THE PROSPECTOR

VOL. 5, NO. 34 LILLOOET, B. C., FRIDAY, JUNE 18, 1915. $2 PER YEAR

General News of Lillooet District

FOUND—A pair of spectacles. Apply at the Prospector office.

Found—A purse, apply at this office.

Mr. I. Uren, of Savona, who is well known in this district, is cpending a few days in town.

Mr. Percy Le Mare has had a new flagstaff, 30 feet long, raised in front of his residence, on Main street.

The round fare to Lytton on Sunday will be $5. Cars leave town about 9 o'clock in the forenoon, returning the same evening.

Arrangements for the first and second of July celebrations are making good progress. The programme will be out in a day or two.

Elder---What is your idea of faith?

Joblots---Putting a nickle in the plate and expecting a crown of pure gold.

Mrs. H. Dudley, and the Misses D. Malloy and F. Decour of Lytton. were visitors to Lillooet last Sunday, and are very enthusiastic supporters of their home baseball team.

Among the baseball enthusiasts who arrived in town from Lytton last Sunday were:

Al. Palmer, J. Levy, A. Medori (Tony), T. Bailey, J. N. Cran, and J. Rebagliati.

Ernie Sayers arrived in town this week from a trip up the Cariboo road; he reports a record trip, among other interesting items he says fishing in Knife lake is good, the party caught 71 trout in an afternoon.

Rev. E. J. Hardy, in his interesting tales of British prowess at the front, tells an amusing story of a French lady who, seeing the stalwart Scottish Highlands on the march in kilts, exclaimed: "Thehre go theh women from hell." Mr. Hardy declares she intended her remark as a compliment.—B.C. Western Catholic.

The children had written compositions on the giraffe. They were reading them aloud in the class. At length the time came for Little Willie to read his. It read as follows: The giraffe is a dumb animal and cannot express itself by any sound, because its neck is so long that its voice gets tired on the way to its mouth.

The Rev. Rober Hughes and wife were called by telegram to coast owing to the illness of Mrs. Hughes' mother. They had intended to stay here until next week having much enjoyed the holiday, and the kindness of their old, and new friends inthis district.

The Rev. J. R. Butler is expected here in a few days.

We have just heard of a young man who went mining to seek his fortune. He shortly wrote back to his father that he had done well, and added this postscript: "I will be home Wednesday evening. Meet me at dark just outside town, and bring a blanket or a whole pair of trousers with you. I have a hat.

Transportation Facilities

If the European war were not exercising its powerful attraction upon the atttentions of a world ordinarily business-minded, the Panama Canal and the influence of that waterway for good or ill upon the affairs of the Pacific Coast and the Western interior would be monoplizing the every-day discussion of the people of the coast province. San Francisco is this summer commemorating the successful completion, and throwing open for traffic, of the sea route which at the very least will inaugurate a new area in the transportation affairs of the Pacific seaboard in Canada, as well as the United States. But, more than that, a new railway, with the easiest grades of any crossing the Rocky mountains from the east, has been welded together between the Yellowhead Pass and tidewater on the Fraser since hostilities commenced in the Old World. Considered in conjunction with the completion of the Big Ditch through Central America this ought to be a theme for discussion, at least of secondary importanc to the people of British Columbia.

Experts on transportation matters have in the past expressed varied opinions as to the effect which the Panama Canal will have on shipping bound from Western Canada to Europe and upon shipping consigned in the opposite direction. But, almost invariably, such opinions have been based upon conditions which prevailed at the time the opinion was formed. Apart from what

continued on Page 4

Mr. Campbell of the Broken Hill mine paid Lillooet a flying visit this week on business.

Chief Constable F. E. Aiken of Clinton, paid Lillooet an official visit this week.

Mr. A. Beaudette was a visitor to town this week on important business.

Mr. J. Callaghan, Chief engineer P.G.E. has just returned from a trip north; he left for the coast yesterday morning.

D. C. Paxton is going ahead with the Wayside mine, it is not known to what extent he is going, but reports have it as being "large."

High School entries examination, Lillooet Centre, takes place on June 21, 22, and 23, under the supervision of Mr. J. R. Fournier.

Constable Spiller left for Vancouver this week. He took Andy Brown to his new residence, which he will occupy for the next ten months, for supplying liquor. Free lodging and change of diet for one.

An exchange tells of a bright old farmer up north who has been experimenting by mixing a little saw-dust with the meal he fed to his chickens. The chickens did well on the mixture, so he finally fed them altogether on saw-dust. After a while he set one of them on thirteen eggs and waited for the result. Last week she hatched the eggs and twelve of the chickens had wooden legs, and the other was a wood-pecker

War Gleanings

London June 16. — At two points on their line---north of Hooge, which lies east of Ypres, in Belgium, and at Festnbert, in France---the British troops have suddenly resumed an active offensive. A line of German trenches at Festbert was occupied, but lost again, through the violence of the German counter attack. But in the engagement in Belgium the British were successful in capturing more than half a mile of trenches, including the whole of the first line and parts of the second line, and these they are holding.

The Germhun war office admits the capture of positions by the British near Ypres.

Official denial has been made concerning the report in the U.S. that the British battleship Agamemnon had been sunk in the Dardanelles by a German submarine. It was further announced that no other unit not already officially reported had been lost at the Dardanelles.

In the air raid on Karlshuhe by the French squadron of aeroplanes, the damage was much greater than the papers were allowed to state.

"Two hundred persons were killed," says the correspondent. "Fifty bombs were dropped, one of them almost destroyed one of the ducal palaces used as headquarters by the Karlsruhe commandant. Others destroyed a number of factories engaged in manufacturing shells. A great panic was caused and the victims were buried secretly at night."

Winnepeg.—George Beeching, managing director of a large steam trawling firm of Hull, Eng. who arrived at the Fort Garry Hotel yesterday made the sensational statement that 42 German submarines had been sunk by the British up to the time he left home about two weeks ago.

A Zeppelin raid on the northeast coast of England has resulted in the killing of sixteen persons and the injuring of 40.

Geneva.---Dispatches received here say that the Italian Bersaglieri have stormed an Austrian observation post near Buchstein, in the Cadorra Alps and that the strong Austrian detachment defending it was either killed or taken prisoners.

The despatches add that the localities around Monfalcone have been bombarded by the Italian artillery and that the Italian advance guards have now reached Komon. Three miles of railway are declared to have been partially destroyed by the Italian troops. The Austrians have also been driven from the forest of Ternova, and several hundred of the Tyroleans have been made prisoners.

Don't forget the baseball.

Visitors to the number of 183 have registered at the hotels since the first day of June.

Mr. and Mrs. R. E. Claughton, of Washington, D.C. arrived in town this week; they left in company with Mr. and Mrs. C. P. Dam, on a visit to the mine, in which property we understand they are interested.

Lillooet Nine Win the First Game

The Lytton and Lillooet baseball nines met here last Sunday in the first game of the series, the usual "pet names" were handed out, from one to another, causing much merriment among the supporters.

The Lytton boys batted first and made one run. Lillooet then went to the bat, making two runs. The game see-sawed till the sixth innings, when the local boys did some bad fielding, and seemed, to be going to pieces, the opponents added four runs to the score making the tally 9 to 5 for Lytton.

What appeared to be a wrong decision in the sixth innings was (given in favor of the Lytton team) the salvation of the Lillooet team, for from that time on, they played like veterans, the score gradually rising till at the close of play the tally was 11 to 9 in favor of Lillooet.

It was an exciting game from start to finish, and considering that the boys get very little practice, was a good ball game.

P. B. Lewis, Umpire

It is the intention of the Lillooet nine to travel to Lytton, on Sunday to play the return match.

B. C. Fruit

The following is from a recent Issue of the Calgary Herald:

"We are thinking a lot of our country these days. Let us remember to act in accordance with our thoughts. One way to do so is to buy the goods made or the articles grown in our own country We have little patience for economic sophistres in behalf of free trade these days. What we want to do, and what we should do, is to encourage our own people in every possible manner, by buying one another's production and in encouraging one another.

"British Columbia is becoming a great fruit-growing country. It is growing and packing various kinds of fruit, the quality of which is improving every year. The British Columbia fruit growers have shown great courage in their enterprise. They depend largely on the people of the prairies for the support of their industry, but the people of the prairies too often forget to notice whether it be B.C. or California that is printed on the side of the case or package that they buy.

"Let us encourage our B. C. brothers. They deserve it, and, like ourselves, they probably need it."---Vernon News.

Water Notice

Diversion and Use

NOTICE is hereby given that Alexander Graham of Alexis creek, B.C. will apply for a licence to take and use 10 acre feet of water out of a small spring, which rises in Lot 496, which flows south and empties into Chilcoten river about 30 yds south of Lot 496. The water will be diverted from the stream at a point about 110 yards up the stream from where it empties into Chilcoten and will be used for irrigation purpose upon the land described as Lot 496.

This notice was posted on the ground on the Ist day of May I915.

The application will be filed at the office of the Water Recorder at Clinton, B.C.

Objections may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

ALEXANDER GRAHAM, applicant

Transportation of Grain

(From page one)

is going to be the future tendency of the class of traffic mentioned, under normal conditions — and that the future can only demonstrate—we are not dealing with normal but abnormal conditions. Canada has been requested. as a matter of Imperial urgency, to extend this year, as far as humanly possible her production of foodstuffs. The whole country is responding. The farmers of the three western prairie provinces anticipate the harvesting of the greatest crop since the country was opened up to settlement. The Canadian Northern railway announced a short time ago that the cultivated acreage along its lines alone in Western Canada is greatly in excess of any previous season. The bulk of the exportable surplus will be wheat, and Europe will be its destination. The prospect is for a keen demand and a state of need that will necessitate the use of every available transportation route by which the grain may reach its destination.

The present set of circumstances appear to indicate that the easy grade rail route, from the Yellowhead Pass, and the cut-in-two bulk cargo journey to Europe by way of the Panama Canal will undergo a test during the approaching season under conditions which would have been regarded as ideal a few months ago. Long wheat trains should cut diagonally across British Columbia to the southern ports from the northern pass and the northern ports may als be placed in a position to demonstrate their claims of advantages. In the event of those new traffic movements proving to be as successful as the people of the province expect, there is no reason why goods and people destined for points east of the Rockies—say

NO ALUM

to a line drawn north and south through North Battleford--should not be handled in the opposite direction, The Panama Canal was designed to work for this sort of developement in connection with the ports on the American Pacific seaboard. It should prove to have a similar effect upon the Canadian ports, and, in addition, our transfer points would have the advantage of modern railway construction to rush the traffic inland. Had British Columbia, as a united province, set herself the task of bending circumstances to her favor a developement more favorable could scarcely have been achieved.

Water Notice

Use and Storage

Take notice that Richard Hawkins whose address is Watson Bar, B.C. will apply for a licence to take and use 80 acre feet and to store one acre foot of water out of 1st creek on West side of Watson Bar creek, which flows in a Northerly direction and drains into Watson Bar creek about 1 mile from its mouth. The storage dam will be located at a point about 2 miles from mouth of 1st creek. The capacity of the reservoir to be created is about 1 acre ft. and it will flood about 40 acres of land. The water will be diverted from the stream at a point about 20 chains from the S.W. corner of Lot 304 Lillooet District, and will be used for irrigation purpose upon the land described as Lot 304 Lillooet District.

This notice was posted on the ground on the 1oth day of May, I9I5.

The application will be filed in the office of the water Recorder at Clinton, B.C.

Objections may be filed with the said Water Recorder or with the Comptroller of water rights, Parliament Buildings, Victoria, B.C.

RICHARD HAWKINS, applicant

This notice first appeared in the Lillooet "Prospector" of the 21st day of May, I9I5.

Notice to Creditors

In the matter of the estate of Charles McCaffrey late of the town of Lillooet, British Columbia, Teamster, deceased, intestate.

TAKE notice is hereby given that letters of Administration to the above estate issued out of the Supreme Court of British Columbia to the undersigned on the 17th day of May A.D. 1915 and notice is hereby further given that all parties having claims against the above estate are required to forward particulars of said claims to the undersigned verified by Statutory Declaration on or before the 1st day of July A.D. I915 after which last mentioned date the undersigned will proceed to distribute the assets of the said estate having regard to the claims filed, and will not be responsible for the payment of any claims not filed before the date above mentioned.

Dated at Lillooet, B.C, this I9th day of May I9I5.

CAROLINE McCAFFREY
Administratrix of the estate of Charles McCaffrey, deceased, intestate,
Lillooet, B.C.

Water Notice

Diversion and Use

Take notice that the Golden Dream Mining Co. whose address is Lillooet, will apply for a licence to take and use eight cubic feet and store nine hundred acre feet of water out of Sucker Lake, which flows northerly and drains into Bridge river at Sucker creek. The storage dam will be located at Sucker creek. The capacity of the reservoir is about , and it will flood about 24 acres of land. The water will be diverted from the stream at a point on Sucker creek about half a mile from exit from the lake and will be used for Mining purposes upon the mines described as the Marconi and Dennison mineral claims and on the Golden Dream Mining leases.

This notice was posted on the ground on the 8th day of April, I9I5.

A copy of this notice and an application pursuant thereto and to the "water act, I9I4" will be filed in the office of Water Recorder at Clinton, British Columbia. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

THE GOLDEN DREAM MINING COMPANY
Applicant.
