions which if advanced 15 or 20 years ago would have been considered revolutionary, but they were measures which now it is felt may be profitably adopted at the present time.

It was true that there was a great deal of money owing the Government. If they were to press for prompt payment great hardship would result to many people. The Government had endeavored to get along without hurting anyone, and had succeeded in keeping the financial position of the province unassailed.

Part of the scheme for the relief of distress had been the loaning of money on municipal securities. Thus sums had been loaned to Ladysmith, Nanaimo and South Vancouver. It had been urged that the Government should establish relief works. He was opposed to this policy. The Government might squander hundreds of thousands of dollars on relief work, but it hesitated to do it unless the works could be profitably carried on after the emergency had been met.

They must try and meet conditions as they are. They would require to be careful of all that they did. If the war continued through the year and the province was called upon to bear a heavier burden, through the diminution of revenue, it was vital that they should exercise strict economy.

Product No. 99

Contains about 2¼ lbs. $1.50

SPLENDID FOR PLUMBERS

The sale of Product No. 99 is strictly confined to the high-class supply houses. Its cost of manufacture is therefore not affected by Dept. or "price cutting store" influence that so often drives manufacturers to the use of inferior chemicals and processes. Nor is the dealer allowed to reduce the retail price under penalty of having his supply terminated.

A POWERFUL SOLVENT FOR
CLOGGED UP DRAIN PIPES

"99" destroys accumulations of lint, paper, cloths, hair, slime, grease, vegetables, soap, fruit and many others. It is harmless to finest plumbing.

DON'T ARGUE DON'T PUT OFF TEST IT

This preparation has been so generally successful in clearing drains that it is bought over and over again by those who have tried it, but inasmuch as no one can know the actual condition existing within a pipe, it is absolutely impossible for the manufacturer or the dealer to guarantee the result.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

DR. INMAN

Resident

Eye Specialist

Office: Third Ave. Prince Ruper
Suite 1, Exchange Block

Before leaving for the south for a short time I purpose giving those who wear spectacles or eyeglasses—or those who may need them—a specially close price on any and all kinds of Glasses. For ten days only—from January 11 to January 21. I leave on January 22, and it will be an advantage to all those who wear glasses or may require them, to see me at once, at my offices, Suite 1, Exchange Block, or at McCutcheon's Drug Store. This applies to all kinds of frames and lenses and cases all complete, the eyes carefully tested and frames perfectly adjusted—and guaranteed to be in every way accurate. If interested call and see samples and get prices and arrange appointments to have eyes carefully examined. During these dates it will pay you, if you are using glasses, to get an extra pair, as the opportunity will not occur again. I fit all kinds of Lenses—also Toric or wide angle Lenses—and Kryptoks—giving you both distance and near which have the advantage of being invisible. Call early, so that in the event of having to order I may get them here before I leave on January 22. If you need anything don't miss this chance for 10 days only. Day or evening.

GUARANTEED American Silk HOSIERY

WE WANT YOU TO KNOW THESE HOSE

They stood the test when all others failed. They give real foot comfort. They have no seams to rip. They never become loose and baggy as the shape is knit in, not pressed in. They are GUARANTEED for fineness, for style, for superiority of material and workmanship, absolutely stainless, and to wear six months without holes or replaced by new pairs free.

Our Free Offer

To every one sending us 50c to cover shipping charges, we will send, subject to duty, absolutely free:

Three pairs of our famous men's AMERICAN SILK HOSE with written guarantee, any color, or

Three pairs of our Ladies' Hose, in Black, Tan or White colors, with written guarantee.

DON'T DELAY—Offer expires when dealer in your locality is selected. Give color and size desired.
