VICTORIA, B.C.

THE PROSPECTOR

VOL. 3, NO. 36 LILLOOET, B. C., FRIDAY, JULY 3, 1914. $2 PER YEAR

Closing of Public School

The closing exercises of the above school preparatory to summer holidays took place last Friday. The scholars had beautifully decorated the school, and they themselves looked quite summer like. The children did great credit to themselves in the various exercises, showing good signs of perseverence and work.

Prizes were awarded for faithful work and deportment during the year. An interesting spelling contest was held for the senior scholars, and a prize of a fountain pen was awarded to Catherine Chisholm. Suitable addresses were given by Rev. R. D. Hall and Mr. W. Adams, and three hearty cheers for the teacher, Mr. Leys who has gone to the coast for the holidays. There was a good representation of the townspeople present, including two trustees, Messrs Bell and Hurley, the latter presenting the prizes to the successful students. Each child was given a bag of candy, nuts etc., the appreciation of which was shown by their bright faces and quick disposal of the "goodies." A group photograph was taken by Miss G. Blakeby.

Harold Burkholder was in from North Fork for the celebration with the Canadian National Bureau of breeding sire 'Sanguine,' which is a good type of thoroughbred and choicely bred, tracing directly to the great English sire Bend'or.

A. D. Kean, chief of cow boys and manager of the 'range days' exhibits to be held at the Vancouver and Victoria exhibitions next September, is desirous of obtaining horses and riders to appear in the provincial championship contest.

Miss G. Blakeby of Vancouver, was a visitor in town last week, and was the guest of Mrs. J. Bell. Miss Blakeby left on Sunday for Pemberton, where she intends to remain for the summer months, the guest of her brother, and will also visit her many friends in the vicinity.

We regret to hear that while enroute from the 21-mile camp to the 17-mile camp, to visit Mrs. Wilson, Mrs. McAlpine had the misfortune to dislocate her shoulder, and to break one of the small bones in her hand. Dr. Williams of the P.G.E. hospital, was in attendance. Mr. and Mrs. McAlpine left for the coast shortly afterwards.

Police court proceedings were lively here this week, and a record scoop, we believe, was made Between the hours of 5 p.m. and 12 midnight, July 1, the number of arrests made were 30 all told.—Good-bye little greenback, good-bye.

The girl looking for a proposal will find that men are very much like corks. Some will pop, while others have to be drawn out.

Church Services

Methodist church : Morning (Sunday School) at 11. There will be the usual evening service at 7.30, Rev. R. D. Hall, pastor, will officiate.

A cordial invitation is extended to all.

Lillooet Loyally Celebrate Natal Day

At last the long looked for day arrived and July 1st opened with bright sunshine, and Lillooet looked gay with the bunting displayed by the townspeople, and eventually augumented with the many bright colors worn by the Indians.

The crowd was not so large as last year, but those present inced great interest in the sports which had been arranged. The principal events were won as follows:—

Bridge river stakes,
Dan, Lillooet; Dixey, Clinton

Cow boy race,
Don; Bulger;

Foot race, B. Beloud; Williams;

Putting the shot,
B. Beloud; S. Marshall

Cow boy turn stakes,
Buster; Pointer;

Kloochman's race,
Bolly; Dandy;

Lillooet Stakes, free for all
Dixie, Clinton; Dan, Lillooet:

Pony race, free for all,
Cropper; Daidy;

The bucking contest was considered a draw. Snorty and Maid were the horses ridden, with J. Germaine of Pavilion, and G. Miller of Clinton. as riders.

One of the most interesting and cheerful events was the childrens' races, which were of a varied character and we see prospects of future marathon runners from Lillooet.

It was a pleasure to see the eagerness yet seriousness of the young folk in their sports, for the idea of professionalism was not known to them. The running of these races was in the hands of Messrs Bell, Sutherns and Rev. R. D. Hall.

For the evening entertainment of the people a picture show was arranged in the Santini hall, and in the theatre a boxing contest, between Frank Barrieau, Vancouver, and Harry Bishop of Tacoma, preceeded with a preliminary bout by two local aspirants for the championship of the world. Barrieau won the 15 rd. contest by knocking Bishop out. Joe. Russell was the referee.

On Thursday July 2nd, the celebrations were continued, sports and gomes being the order of the day.

One feature that caused not a little favorable comment was the arrival in our midst of the first moving picture camera ever seen in these parts. The machine was operated by A. D. Kean, the well known Cow Boy Photographer of B.C., who is operating for the Capitol Film Company of Victoria This company is backed by millionaires, who are British Columbians, and is the first company to be formed for the manufacture of motion pictures of British Columbia's many attractions.

Kean is highly pleased with the films he has obtained, among which is the first Kloochmans' race ever secured on the American continent. The bucking contest was also a great success, one rider being "thrown" quite close to the camera, the horse continuing to buck. The films will be exhibited at all the local and provincial Industrial Exhibitions and Fairs.

It is the intention of Mr. Kean to secure a number of animated views of Lillooet's various historic spots, particularly the famous old placer grounds. These scenes to become part of the motion picture Industrial exhibition to be shown in connection with the Vancouver and Victoria Dominion fairs in September.

The celebrations were brought to a close by a dance in the Theatre, there were about twenty five couples present. The music was provided by the Clinton orchestra and a very enjoyable time was spent by all.

LOCAL AND GENERAL ITEMS.

Mr. and Mrs. George Carson, of Pavilion, were in town this week for the celebration.

Mr. and Mrs. Graham and child are visitors to town this week en route to Fort George.

Mr. and Mrs. Frank Durban, storekeepers at the Portage, were among the visitors to town this week. Things in general are looking good in that section.

J. S. Ross is doing some good development work on the Primrose Group of claims, and has a nice showing of freemilling ore. Ross is reported to be a very energetic prospector and a regular Moose for work.

Mr. Smith of the late Lachore ranch was a visitor to Lillooet this week, for the first time. He is favorably impressed with what he saw, paid us a visit and subscribed for the Prospector like all up-to-date people.

Miss D. Hurley arrived home from Victoria where she has been for some months, the guest of Mr. and Mrs. Geo. Hurley, late proprietors of the Excelsior hotel

Mr. Nickleson provided the gasoline launch for the Pavilion lake and our friends at Pavilion had a right joyous time celebrating Dominion day.

K. Chisholm has arrived home from the Columbia College, New Westminster, where he has been taking a commercial course. We are glad to record his having successfully passed his examinations.

Wm. Haylmore is reported to making a good job of the the Government trail, on Bridge river, a short distance above five mile creek to Taylor Basin, and from general appearances there will be something doing in this section shortly after the holidays.

Dead Body Found

The dead body of a man was recovered from the Fraser river, about 8 miles down the river from Lillooet. From bank note on the National Bank of Bay City Oregon, found in the pocket of his shirt, it is supposed that his name was Joe Fisher of that city. The body was seen, by an Indian, floating down the river, he informed the police who obtained Manson's auto, and overtook the body. Dr. H. A. Christie was in attendance and after examination found, no marks of voilence, and ordered the immediate interrment of the body, The body was in a very decomposed state it evidently having been in the water for some considerable time —Please copy.

Mr. P. LaMare, forester, returned from a two week's tour, he has been into the Lach la Hache district.

Chief Aikin, was in town this week helping to obtain a lodging and change of diet, for the bunch of drunks.

Don't your choir sing at the prison any more?

No, several of the prisoners objected on the ground that it wasn't included in their sentences.

Burnt to the Ground

The residential quarters of P. Burns & Co., butchers was completely destroyed by fire last Wednesday evening. The origin of the fire is not known, but it is thought that some person or persons had been cooking on the premises and failed to extinguish the fire before leaving. Mr. Dunlop, was the first person to discover the conflagation and although he was unable to save anything from the buildings, he took precautions to prevent the fire from spreading, for which he is entitled to much credit. Not a stick of the quarters is left standing.

Pemberton Portage

C. Place has just cut one of the finest crops of hay seen in the district for some time, and is about to haul it into the barn.

C. D. Webb left for Vancouver on the 23rd of June, to meet his intended wife, who is expected to arrive from England in the near future. He expects to return via Lillooet, to his ranch by the middle of July.

T. Cronin, contractor on the P.G.E. railway, has just finished his work for the company and is moving out. He is the last of the contractors to leave Pemberton Portage.

Crops are looking good through out the Pemberton Portage district. The weather having been all that could have been desired, even for here.

John Garland, was here last week, looking for land. He was very favorably impressed with the district in general.

For Sale

A litter of well bred hound pups. Good on rabbits and coyottes, can be seen at the old Lachore ranch. Full particulars from Smith & Bradshaw, Lytton.

THE PROSPECTOR.

Published in the interests of Lillooet District

A. E. LUDWIG, Manager.

JULY 3. 1914.

If men would but realize how far- reaching the effects of their habits are, habits of mind as well as habits of life, things in general, which are happening in our midst would become an utter impossibility.

Humanity is an organic whole which must suffer in its entirety when any of its component parts are degraded. In all things, social and physical, there is law; also there is retributive justice.

Progress does not mean the accumulation of capital; it means the prosperity of the community. And the prosperity of the community can only be assured by the efforts of individuals to live uprightly, do their duty conscientiously in their own sphere of action, and extend a disinterested helping hand to their neighbors, both in their intimate relations and in the promotion of such social changes as shall make for a higher standard of life all round. If material progress does not rest on a good sound basis of moral probity, it makes for disaster.

It seems that life has become so much of a rush that our chief energy is spent in trying to avoid being left behind. We get little time for contemplation, the result is a certain lack, in our days, of personality, of sincerity, and of originality.

The 1914 hanger for the Vancouver Exhibition is now being distributed. It is a beautiful production of lithographic art done in seven colors by a well known local institution. The body colors are those of the exhibition, green and gold, and are harmonized perfectly. In the centre is a birdseye view of the grounds, drawn with remarkable precision and minute detail, each building being truly drawn from photographs, while in the background is a splendid view of the mountains across Burrard inlet. Surmounting the gothic pillars and cap which enclose the centre scene, are pictured the coat-of-arms of the association and drawing true to life of a well known Devon bull and the famous hackney horse Mathias. The work is one that any institution might be proud to produce and is a credit to the city and province. Upon application to the association a copy will be mailed to any address.

If the world owes every man a living, the millionaires must be preferred creditors.

Water Notice.

Application for a Licence to take and use Water will be made under the "Water Act" of British Columbia, as follows:

1. The name of the applicant is Lillooet (ritish Columbia) Mining Company, Limited.
2. The address of the applicant is Box 49, Lillooet Post Office

WATER NOTICE

For a License to take and use Water

NOTICE IS HEREBY GIVEN that THE PACIFIC GREAT EASTERN Railway Company of Victoria. B.C. will apply for a license to take and use 0.150 cubic feet per second of water out of a spring located near the Government road, and the water from which flows in a North Easterly direction, through D.L. 18, District of Lillooet, and empties into an irrigation ditch flowing in a Westerly direction to the Fraser river. The water will be diverted at the spring head and will be used for railway purposes on the land described as the right of way of the PACIFIC GREAT EASTERN RAILWAY COMPANY

This notice was posted on the ground on the 18th day of May, 1914. The application will be filed in the office of the Water Recorder at Clinton, B.C.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

CONTRACTOR & BUILDER

LILLOOET, B. C.,

Water Act, 1914.

Before the Board of Investigation

In the matter of all streams flowing from the east into the Fraser River between the northern boundary of the Railway Belt and the mouth of Pavilion River including the Pavilion River and tributary streams.

All streams flowing from the west into the Fraser River between the northern boundary of the Railway Belt and the mouth of Seaton Creek, Cayuse Creek, Cayoosh Creek and Seaton Creek excluding Seaton Lake and its tributaries.

A meeting of the Board of Investigation will be held at Lillooet on the 14th day of July, 1914, at 10 o'clock in the forenoon, when all claims to water rights or privileges on the said streams which have been filed, all objections thereto, and the plans prepared for the use of the Board will be open for inspection.

All persons interested are entitled to examine these, and to file objections thereto in writing if they deem fit.

At this meeting claimants who have not previously done so shall prove their title to lands to which their water records are appurtenant. This may be done by producing, in case of Crown-granted lands, the title deeds, or a certificate of encumbrance; or in case of lands not held under Crown grant, by producing the pre-emption record, the agreement of sale, the mining record, or other documents of title.

Objections will be heard forthwith if the party objected to has received sufficient notice of the objection.

The Board at the said meeting will determine the quantity of water which may be used under each record, the further works which are necessary for such use, and will set dates for the filing of plans of such works, and for the commencement and completion of such works.

And whereas there may be persons who, before the first June, 1912, were entitled to water rights on any of the said streams and yet not have filed statements of their claims with the Board of Investigation; such persons are required to file on or before the 9th day of July, 1914, a statement as required by section 294 of the "Water Act, 1914. Forms (No. 50 for irrigation, and No. 51 for other purposes) May be obtained from any Government Agent in the Province.

Dated at Victoria, B.C., the 1st day June, 1914.

For the Board of Investigation.

J. F. ARMSTRONG,
Chairman.

The water rights maps and tabulation of records will be open for inspection at 9 o'clock in the forenoon, on the said 14th day of July, 1914, at Lillooet.

Water Notice

Application for a License to take and use and to store or pen back water, will be made under the Water Act of British Columbia, as follows:

1. The name of the applicant is Franklin Benjamin English
2. The address of the applicant is 150-mile House, Cariboo road, B.C.
3. The name of the stream is a spring. The stream has its source about 80 chains S. E. of lot 3225, flows in a westerly direction and sinks into the ground about 200 yards from the source
4. The water is to be diverted from the stream at a dam site about 220 yds. from the source
5. The purpose for which the water will be used is irrigation.
6. The land on which the water is to be used is described as follows:—Pre-emption record No. 1864
7. The quantity of water applied for is as follows:— 10 miners inches
8. The quantity of water to be stored is—100 acre feet
9. The reservoir site is located 220 yards from source of spring
8. This notice was posted on the ground on the 21st day of May, 1914.
9. A copy of this notice and an application pursuant thereto and to the requirements of the "Water Act" will be filed in the office of the Water Recorder at Clinton. Objections may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

Cancellation of Reserve.

NOTICE IS HEREBY GIVEN THAT the reserve existing upon Crown lands in the Cariboo and Cassiar Districts, notice of which was published in the B. C. Gazette on the 12th of September, 1907; also the reserve existing upon Crown lands within the Land Recording Districts of Cariboo and Lillooet and the Kamloops Division of the Yale Land Recording District, notice of which appeared in the B. C. Gazette on the 4th of April, 1911, is cancelled in so far as the same reserves the said lands from lease under the provisions of the Land Act.

R. A. RENWICK,
Deputy Minister of Lands.
Lands Department, Victoria, B. C.,
22nd April, 1914.

Water Notice

Application for a License to take and use Water will be made under the "Water Act" of British Columbia, as follows:

I. The name of the applicant is Harry J. Keary

2. The address of the applicant is Lillooet, B.C.

3. The name of the stream is Saw Mill creek. The stream has its source in the mountain behind the town of Lillooet, flows in a south easterly direction, and empties into the Fraser river

4. The water is to be diverted from the stream on the west side about 200 yards above the Lake creek road

5. The purpose for which the water is to be used is irrigation

6. The land on which the water is to be used is described as follows: Lots 1 and 3, Block 3, suburban lots, town of Lillooet

7 The quantity of water applied for is as follows: 10 miners inches

8. This notice was posted on the ground on the 4th day of June, 1914

9. A copy of this notice and an application pursuant thereto and to the requirements of the "Water Act" will be filed in the office of the Water Recorder at Clinton. Objections may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

32 HARRY J. KEARY, Applicant.
