SIGHT-SEEING IN THE ROCKIES

THE enormous height of the mountains through which the Canadian Pacific passes is such that passengers are apt to miss the majesty of the scenery unless they are able to look up and see these snow-clad peaks. Mount Sir Donald, for instance, is a mile higher than the railway track over which it towers. Those who sit on the platform of the observation car of course see everything, but the space here is limited. A great hit has therefore been made with the new type of open observation or sightseeing car which was placed on all through trains this summer on certain of the most picturesque districts in the Canadian Pacific Rockies, and on the local trains between Banff and Lake Louise.

SETTLING ALONG P. G. E. RY.

Thirty-five persons have arranged to take up land along the Pacific Great Eastern Railway since Monday week, according to a statement made by an official of the company. Twelve more arrived this week to make arrangements for going into the interior. The majority of the people are taking a quarter section of land, which is stated to be of splendid quality for the growing of fruits and vegetables. Most of the settlers have been located on Horse Lake and Decker Lake, which are about 35 miles north of Clinton.

"SAFETY FIRST" WITH FIREARMS

Each year the shooting season records a long list of accidents due to carelessness of hunters in the forest and in the use of firearms.

A gun going off accidentally and killing the owner, climbing fences with the gun loaded and cocked, or shooting at a companion in mistake for an animall are stereotyped cases. With the knowledge of the danger of handling firearms, it is surely incumbent upon hunters to exercise every precaution and keep continually before them the motto "safety first."

Many people know how sausages burst when fried, but if they are dipped in boiling water first they will fry quite whole.

The lightness of batter puddings is much improved if two teaspoonfuls of ground rice are added to the flour before mixing.

HINTS TO HOUSEWIVES

If lemons are warmed before you squeeze them nearly double the quantity of juice can be extracted.

Tinware may be cleaned with very little trouble by using dry flour applied with a piece of newspaper.

To turn a cake out of its pan easily stand the tin, directly you take it from the oven, on a cloth which has been wrung out of hot water. Leave it there for about five minutes and then turn out. The cake will come out of the pan without any trouble.

A few drops of hot vinegar will remove the most obstinate of whitewash or distemper splashes.

You can prevent a steamed pudding from becoming heavy by putting a cloth over the steamer before placing the lid on. This prevents the moisture from settling and making the pudding soggy.

A good way of stiffening the bristles of hair brushes after washing is to dip them into a mixture of equal parts of milk and water and then dry before the fire.

P. G. E. RY. TIME TABLE

Trains leave Squamish for Clinton on Mondays, Wednesdays and Fridays, returning on Tuesdays, Thursdays and Saturdays, and passing through Lillooet at 10.18 a.m.

WATER NOTICE

USE AND STORAGE

Take notice that Frank Isnardy, whose address is Chimney Creek, 150 Mile House, B.C., will apply for a licence to take and use 50 acre feet and to store 50 acre feet of water out of Sheep Creek, which flows in an easterly direction and drains into the Fraser river near the site of the Government bridge across said river at Chimney Creek. The storage dam will be located at S.W. 1-2 sec. 34 and N.E. 1-4 sec. 33, tp. 48, Lillooet District. The capacity of the reservoir to be created is about 50 acre feet, and it will flood about eight acres of land. The water will be diverted from the stream at a point about 1-2 mile from mouth of Sheep Creek and will be used for irrigation purpose upon the land described as pre-emption record No. 1431, Lillooet Register.

This notice was posted on the ground on the 27th day of July, 1916.

A copy of this notice and an application pursuant thereto and to the "water act, 1914" will be filed in the office of Water Recorder at Clinton, British Columbia.
