# LILLOOET PROSPECTOR

VOL. 6, NO. 33

LILLOOET, B. C., FRIDAY, JUNE 16, 1916.

\$2 PER YEAR

## GREAT SEND-OFF TO LILLOOET BOYS

Big Crowd Turns Out to See  
Warden's Warriors Depart—  
Fine Body of Men.

### ROLL OF HONOUR

(10)

List of names of "our boys" from Lillooet and vicinity, who enlisted with the 102nd Battalion and left for England on Saturday night, June 10th, 1916:

- TAYLOR, E. J.
- PHAIR, H. L.
- HOLT, E. S.
- KERR, H. P.
- COPELAND, J.
- POWERS, R.
- SOUTH, R. W.
- DOWD, M.
- FITZGERALD, S.
- CRAIG, A. J.
- CARMICHAEL, J.
- KIRBY, Z.
- MILLER, W.
- DOUGLAS, A.
- CLYDE, W. T.
- PINKERTON, E.
- HUTCHINGS, H.
- MOORE, H. S.
- EAGLESON, M. J.
- JOHNSTONE, W.
- MACDONALD, R. H.
- HUME, A.
- DADE, H.
- LONG, E.
- GOTT, F.
- SWEET, E.

A large number of friends and relatives from here motored to Lytton on Saturday night to say good-bye to the boys from Lillooet and vicinity who left with the 102nd Battalion, Northern British Columbia (Warden's Warriors), on their long journey to England. The train, which consisted of thirty cars, was in two sections and passed through Lytton between seven and eight o'clock Sunday morning, stopping just long enough for the friends of the soldier-boys to wish them God-speed and a safe return. All the boys looked well and were eager to get to the firing line.

The Battalion got a big send-off at Vancouver, hundreds of men, women and children being at the depot, and there was no mistaking the heartiness of the cheers which sped the troop trains away.

The men were mobilized at Comox Spit and were nearly all personally selected by Lieut.-Col. Warden. As a result of this policy, the battalion will take a lot of beating in the matter of physique.

The battalion crossed from Comox on the Princess Charlotte and a general holiday was observed at Comox, Union Bay, Courtenay, Cumberland and Campbell River in order that the residents might give the men a sendoff.

On the wharf at Vancouver great interest centred around the battalion's mascot, a bear, which will be placed in the Zoo in London during the battalion's service at the front.

There was an incident which had its pathetic side. While the men were assembling on the dock one of the privates, in full marching order, was quietly married to his fiancée in the customs office.

## A FINE RANCH

While on a pleasure jaunt on Tuesday evening the Prospector man paid a visit to the Dr. O. M. Jones ranch on the west side of the Fraser, about six miles from Lillooet, and was agreeably surprised at what he saw there. This farm consists of about 1200 acres, 300 of which can be cultivated, the balance being pasture land. There is a magnificent barn, capable of housing 30 head of horses, and being fitted up with box stalls and every requirement necessary for the comfort of the animals. Seventy-five tons of hay was stored in the loft of this barn at one time. Another building deserving of mention is the cow stable, with room for 30 head of stock. At present the stock, which is all of the highest grade, consists of 95 head of cattle and 25 horses, besides a number of hogs and a quantity of poultry.

An addition is being made to the house occupied by Mr. Munro, the very capable manager, and his estimable wife, and a first-class building to be used as a dairy is also in course of construction. Dr. Jones is preparing to build a residence on the farm, which he will use as a summer home, and the lumber is already on the ground for this purpose. This structure will be 35x53 feet, with 10-ft. verandas, and will probably be the best building of its kind in this district. Mr. Clark, an expert carpenter, from London, Ont., has charge of the work.

## CANADIAN PATRIOTIC FUND

The following is a further list of monthly subscribers to the above Fund:

Chief Charlie Lusk, 50c.; A. C. Phair, \$5; M. Taylor, 11; Donald A. Manson, \$1; A. Martley, 50c.; Chas. Keary, 50c.; H. Reed, \$3.

Subscribers are again urged to have their monthly donations in the hands of the treasurer at the earliest possible moment after the close of the month, as this money is needed immediately by the Provincial Branch, Victoria.

## LATEST WAR NEWS

The Russians have captured Czernowitz, the capital of Bukovina, taking 6000 prisoners and 200 machine guns.

Austrians are evacuating Lemberg.

Canadians have taken back all the ground they lost of western front, many Germans being killed and captured.

## MEMORIAL

Kitchener is dead! O, K. of K!  
Weeps o'er no nobler head the salt sea spray.  
When thy great Spirit quit its splendid clay,  
A friend to England's friends did 'st pass away.  
Though Britain's eyes be blurred with tears,  
The heart of Britain bravely bears.  
Good soldier and good statesman foully slain,  
Yet still thy puissant sword and pen remain,  
And still triumphant over foe and grave,  
Thy soaring Soul shall sit in great conclave.

The gulfs and chasms thou has spanned  
With noble mind and mighty hand,  
The great offensive thou hast planned  
Shall culminate on German land,  
And victory light the grandeur gloom  
That stills the tumult on thy tomb.

—A. MARTLEY.

## Local Items of Interest

Read our clubbing offer on last page.

Mr. Tom Wilson, fruit inspector, was in town on Monday.

Mr. and Mrs. M. Eagleson spent a few days on the coast during the past week.

It is expected that Premier Bowser will visit Lillooet early in July and address a political meeting here.

Lillooet is experiencing some very warm weather and the vegetables and other crops are coming on "on the jump."

Owing to a slide on the P.G.E. railway between here and Clinton the train was unable to get through on Monday evening.

A meeting of the West Lillooet Conservative Association will be held in Lillooet on Saturday evening June 17, at 8 o'clock.

Miss Pearl Clark, of the 17-mile, who has been visiting Mrs. Eagleson during the week, left for Vancouver yesterday.

Mr. A. Ferguson, of Vancouver, one of the owners of the Pioneer mine, was in town this week, leaving today for Bridge River.

Mr. Harry Keary and Miss Keary left for the Big Horn ranch, Bridge River, yesterday, where they will spend the summer.

Rev. Archdeacon Pugh was unable to get to Lillooet on Sunday last and the services in St. Mary's church were postponed until Sunday, June 18.

Mr. A. Hautier, of Lytton, was in Lillooet on Monday and left in company with Mr. J. B. Perkins to inspect the molybdenite mine on Texas creek.

A couple of mining men, supposed to be from New York, were in town this week, and took several options on mining properties in the Pemberton district.

Be sure and arrange to spend July 1st and 3rd in Lillooet. Big programme of horse races, children's races and athletic sports of all kinds. Some of the best race horses in B.C. have been entered and close finishes are expected. Indian band in attendance.

Mr. J. M. McKinnon was in town on Tuesday evening on his way to Vancouver after spending a few days at his ranch. Mr. McKinnon has about 1200 bearing fruit trees and expects an enormous crop this year. He says conditions could not be better.

In order to build up the circulation of The Prospector, we have made arrangements whereby we can give the Family Herald and Weekly Star of Montreal and The Prospector for the balance of this year for \$1.00. The Family Herald is the greatest home paper in Canada and carries an immense amount of reading matter and information valuable to farmers and others. Bring or send \$1.00 and get two papers for the price of one.

Rev. J. R. Butler left for Mission City yesterday, where he will take over his new duties, and we wish him every success. Lillooet will probably be without a Methodist minister during the balance of the summer.

It is announced from Vancouver that the provincial government

has sold \$2,000,000 worth of bonds, and also that the P.G.E. railway will resume operations on the line north of Clinton at once.

Mr. C. L. Copp, a well known Bridge River mining man, left Vancouver on Tuesday morning with one of the pioneer companies for overseas. Mr. Copp has been engaged as a mining engineer and mine superintendent in British Columbia for many years and when it comes to trenching or tunneling his knowledge should prove useful.

A crew of linemen will be in Lillooet next week to put the telephones in the Lillooet district in first-class working order. They will string another wire from here to the Mission, which will eliminate the induction from the P.G.E. wire and clear the Bridge River line. The local office is also being modernized. New floors have been laid and the interior of the building will receive a coat of paint.

## WEDDING BELLS

A pretty wedding was solemnized at the 37-mile ranch on Wednesday, June 14th, when Rev. J. R. Butler, of Lillooet, united in marriage Harry Adam Smith, second eldest son of Mr. and Mrs. A. W. Smith, of Rosebank, to Hattie Ostrander, second eldest daughter of Mr. and Mrs. Ernest Ostrander. At the conclusion of the ceremony, a very sumptuous repast was given by the bride's parents. The young couple are well known and have the hearty congratulations of their many friends. They intend to make their home at the Rosebank farm for the present.

## BRIDGE RIVER NOTES

The days are fine and warm and everybody seems to be busy.

Three mills are singing songs of wealth, grinding out the yellow gold.

An electric light plant is being installed at the Pioneer mine by E. McDonald, of Vancouver, and will be in working order in a few days.

The wagon road on Cadwallader creek is in the best shape it has ever been.

The Mission Mountain road is now in good shape.

## LETTER OF APPRECIATION.

Dear Mr. Editor,—Will you allow me to give expression through the medium of your paper my appreciation of the valuable service rendered by The Prospector in always advertising matters relative to our church life without any remuneration. Wishing you a prosperous year. I remain,

Respectfully yours,  
J. R. BUTLER.

## CHURCH SERVICES.

The Revd. Archdeacon Pugh will hold Divine services in St. Mary's church, Lillooet, on Sunday, June 18th, 1916. Early Communion at 8 a.m.; morning service at 11 a.m.; evening service at 7.30 p.m.

**The Lillooet Prospector**

W. E. MORRISON, Editor and Proprietor

JUNE 16, 1916.

**WINTER STORAGE.**

The food question has become an all-important one and how to get the largest yield from the soil for labour and expenditure, and also how to care for that yield till the last ounce is consumed, are questions now of the very deepest concern. The governments of our country, Provincial and Dominion, have rendered great service by their appeals for increased production of foodstuffs, which have been responded to in a splendid spirit of patriotism. Valuable information in regard to the best methods of cultivation accompanied those appeals and this information will "bear fruit" long after the necessity for the appeal has passed away. There is no question of doubt but the aggregate of foodstuffs resulting from the cultivation even of 66-foot lots last year must have been enormous. The prospect for the present year is unhappily not so encouraging, as public attention is diverted by other questions of a provincial character.

But while the governments have done well so far, they should go a little further to round off the good work. There is no denying the fact that even among intelligent farmers very much foodstuff goes to waste every year through a lack of expert knowledge of the proper methods of winter storage. Now that meat is becoming so dear and the health-giving properties of vegetables becoming better known, the tendency to use more of these and less of that is becoming more general. But some of the most perishable disappear just when they are most relished. Even the cabbage head, which a few years ago was looked upon only as a despised adjunct of fat pork to be used by those of the most robust constitution, is today recognized as one of the best foods in some forms of indigestion. But just now it is seldom seen on the market. There must surely be some inexpensive way of storing vegetables, and that way should be known to all concerned.

As different substances require different temperatures, so that what would suit one might not suit another, the task of planning some cheap method that would meet all the requirements of the farmer should be undertaken by the government. The necessity for an expert's brain here may be seen from the following four examples: Butter (long storage) requires

10°, apples (long storage), 32°, eggs, 42°, and potatoes, 36°.

If you want to have some one working for you, put some money in the bank.

Thrift is not cheese-paring, but an intelligent use of food and other resources, the habit of sacrificing personal interests to the nation's.

If lies were fertilizers, there would be enough spread over British Columbia the next three months to make this province blossom like a rose.

In this province we need more justice and fewer laws. Too many third rate lawyers wobbling and squabbling in the political foggy sea.—Ledge.

"Were half the power that fills the world with terror, Were half the wealth bestowed on camps and courts, Given to redeem the human mind from error, There were no need of arsenals or forts."

Produce more and consume or destroy less is a simple, effective and unassailable formula, but economies that cause unemployment without the certainty of resultant greater production should be avoided as worse than useless.

On every hand one sees evidence of waste throughout the country as well as in the cities. The farm home, the country hotel, the school child, the youth and maiden, all show the same disposition to regard food, clothing, furniture and books with carelessness and prodigality.

The tremendous losses that have been suffered by agriculture in Europe since Aug., 1914, baffle imagination. In France alone, in the part invaded by Germany, it is estimated that 610,000 horses, 1,500,000 head of cattle, 1,600,000 sheep, 700,000 pigs and 3000,000 fowls have been destroyed. In Belgium the damages to agriculture amount to over \$280,000,000, including about \$130,000,000 for cattle and other domestic animals slaughtered.

**TO THOSE THEY LEFT BEHIND.**

(A Poem for the Patriotic Fund.)

Your wives flit round about your homes,  
And give you of their care;  
Some of the boys who went left wives  
As kind and just as fair;  
Your wives have all the joys they need,  
Their dresses warm and neat—  
How could you see a soldier's wife  
Ill clad upon the street?

You have your little children safe,  
You watch their happy play,  
They laugh and romp about your knees  
Till you are glad as they;  
Some boys who went have children too,  
Who oft their days beguiled;  
God loves the children; He'll love those  
Who help a soldier's child.

You still possess a mother  
To give her love to you;  
The boys who went have mothers  
Who dearly love them too;  
Then for the fond old mothers  
Who watch, and fret and pray  
Arise above all selfishness  
And give your mite to-day.

You have your father living,  
But age has round him clung,  
Yet he proclaims how he would fight  
If he were strong and young;  
The soldier boys left fathers  
As noble and as true;  
Give, give for those old grey haired men  
Who gave their sons for you.

And there are others dear to you  
Whom you are joyed to tend,  
Old folks to whom you long have been  
A comforter and friend;  
The boys who went left these ones too  
Appealing to your store;  
You will not miss all that is asked,  
So give a little more.

Thus giving and thus helping  
You will be aiding on  
The struggle that will have no end  
Till victory has shone;  
Each bill you give is as a shell  
Shot at the Kaiser's heart;  
Shoot, shoot, and shoot until that hell  
Is shot and rent apart.

Oh! drop those dollar bombs until  
Our fiendish German foes  
Are beaten back to the abyss  
From which at first they rose;  
Give, give your brave assistance  
Until the earth is free—  
Upon the struggle rests the fate  
Of you as well as me.

—M. A. HARGADON.

**WATER NOTICE**

**DIVERSION AND USE**

Take notice that Maude Haylmore, F.M.C. 95792B., whose address is Lillooet, B.C., will apply for a licence to take and use 100 miners inches of water out of Cadwallader creek, which flows westerly and drains into the South Fork of Bridge River about half a mile south west of Lorne Mines. The water will be diverted from the stream at a point about one thousand feet west of Coronation Mines mill, and will be used for mining purpose upon the mine described as Gold Channel Bench Lease.

This notice was posted on the ground on the 9th day of May, 1916.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Clinton, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

MAUDE HAYLMORE, Applicant.  
By WILL HAYLMORE, Agent,  
F.M.C. 95737B.

The date of the first publication of this notice is the 2nd day of June, 1916.

**WATER NOTICE**

**DIVERSION AND USE**

Take notice that Maude Haylmore, F.M.C. 95792B., whose address is Lillooet, B.C., will apply for a licence to take and use 100 miners inches of water out of Blackbird Creek, also known as Coughlan creek, which flows southerly and drains into Cadwallader creek about one half mile above South Fork of Cadwallader creek. The water will be diverted from the stream at a point about 2000 feet southerly from south-west corner of Lot 1176, and will be used for mining purpose upon the mine described as Gold Channel Bench Lease.

This notice was posted on the ground on the 28th day of April, 1916.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Clinton, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

**WATER NOTICE**

**USE AND STORAGE**

Take notice that Anthony Bishop, whose address is Empire Valley, B.C., will apply for a licence to take and use 320 acre feet of water and to store 320 acre feet of water out of Grinder, which flows east and drains into Fraser river about 1 mile from the S.E. corner of P. R. No. 2477, Lillooet district. The storage-dam will be located at 100 yards south of the S.W. corner of Lot No. 3900. The capacity of the reservoir to be created is about 320 acre feet, and it will flood about 100 by 50 yards of land. The water will be diverted from the stream at a point about 1.1-4 miles east of the east boundary of lot No. 2271, Lillooet district and will be used for irrigation purpose upon the land described as lot No. 312, Lillooet district.

This notice was posted on the ground on the 10th day of January, 1916.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Clinton, B.C.

Objections may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

PROVINCIAL AND GENERAL NEWS

John Calder, of the Bonaparte, is making some surveys for the Dominion government in the neighborhood of Criss Creek.

An Indian named Charles Spachen died at the Merritt hospital recently, aged 68 years.

A great deal of prospecting and developing is being done on Criss creek in connection with the gold mines which were discovered there some time ago.

Rev. James Turner, an old-time British Columbia Methodist missionary, is dying in California.

Mr. and Mrs. H. John of Merritt have gone to Nanaimo to reside.

Miss Katherine Godson and Rev. G. R. Palmer were married at Quesnel recently.

Archibald McGregor, a cook, has disappeared from Hope, and the police have been unable to locate him.

John Ferris Ryder died at his residence near Chilliwack last week. With the passing of Mr. Ryder, British Columbia is deprived of the last of the old Cariboo road freighters from Yale to Barkerville.

The fires which have been raging in the district around Hazelton for the last fortnight have done much good and comparatively little damage. Forest branch officials who have been working day and night to control the fires estimate that 300,000 feet of merchantable timber has been burned. This will not be lost if logged within a reasonable time. The fires are now under control.

The Greenwood smelter is treating 1350 tons of ore daily. This could be increased to 1700 tons if the coke supply was larger.

Supported by both daily newspapers, business, banking and mining interests, Juneau went wet with a landslide at the local option election. Out of over

2000 persons involved with open and sealed votes and affidavits only 284 actual dry votes registered. Douglas City and Haines also went wet. Skagway went dry by a close vote. The wets polled 153; the dries 193 and there were sealed 42 votes.

Rev. C. W. Corey, pastor of the Nelson Baptist church, having been unable to join a battalion as a chaplain, has joined the University battalion at Vancouver as a private. His 18-year-old son has enlisted with him.

Geo. Hallam, a well known resident of Mission, was accidentally killed last week. He was a member of the government road gang and was unloading a scow of crushed rock when the accident happened.

FOREST FIRE PROTECTION.

The following is a list of the Forest Guards appointed in the Lillooet Forest District for this season:

Name.	District.
J. H. McKinley,	Clinton.
M. Mawdsley,	North Bonaparte.
A. H. Tatten,	Lac La Hache.
(Returned Soldier.)	
R. Hume,	Alkali Lake.
James Cuthbert,	Bridge River.
(Returned Soldier.)	
Fred. Parsons,	Anderson Lake.
Gerald Blenkinsop,	Chilcote.

In case of fire, communicate immediately with Forest Guard in charge of that district or direct to the District Forester, Lillooet.

CONSERVATIVE MEETING

A general meeting of the West Lillooet Conservative Association will be held at Lillooet on Saturday, June 17th, at 8 p.m. All members are requested to attend.

FRED. PARSONS, Sec'y.

P. G. E. RY. TIME TABLE

Trains leave Squamish for Clinton on Mondays, Wednesdays and Fridays, returning on Tuesdays, Thursdays and Saturdays, and passing through Lillooet at 10.18 a.m.

WAR NEWS

No Excuse to be Without Reliable Up-to-Date News From Battle Front.

We have pleasure in announcing an arrangement completed with that great family paper The Family Herald and Weekly Star of Montreal by which we can offer THE PROSPECTOR and The Family Herald and Weekly Star for the balance of 1916 or until Jan. 1st, 1917, for the small sum of \$1.00.

The Family Herald and Weekly Star is noted for its reliable war news summaries each week and is replete with most interesting stories from the battlefield. The Family Herald and Weekly Star is a family paper all Canada is proud of, and when combined with THE PROSPECTOR, our readers are supplied with all the local news and news of the world. In addition to the news the reader receives in The Family Herald each week a magazine section equivalent to several of the best monthly magazines printed. The agricultural section is another feature of that great weekly which is keenly appreciated and is alone worth many times the subscription price. We now offer the two papers for only \$1.00 until 1st of January, 1917. Present readers of THE PROSPECTOR may have The Family Herald and Weekly Star for the balance of 1916 for only Forty cents.
