# GERMANS CONTINUE SLAUGHTERING OF INNOCENTS

# RUSSIANS CONTINUE DESPERATE FIGHT IN GALICIA

# BAD WEATHER ON WESTERN FRONT STOPS FIGHT

## *Russians Are Fighting Manfully Againt The Germans In Galicia*

Petrograd, May 7.—An official report says:—In the region of Mitau our troops have continued to press the enemy closely.

In the direction of Mlawa we continued to develop the success recently achieved. The enemy attempted to cross the Pilica in the region of Kozlovetz but were repulsed.

In Galicia the fighting which has been of a desperate character continues."

In London there is a growing belief that the German successes reported for May 2nd and 3rd were not so great as represented. The Russian version of the fighting it is felt is much nearer the true facts which showed that in spite of a repulse the Russians held on desperately and are making headway again.

## Bad Weather Stopped Fighting

Paris, May 7.—An official report says: "The enemy attempted two minor attacks this morning. Both were repulsed by gun fire and the use of the bayonet. Bad weather has stopped all action during the afternoon."

## MALEVOLENCE IN ACT IN USING GAS

**GERMAN'S PLAN TO DO PERMANENT INJURY TO THOSE WHO ARE AFFECTED**

**The Death Resulting is Said to be a Painful One Says Report**

There has been given out in London a report on the use of the asphyxiating gases by the Germans from Sir John French, Commander-in-Chief of the Expeditionary Force on the Continent, which reads:

"The gases employed by the Germans have been ejected from pipes laid into the trenches. It has been produced also by the explosion of shells specially manufactured for this purpose. German troops who attacked under cover of these gases were provided with specially designed respirators, which were issued in sealed packages to all points on the line. This shows the methodical preparation on a large scale.

"A week before the Germans first used this method, they announced in their reports that we were making use of asphyxiating gases. At that time there appeared to be no reason for this falsehood. Now it is obvious that it was part of a scheme, and it is further proof of the deliberate nature of the introduction by Germans of this new and illegal weapon. It shows they recognized the illegality and that they were anxious to forestall neutral and possibly domestic criticism.

"Since the enemy first made use of this method of covering his advance with a cloud of poisoned air, he has repeated it on both the offensive and defensive when the wind has been favorable.

"The effect of this gas is not merely disabling or painlessly fatal, as has been suggested in the German press. Those victims who do not succumb on the field and who can be brought into hospitals suffer acutely and a large proportion of the cases die a lingering, painful death.

"Those who survive are in little better shape as the injury to their lungs appear to be of a permanent character and reduce them to a condition which points to their being invalids for life. These effects must have been well known to the German scientists who devised this new weapon and to the military authorities who sanctioned its use.

"I am of the opinion that the enemy has definitely decided to use these gases as a normal procedure, and that protests would be useless."

## Additional Halibut Coming In

Yesterday there arrived in port additional catches of halibut from the fishing banks. Included in the amount brought in were the catches of two United States bottoms, the Helgiland and the Agnes . These independent boats brought 30,000 pounds and 10,000 pounds respectively. The boats disposed of their catches the results. The Zebassa betorage and were well satisfied with to the Canadian Fish & Cold Slonging to the Cold Storage Company brought in 50,000 pounds.

## PRINCE RUPERT WILL REAP BENEFIT

**THIS IS NEAREST TERMINAL PORT TO ALASKAN RAILWAY**

**G.T.P. is Setting Forth the Advantages of this Route to Those Going There**

The Grand Trunk Pacific Officials says a press report are naturally interested in the railway which the United States Government is building in Alaska—a railway which will open up 591,000 square miles of territory and which will cost something like $35,000,000. Prince Rupert, the terminus of the Grand Trunk Pacific, is at the doorway of Alaska, which has been held back for the lack of railways. With these the country, which is incalculably rich, should prosper and the Grand Trunk Pacific stands to get big business out of and into this wonderful country where the summer is hot and brilliant, and vegetables and fruit grow as well as in the temperate zones.

## POSTAGE STAMPS MAY BE USED

**INFORMATION GIVEN AS TO THE EMPLOYMENT FOR DIFFERENT USES**

**These May be Made Use of Instead of Inland Revenue Stamps**

Enquiries having been received in regard to postage stamps being used for the prepayment of war duties on bank cheques, bills of exchange, promissory notes, express money orders, proprietary or patent medicines, perfumery, wines or champagne, as well as upon letters and postcards, postal notes and post office money orders, notice is hereby given that this use of postage stamps is in strict accordance with the provisions of the special War Revenue Act, 1915, which provides that postage stamps may be used in lieu of Inland Revenue War Stamps in fulfilment and discharge of any requirement under the act that adhesive stamps be affixed.

The public is at liberty at all

(Continued on Page Four.)

## *China Has Conceded All Demands Made By Japanese Government*

Peking, May 7.—War between China and Japan seems likely to be averted. China is prepared to concede the Japanese demands, realizing that her position is hopeless.

**Japan Made Ready**

Tokyo, May 7.—Forty warships, including the battle cruiser Kongo, are at Sasebo ready for action. A second squadron under Admiral Nawa is taking a quantity of supplies on board.

**Defends Stand**

Vancouver, May 7,—"We are Allies fighting against the common enemy," said Mr. Abe, the Japanese Consul in Vancouver, referring to the Anglo-Japanese alliance, "and it is our object to foster the best of good feeling between Japan and Canada. We are not taking any advantage of China, and the best proof of that is that the British and Japanese Government fully understand each other in the matter. Some of the published reports of the negotiations are misleading. Equal opportunity for every nation and the policy of open door is purely what we seek."

**BORN**

On Friday, May 7, to Mr. and Mrs. Irving Linell, a son.

## AIRSHIP CANADA FOR THE FRONT

**PUBLIC SUBSCRIPTIONS FOR AIR CRAFT IS NOW BEING TAKEN**

**Royal Bank of Canada in This City is Receiving Voluntary Contributions**

A laudable movement to furnish an aeroplane for the British-Fleet-of-Airships is on foot in Canada. The craft will be called "Canada" and a direct appeal is being made for contributions of from 25 cents. up. The local contributions are being received at the Royal Bank where the manager H. P. Wilson has a subscription list, quite a number have already subscribed half-a-dollar. Others are requested to do so.

The appeal on behalf of the fund which is sent from Toronto, reads as follows:

With the approval of the British War Office, and under the patronage of H.M. The King, the Overseas Club, London, England, have appealed to the Dominions overseas to present as a further evidence of their wholehearted support and self-sacrifice on behalf of the Empire, one or more Aeroplanes to the Mother Country; each district, province or Dominion subscribing the cost of a machine will have the name painted upon the wings of the aeroplane which will serve as a splendid testimony to the patriotism of Greater Britain.

The cost of a 100 H.P. gnome Vicker's gun biplane, complete with gun, is about £2,250, approximately $11,000—and of a 70 H.P. Renault B.E.-2 C about £1,500, approximately $7,300 (the two types in use by the British Government) for Immediate Delivery at the front. A trivial amount compared with the wealth of the country, the strength of her manhood and womanhood, the spirit of her sons and daughters in the support of the cause which we all hold so dear, and of such vital importance to the Empire.

Opportunity is now given us to be represented in the aerial fleet, which during the next few months may prove to be the deciding factor in the war.

The powers, offensive and defensive, of the aeroplanes have been proved to be unlimited, and from a sense of patriotism, pure and simple

# LUSITANIA SUNK IN FIFTEEN MINUTES WITH PERHAPS NEARLY FIFTEEN HUNDRED SOULS

## About Five Hundred Or Six Hundred Survivors Have Been Landed---Several Have Died In Hospital Since Reaching Shore---Torpedo Struck Palatial Steamship While Passengers Were At Lunch Off The Irish Coast

London, May 7.—The Cunard liner Lusitania was sunk today off the north coast of Ireland by a German submarine. The torpedo was fired from the submarine without warning as the passengers were eating their lunch. Within fifteen minutes of being hit she sank.

**Heavy Loss of Life**

The admiralty states that between 500 and 600 survivors have been landed in Ireland. The first officer thinks that there were from 500 to 600 only saved out of 1251 passengers and 816 of a crew.

Many of the rescued ones are being brought to Queenstown by steamers. Others it is reported have landed at Clonitaly. The steward of the first boat landed at Queenstown stated that he fears that 900 have been lost.

**Had Little Time**

The torpedoes, the survivors say, were fired while the passengers were at lunch. The boats on the ship were immediately ordered out. The ship however listed badly almost immediately.

Two boats were put into the water and between 400 and 500 passengers entered them. Within fifteen minutes from the time the ship was hit she sank.

**Died Aftaer Landing**

Of the survivors who have been landed in Ireland many have had to be taken to the hospitals, of these several have died. Some were landed at Kinsale as well as those at Queenstown.

The torpedoing occurred about ten miles off the Old Head at Kinsale.

**Warnings Before Sailing**

Before the Lusitania sailed from New York warning of a anonymous character was sent to many passengers informing them that the steamer would be wrecked. Foreigners on the wharf are said to have announced that that would be the last trip of the Lusitania.

The vessel was of British register but is reported to have been flying the United States flag when hit.

## Prince George Arrives Today

Starting the new service between southern ports and here the Prince George, the sister ship of the Prince Rupert, will arrive this morning. This gives the G.T.P. a twice a week steamship service which will continue until June 1, when the new schedule comes into effect, giving three boat sailings to and from here each week. The Prince George will be over here until Monday when she leaves for the south.

### A BARBAROUS NATION

It is evident that the destruction of the Lusitania with unoffending non-belligerents on board her has been done designedly by the German submarine fleet acting on instructions from headquarters. The act is one which is exceedingly repulsive to right thinking people. It places the German nation in the unenviable position of having to be regarded as barbarians. No one can believe that the great mass of the common people of German blood will approve of such an act The rulers of Germany are directly responsible The nation should be made to suffer the fruits of such an act. We feel that the Allies are fully justified in placing Germany now on a par with what Zululand was regarded as some twenty or thirty years ago. That country has forgotten all right to respect. The pirates of old were gentlemen compared with the rulers of the German navy. Complete prostration as a nation is none to much to demand of Germany in view of the conduct of the army and navy during the present war.

### ADVANTAGES OF WEST

The Journal has just received a new booklet issued by the Department of Natural Resources of the Canadian Pacific Railway at Calgary, Alberta, Saskatchewan, and Manitoba, and setting forth the terms on which the Company's lands are offered to actual home-makers in these Provinces. The folder contains a vast amount of information, such as the averages of all leading grain crops in the three provinces for a period of years, the average prices for the last five years, the elevator, flour mill and oatmill capacity, statements of temperatures and preciptations, live stock tables, general information covering such points as customs, quarantine and transportation regulations, public worship, school systems, agricultural education, railway facilities, public roads, system of taxation, voting regulations, rural telephones, water supply, system of land survey, cost of implements, building material, harness, furniture, dry goods and clothing, meat and groceries, and the capital necessary for a settler to make a proper start. The booklet is illustrated with forty photographs of actual farm scenes in Western Canada, and included in it are maps in two colors of Alberta and Saskatchewan. All persons interested in opportunities afforded to home-makers in Western Canada should make a study of this folder, which may be had free of charge by addressing the Publicity Branch, Department of Natural Resources, Calgary, Alberta.

### TIMBER SALE X 406

Sealed tenders will be received by the Minister of Lands not later than noon on the 18th day of May, 1915, for the purchase of Licence X 406, to cut 535,0000 feet of Spruce, Balsam, Red Cedar, Hemlock, on an area covered by Lot 2241, Smith Lagoon, Range 5, Coast District.

Two (2) years will be allowed for removal of timber.

Product No. 99
Contains about 2¼ lbs.
$1.50
SPLENDID FOR PLUMBERS
The sale of Product No. 99 is strictly confined to the high-class supply houses. Its cost of manufacture is therefore not affected by Dept. or "price cutting store" influence that so often drives manufacturers to the use of inferior chemicals and processes. Nor is the dealer allowed to reduce the retail price under penalty of having his supply terminated.
A POWERFUL SOLVENT FOR
CLOGGED UP DRAIN PIPES
"99" destroys accumulations of lint, paper, cloths, hair, slime, grease, vegetables, soap, fruit and many others. It is harmless to fines plumbing.
DON'T ARGUE DON'T PUT OFF TEST IT
This preparation has been so generally successful in clearing drains that it is bought over and over again by those who have tried it, but inasmuch as no one can know the actual condition existing within a pipe, it is absolutely impossible for the manufacturer or the dealer to guarantee the result.

(Continued from Page One.)

public. It was as follows:

"On behalf of the government and people of New Zealand I desire heartily to congratulate Canada on the gallant stand made by her troops in the recent fighting near Ypres. The men of the Overseas Dominions are proving themselves worthy scions of the old stock, which down through strenuous centuries has produced a strong and united empire whose bulwarks are liberty and freedom.

"New Zealand's sons at the front are eager to have the opportunity of fighting shoulder to shoulder with their Canadian brothers in arms against our common foe and in defence of our national honor. Our warmest sympathy goes out to the relatives of the brave men who have fallen.

(Signed) "MASSEY,
Prime Minister."

## 68th Regiment, E.G.O.R.

REGIMENTAL ORDERS

B.O.

J. B. GILLATT, Capt.
Acting Adjutant, 68th Regt.

AIRSHIP CANADA

(Continued from Page One.)

we should strain every effort to place Canada in the van of the aerial fleet, esepcially as she is not represented upon the forefront of the battle lines in the North Sea, the Dardanelles, or the Southern Seas, where Australia, New Zealand and South Africa have been glorying in the presence of their men and metal.

Any subscriptions from 25 cents to $25 (or more if one can control one's desire for luxuries at the present portentous moment for the Empire) will aid this project which, primarily, is to further prove the love, self-sacrifice and devotion for the Empire, side by side with the Mother Country, and Sister Lands, of a people saturated with patriotism for cause and country, which neither politics or prejudice can undermine or foes destroy.

Every one of us have calls on our means, too many some say, but is any "call" too great when we remember our gallant sons knee deep in mud and water in the trench momentarily threatened by a sniper Taube, or shell fire, defending us, our homes, and our Empire?

The possession of a fleet of hundreds of aeroplanes make for the protection of our soldiers and sailors, cutting off the lines of communication, destroying ammunition trains and supplies, carrying the war into the enemy's territory, and even the bombarding of the factories and airsheds far behind the battle line, thereby weakening the resistance of the enemy and helping to save the lives of our men.

It is in the power of every man, woman and child to help to consumate this idea to the gratification and glory of Canada.

Do Not Delay, for time is precious. Read these few words aloud and then act. What you do, remember, is for Cananda and Empire, your homes and defenders.

Send your offerings to Fane Sewell, care the Cadadian Bank of Commerce, Spadina and College, Toronto; to R. Ivens, 51 Yonge St., Toronto; or A. S. Farr, 712 Crawford St., Toronto, president and secretary respectively of the Overseas Club, Toronto; or direct to the Canadian Bank of Commerce, Spadina and College, Toronto; for credit of "The Overseas Aircraft 'Canada' Fund" as soon as possible so that early returns may be forwarded to London, England.

Imagine the feelings of our men on seeing flying above them an aeroplane with the words "Canada" painted upon the wings. It would be an inspiration.

MUNICIPAL MARKET MANAGER

Applications will be received by the undersigned, up to 5.00 p.m., Monday, May 10th, 1915, for the position of Municipal Market Manager.
