VOL. 5, NO. 45 LILLOOET, B. C., FRIDAY, SEPTEMBER 3, 1915. $2 PER YEAR

Lumber Conditions in B.C.

In a general review of the present position of the lumber industry, the Hon. the Minister of Lands mentions the connection established with the various departments of the Imperial Government, as a result of which orders for seven cargoes of lumber totaling over 20,000,000 feet, and representing a disbursement of at least $250,000 within the province, have been secured.

The cut of logs for the month of May, June and July was as great as for the same period last year, a unique fact when it is remembered that few industries, other than those engoged in the output of munitions have been able to maintain their production since the outbreak of War. As many camps, possibly more, are running now as there were at this time in 1914. Some 7,000-000 feet of logs, mostly low grade cedar and hemlock, are being exported every month, thus affording an outlet for the surplus cut of the camps and affording employment to many men who would otherwise be idle, incidentally benefiting the treasury to the extent of over $9,000 a month.

Last year the total lumber exports amounted to 41,000,000 ft. while, as already mentioned, the orders secured from the British Government in three months in themselves amount to one half that quantity.

The lack of tonage is a serious problem, and but for it and the prevailing low prices for lumber the mills would be in a far better position. During the months of April, May and June, only two lumber-carrying vessels, small sailors, were chartered in B.C., as compaired with ninety-eight taken on the American side. Of the 170 steam schooners in the Pacific Coast lumber-carrying trade, all are owned on the American side, many being the property of sawmill interests. In other words, the monopoly of that class of shipping is in American hands. The question of tonage is being watched most carefully by the Provincial Government, and every effort is being made to secure further transportation for the lumber industry.

The foregoing concerns the coast mills, but Government action is being exerted on behalf of the Interior sawmills, which since the falling off in the prairie demand for lumber has suffered a severe decline in output, 40 per cent. in the past four months as compared with the corresponding period last year. In co-operation with the millmen, an energetic advertising campaign to increase the uses of wood is being pushed forward. The prairie agricultural departments and other bodies are endeavouring to advance better farming methods on the prairie, and better farming means more and improved farm buildings, and a resultant steady demand for B.C. lumber. Many pamphlets giving information about barn, silo, and other farm construction, plan-books, a bureau of information, lectures—These are but a part of the general plan of the advertising campaign now in hand. That the result of this close co-operation between the Government and lumber industry will benefit business conditions there is no doubt.

War Gleanings

Sept. 1.—Recent successes by British forces in operations in the Kameruns, a German colony in Western Africa, where both British and French troops are operating, is reported in an official statement today that reads:

"The town of Gaschaka, in the Kameruns, was occupied by us on August 16, without opposition. On August 29 an enemy position was surprised and the enemy forced to retreat. Our casualties were one native killed and two wounded. The enemy is reported to have lost one European and five men of the ranks killed."

Further gains for the Allied forces on the Gallipoli Peninsula are reported in an official statement received from General Sir Ian Hamilton, Commander-in Chief of the British forces operating against the Turks. The report says:

"Further fighting on the 27th and 28th of August on the northern section of the line has resulted in the capture of an important tactical point commanding the Buvuk Anafarta Valley to the east and north, and an appreciable gain of ground occupied by the Australians and New Zealanders.

"The fighting was almost entirely hand to hand and of a severe character. Very heavy losses were inflicted on the Turks, and three of their machine guns, three trench mortars, three hundred rifles, five hundred bombs and a large quantity of small arms ammunition were captured by us."

Washington Sept. 1.—Strained relations between the United States and Germany over submarine warefare apparently passed into history today after Count von Bernstoff, the German Ambassador, informed Secretary Lancing in writing that prior to the sinking of the sinking of the Arabic his government had decided that its submarines would sink no more liners without warning.

Counter attack of Russians is successful. Petrograd announces the capture of 3,000 Germans and many cannon on the wide front in the Stripa district. On the right bank of Vilija the Muscovites assume offensive which is developing with success.

The official Italian report says in par: "On the plateau northwest of Arsiero our troops attacked a strong position on Monte Maronia, north of Monte Maggio, and drove out the enemy. The enemy then concentrated an intense fire from pieces of every calibre on our new position which nevertheless, we retained and strengthened and in which we are now solidly established.

Forest Fire

A serious forest fire was discovered on Pemberton Portage last Saturday afternoon burning in the heavy timber on the mountain above E. Thompson's ranch on 8-mile creek and driven by a strong wind was seriously threatening the homesteads of the settlers in the valley below.

The fire was first noticed by the section men on the P.G.E. railway at Birken and word was sent to the Forest branch at Lillooet.

A fire fighting crew was quick-organized by District Forester Le Mare of the settlers in the vicinity in an endeavour to check its progress, which proved a difficult task on the steep mountain side, where the fire had a frontage of over two miles and was spreading very rapidly in the dry moss and fallen timber. Fortunately rain commenced to fall at 1.30 a.m. Monday morning and heavy showers were experienced throughout the day which effectually aided the fire-fighters in their efforts to extinguish the flames.

Although smoke is still rising from several places where it is still smouldering, the fire is pretty well out and no further danger is anticipated.

Forest Ranger F. Johnson and Guard Arthur are still on the spot, and will investigate the amount of damage and also the cause of the conflagration, it being thought that it was due to carelessness on the part of some campers or hunters.

Too great care in the handling of camp fires cannot be exercised and campers and hunters should not neglect to use every precaution to prevent the escape of their fires, which may result in the destruction of life and property.

Lillooet War Fund

Last Saturday a very successful "Tag Day" campaign was carried out by Mrs. P. Le Mare and Miss L. Whitehead in aid of the 5th General Hospital C.E.F. and the sum of $42.65 was collected.

Result of the Auction Sale on Saturday August 28, held at the Victoria hotel, netted the grand total of $43.65.

This sum has been handed over to the War Fund Committee by Mr. P. B. Lewis, to be dealt with as deemed advisable.

A bank draft for $207.00 has been forwarded to the 'Tag Day' fund, by the Treasurer of the War Fund.

The committee wish to express their appreciation of the services of those who have so ably assisted in the raising of the above sums of money.

It's a long way from Australia but the Cadets are coming.

Mr. Wm. Young. Comptroller of Water Rights, arrived in Lillooet this week and will remain here for the sitting of the Board of Investigation, to take place in the Court-house on September 8, at 9 o'clock in the forenoon.

W. T. Jackson, representative of the Daily Province circulation department, paid us a visit this week; he is highly impressed with the prospects of our district from every standpoint and stated that in his opinion we have a great future, if we only do the right thing.

We have seen some funny things happen in our day, but we think the tableau of "Tuesday evening in the Potato patch," (next this office) takes the ribbon, biscuit and sundries. We would relate—but—the censor would not pass it. Did he run! Well I should say he did!—just like the bo-peep sheep.

Teacher to small boy: So you've come to school without a pen, eh? What would you say if one of our soldiers went to France without his gun? Tommy replied: Please, sir, I should say he was an officer.

Miss Passee: Have you heard of my engagement?

Miss Cutting: No—eh—who's the plucky man?

My wife talks, talks all the time. You're mistaken. She must listen part of the time or my wife wouldn't be with her so much.

Does Wombat own or rent his house? Rents it. How do you know? I know alright. He scratches the matches on the paint.

Recruiting officer: I can't enlist you, my good man; you have only one eye.

Patriotic Scotchman: Hoots! that disna matter. Ye've tae shut ae e'e whin yer shooting onywey.

Old gentleman (dictating indignant letter): Sir, my stenographer being a lady, cannot take down what I think of you. I being a gentleman, cannot think it; but you, being neither, can easily guess my thoughts.

First neighbour: Did you call me a two-faced thing, did you? Second neighbour: Yes, I did; and wot's more, I don't know which on 'em's the ugliest.

Dabster: Today I pleased a pretty woman by telling her that a certain red-faced, snub-nosed, bald-headed mortal looked like her. Ducane: Bosh! You didn't. Dabster: Fact. The mortal was her first baby.

Landlord: Does that cellar leak?

Suffered: No. It's had two feet of water in it ever since I've been in the house. Not a drop has got out.

Visitor (leaving inn, after sleepless night: I suppose you don't happen to be a German? Landlord: Do I look like it. Visitor: No; but I thought I'd just ask, because my room last night had a concrete bed in it.

Mary: Please mun, the castors under master's chair creak most terrible. Hadn't they better be oiled? Mrs. Boffat (newly married): Certainly; but I'm afraid we have no castor oil in the house.
