# THE LILLOOET PROSPECTOR

Vol. 1 No. 38

FRIDAY, AUGUST 2, 1912

\$2.00 Per Year

## WATER FROM TEXAS CREEK

Messrs. F. G. Mappin and B. Weller of Vancouver, came in from Lytton on Tuesday, leaving that night for Texas Creek to complete negotiations in the matter of the Parsonville Irrigation Project.

During the gold rush to the Cariboo Parsonville was a good sized settlement, on the flats opposite Lillooet, but being mostly '59ers from California no attention was given to agriculture, and as the Cariboo excitement grew the early residents gradually moved farther north, while many moved across to Lillooet where water was more abundant.

This tract is particularly valuable for fruits and vegetables and comprises about 5,000 acres. The approximate cost of putting water on the land is estimated in the neighborhood of \$250,000, and they will have to bring the water from Texas creek—a distance of nearly 15 miles.

### LILLOOET RESIDENTS OFF FOR THE COAST

Mr. and Mrs. S. A. Macfarlane and children left by auto Wednesday to spend a six weeks vacation visiting the coast cities. This is practically the first vacation that Mr. Macfarlane, has enjoyed in the past sixteen years. Mr. White is in charge of the office during the absence of Mr. Macfarlane.

### HELLO, IS THIS SETON LAKE, CENTRAL!

A test phone was installed at Seton Lake Monday and you have only to ring them up. They report the work going fine.

## PERTINENT FACTS IN REGARD TO LILLOOET

The district of Lillooet came into being with the early adventurers of the rival fur companies. It was afterwards the hub and gold center of the hardy miner until the discovery of the yellow metal in the Cariboo, when this section supplied that camp with farm produce. The monuments of the old placer diggings still survive, and silently tell their own story of the days when Lillooet yielded up her treasure to the husky miner, at a time when mankind was intoxicated with a vision of boundless wealth.

This district has no superior anywhere in mineral deposits, which have been barely scratched and will attract the attention of any intelligent prospector.

The climate here recalls the sunny lands of France and southern Italy, and Lillooet is well named "the beauty spot of British Columbia."

Professor Henderson, of the University of Idaho, after an inspection of the fruit raised in this district, said that for flavor and quality are not excelled in any fruit belt. Little of the fruit raised here reaches the outside markets, "Lack of transportation" that has been the hackneyed excuse of the well meaning, though apparently dilatory habitant existing on the outskirts of civilization, still the question is of vital importance and by this time next year the progress and prosperity of this district will be assured by the laying of the two bands of steel.

A great many ranches have changed hands in the past year or so and the intentions of the new settlers in the young orchards now

seen growing in this vicinity are very evident.

Lillooet has for years been the depot and principal trade source of the Bridge River Mining District, where an extensive showing in free milling quartz has recently been made. A great deal of development work has been done in the past six months, especially on Taylor and Eldorado Creeks, where Jos. Shuster, Herb Taylor, Grant White and George Bell are pushing their development work as fast as possible.

The Lorne mine has for years been a prolific producer of gold, the ore being formerly treated by two arrastras, but lately given place to the milling process.

The Provincial Government is widening the wagon road from the Mission on Seton Lake to the Pioneer Mine, a distance of about sixty miles. This work will be completed early this fall.

Another government project now under construction is the telephone line from Lillooet to the Pioneer mine. Messrs. Chas. Morgan and Roy Burkholder are in charge of this work and are already well up Seton Lake with their line crew. They are positive of bringing the line to completion within the next three months.

### NOXIOUS WEED ACT TO BE ENFORCED

The public is being warned through the press that the noxious weed act is to be enforced. Owners of vacant lots and places where noxious weeds abound, are shortly to receive notice to clean up same. Burdock is the worst offender.

## MINING NEWS FROM TAYLOR CREEK

Joe Shuster, accompanied by Mr. W. Lewis, paid Lillooet a flying visit the first of the week, coming in from his holdings in the Bridge River District. Mr. Lewis is one of the best known mining men in the country and says he enjoyed a very very pleasant trip. He further stated that his inspection of the "Wide West" prospect on Taylor creek, owned by Mr. Shuster, made an excellent showing. After stripping the capping on this claim for a distance of 18 feet they encountered solid arsenital iron—samples of which Mr. Lewis has taken to Vancouver for assay.

The last assay from the Provincial assayer showed \$97 gold and 20c silver from his group.

A trail to these new camps will soon be under way. Sixty new locations have recently been made in this district.

### McGILLIVRAY CREEK SAWMILL

Mellott and Swanson are making preparations to instal their new sawmill on McGillivray creek. The machinery is expected here in a few days. Mr. Page has the contract for the erection of the mill. When completed the mill will cut about 20,000 feet per day.

### GENERAL MEETING

A meeting of the Sport's committee will be held in the Victoria hotel on Tuesday night, August 6th, at 8 o'clock p. m., when they will consider the best means of disposing of the different prizes, which are still in the hands of the committee.

**WATER NOTICE**

Or a Licence to Take and Use Water

NOTICE is hereby given that Charles McCaffery of Lillooet freighter, will apply for a licence to take and use one cubic foot of water out of North Fork of Black Hill Creek which flows in a south easterly direction through crown land and empties into Black Hill Creek which empties into Fraser River near pre-emption No 1774. The water will be diverted at about 1-2 mile from the main Black Hill creek and will be used for irrigation purposes on the land described as pre-emption No 1774.

This notice was posted on the ground on the 8th day of July, 1912. The application will be filed in the office of the Water Recorder at Clinton.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights Parliament Building, Victoria, B. C.

CHARLES McCAFFERY, Applicant  
by Charles Noel, Agent

**Water Notice**

For a Licence to Take and Use Water

Notice is hereby given that William Trimble of Watson Bar creek will apply for a licence to take and use 50 miners' inches of water out of the first creek which flows in a northerly direction through pre-emption claim No 1752 and empties into Watson Bar creek near Lot 639. The water will be diverted at about 2 miles from its mouth and will be used for irrigation purposes on the land described as pre-emption No. 1752.

This notice was posted on the ground on the 8th day of June, 1912. The application will be filed in the office of the Water Recorder at Clinton.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Building, Victoria, B. C.

William Trimble, Applicant

**Water Notice**

For a Licence to Take and Use Water

NOTICE is hereby given that Samuel Walter Spetch of Pemberton Portage P. O. will apply for a licence to take and use one hundred miner's inches of water out of unnamed creek which flows in an easterly direction through Lot 1543 Lillooet District and empties into the Birkenhead River near Lot 1543 about 5 chains east of Lot 1543. The water will be diverted at the west line about 20 chains south of the northwest corner of Lot 1543 and will be used for domestic and irrigation purposes on the land described as Lot 1543 District of Lillooet.

This notice was posted on the ground on the 13th day of July, 1912. The application will be filed in the office of the Water Recorder at Clinton.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights Parliament Building, Victoria, B. C.

The water will be diverted at a point 1-2 mile above N line of pre-emption 643 and will be used for irrigation purposes on the land described as Albert Neas' pre-emption Lot No. 643.

This notice was posted on the ground on the 14th day of July, 1912. The application will be filed in the office of the Water Recorder at Clinton.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights Parliament Buildings, Victoria, B. C.

ALBERT NEAS, Applicant

## KLOSH NEKIAT HAPPENINGS

The Baldwin Cliff Cove is the name Mr. Baldwin has chosen for his new summer resort on Anderson lake. "Jack" McDougall is in charge of the work and from all accounts everything is progressing at "a mile a minute gait," about 40 acres having been cleared and a log house 24x36 is now under construction. With the superb fishing, hunting and boating this should make an ideal spot to spend the summer months.

W. Page and F. McIntyre are spending several days in Lillooet this week.

"Jack" Brown, captain of the Dolly Varden, has recently added a comfortable cabin to the launch. The "worthy skipper" is keenly alive to the comfort of his passengers.

"Jack" Eagleson, one of the "helmsmen" of the Dolly Varden, is visiting in Lillooet.

Wm. Page has the contract for the erection of a commodious log residence for Mr. John Mellot.

## Water Notice

For a Licence to Take and Use Water

NOTICE is hereby given that Samuel Walter Spetch of Pemberton Portage P. O. will apply for a licence to take and use one hundred miner's inches of water out of unnamed creek which flows in an easterly direction through Lot 1543 Lillooet District and empties into the Birkenhead River near Lot 1543 about 5 chains east of Lot 1543. The water will be diverted at the west line about 20 chains south of the north-west corner of Lot 1543 and will be used for domestic and irrigation purposes on the land described as Lot 1543 District of Lillooet.

This notice was posted on the ground on the 13th day of July, 1912. The application will be filed in the office of the Water Recorder at Clinton.

FRIDAY, AUGUST 2, 1912

Preparations are under way among the leading citizens of Lillooet to have the hospital grounds cleared and fenced. The wire fence is now on the ground and the work on the grounds will be started at once. Mrs. A. F. Noel is entitled to great credit for the interest she has taken in getting the hospital ready for occupancy.

Strangers visiting Lillooet often remark on the absence of working men about town. As a matter of fact the demand for working men is in excess of the supply and those coming in find work at once. There are at least two hundred miners and prospectors employed in the Bridge River Mining District at this time, while the road camps and government projects are snapping up men as fast as they arrive.

**PASCHELQUA NEWS**

W. L. Dickey was a town visitor the first of the week and reports everything in fine shape down the river. Indications point to a bumper crop this season. The only drawback he says is the need of a teacher for the school. At present there are no less than sixteen children of school age, who are compelled to attend school in Lillooet, a distance of from ten to fifteen miles. As there is a substantial school house already constructed in that district, there should be no difficulty in securing a teacher. The Prospector endorses Mr. Dickey's views in regard to this matter. It is an assured fact that one of the greatest incentives to a country's prosperity is through our district schools.

**DIED—**

At New Westminster, W. Brash on the 29th inst. Mr. Brash was well known in Lillooet, having held the position of manager for the late Mr. Allen in the old Pioneer hotel. His many friends here regret to learn of his untimely death.

## SPICY NEWS OF THE WEEK

I Know Not What the Truth May be—  
I Know That This Was Told to Me.

C. Schrenzel and wife registered at the Victoria last Tuesday night. Mr. Schrenzel has accepted a position as chauffeur with Mr. A. G. Rebagliati on the Russell auto.

Miss Johnson, the trained nurse, who has been attending Mrs. Harry Kearey, left this morning for her home in Vancouver.

A. C. Weaver, of Vancouver, is now at the wheel in Walter Keeble's auto and the traveling public can be assured of the same careful treatment and speedy trips as heretofore enjoyed.

The Misses Davis and Cole of Vancouver are spending a short time in Lillooet, enjoying the fishing and scenic beauties of our lakes.

The C. A. Phair store added a new awning to the front of their store this week and the staff of clerks duly appreciate the change.

George Gibson and D. McLeod were town visitors this week from Bridge River.

C. Vincent, who has been painting Mrs. Collins' new rooming house, left for Lytton on Wednesday.

Herbert Copp, who has been employed at the Jones ranch for the past six months, left this morning for Victoria.

Mrs. Chas. Turner, of London, Ont., who has been spending the summer months visiting her brother, Mr. F. Kinder at Terrace Hall, will return to her home the last of the month—accompanied by Mr. and Mrs. Kinder, who will spend the next month visiting eastern relatives and friends.

C. Phair, assessor and collector, left on Tuesday on his annual trip through the district. E. W. Corber is in charge of the government office during his absence.

H. J. Keary accompanied by Mr. and Mrs. Morton, of England, spent a few days fishing at Anderson lake the first of the week.

The Misses Rebagliati spent the first of the week renewing old acquaintances in Lillooet.

Mr. and Mrs. J. R. Williams returned from an extended trip through the Cariboo country. Mr. Williams stated that he contemplated putting an extra crew on at once to continue the development work on the Empire group during the coming winter.

### DIED

At the home of her daughter, Mrs. E. Stuart Woods, at Salmon Arm, B. C.—Mrs. Dr. Clark, aged 77 years. The deceased was born in Ayr, Scotland, but has resided in this country for a number of years and was well known in Lillooet. A large circle of friends here will regret to hear of her death.

### Water Notice

For a Licence to Take and Use Water

Notice is hereby given that William Trimble of Watson Bar creek will apply for a licence to take and use 50 miners' inches of water out of the first creek which flows in a northerly direction through pre-emption claim No 1752 and empties into Watson Bar creek near Lot 639. The water will be diverted at about 2 miles from its mouth and will be used for irrigation purposes on the land described as pre-emption No. 1752.

This notice was posted on the ground on the 8th day of June, 1912. The application will be filed in the office of the Water Recorder at Clinton.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Building, Victoria, B. C.

William Trimble, Applicant

### WATER NOTICE

Or a Licence to Take and Use Water

NOTICE is hereby given that Charles McCaffery of Lillooet freighter, will apply for a licence to take and use one cubic foot of water out of North Fork of Black Hill Creek which flows in a south easterly direction through crown

## CORONATION SHOWS INCREASE

The vein on the 400-foot level of the Coronation mine which they have been following for about 30 feet is making a phenomenal showing and great credit is due C. L. Copp for the renewed interest and results shown during his management. W. Lewis, the mining engineer, estimates the showing at \$260,000 in sight at the present time and he is authority for the statement that this will now make one of the best mines in this part of British Columbia.

land and empties into Black Hill Creek which empties into Fraser River near pre-emption No 1774. The water will be diverted at about 1-2 mile from the main Black Hill creek and will be used for irrigation purposes on the land described as pre-emption No 1774.

This notice was posted on the ground on the 8th day of July, 1912. The application will be filed in the office of the Water Recorder at Clinton.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights Parliament Building, Victoria, B. C.

CHARLES McCAFFERY, Applicant  
by Charles Noel, Agent

### MINERAL ACT

CERTIFICATE OF IMPROVEMENT  
NOTICE

Sun Rise, All-Up, Last Chance, Blue Jacket, Yellow Jacket and Leona, fractional mineral claims situate in the Lillooet Mining, Division of New Westminster District.

Where located:—About three miles southeast of Green Lake on the Pemberton Trail.

Take notice that I, Basil G. Hawkins, acting as agent for C. J. Fitzsimmons, J. A. Fitzsimmons and W. R. Brown.

Free Miner's certificate No. 51935b, 51936b and 51833b, intend; sixty days from the date hereof, to apply to the Mining Recorder for a certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 37, must be commenced before the issuance of such certificate of improvements.

Dated this 10th day of July, A. D. 1911

Basil G. Hawkins.

## WILL INSTALL STAMP MILL

The Pioneer mine is cross-cutting at the 200-foot level with the intention of striking the same vein that runs through the Coronation. At present the management are waiting for the completion of the wagon road, when they will instal a ten-stamp mill. In the meantime they are doing extensive development work.

### Water Notice

For a Licence to Take and Use Water

NOTICE is hereby given that Thomas R. Madson of Pavilion, ferryman, will apply for a licence to take and use one cubic foot per second of water out of Major Creek situated on the right bank of Fraser River which flows in an easterly direction through Crown land and empties into Fraser River about four miles northwest of Pavilion Creek. The water will be diverted at about 1 1-2 miles from its mouth and will be used for irrigation purposes on the land described as pre-emption 1775.

This notice was posted on the ground on the 25th day of July, 1912. The application will be made at the office of the Water Recorder at Clinton.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights Parliament Building, Victoria, B. C.

Thomas R. Madson,  
Applicant

### WATER NOTICE

Notice is hereby given that James G. Bain, John Davis, George L. Auld and James Auld of 14 Inns of Court, Vancouver, B. C., miners, will on the 6th day of August, 1912, apply for a licence to take and use, store or pen back, 600 miner's inches of water out of Big Bar Lake and Big Bar Creek, a stream flowing therefrom in a south westerly direction, through Grinder and Hutter's ranches, and emptying in the Fraser River near the Big Bar postoffice. The water will be stored and diverted at Big Bar Lake, and will be used for mining purposes on the lands known and described as the "Susie," "White Rose," "Crow's Bar," "Dunn," "Enterprise" and "Hanlon," leases, situate at Crow's Bar Fraser River.

This notice was posted in the ground on the 6th day of June, 1912. The application will be filed in the office of the Water Recorder at Clinton, B. C. Objections may be filed with the said Water Recorder or with the Controller of Water Rights, Parliament Buildings, Victoria, B. C.
