Through Trains Twice A Week.

A through service twice a week is now in operation over the Grand Trunk Pacific Railway between Prince Rupert and Fort William. Connections are made at Winnipeg for St. Paul and Chicago and thence via Grand Trunk Railway system to Eastern Ontario points. Passengers for the east who leave Massett on the Prince John on Thursday can go right through over the company's lines to their destination without further trouble than direct changes at Prince Rupert and Winnipeg.

This marks the completion of the system as far as through service goes, though, of course, all-rail communication will not be ready untll the completion of the National Transcontinental railway enables the compàny to operate trains through from this coast to the Atlantic coast.

Yesterday's War News.

Despatches received yesterday at the local telegraph office announce that the Allies have driven the Germans back to the German border and both are now preparing for a big battle.

The Russians are winning all along the line and the German army will soon be a thing of the past.

Monster Turnip From Sewall.

Capt. Claude Cornie marched into the Islander Office this morning bearing a monster turnip, 21 lbs. in weight and 28 in. circumference. Claude said it was grown at Sewall, on Mr. G. Stockford's ranch, where other vegetables are doing equally as well. For instance 136 potatoes were taken from one hill, and there is a pumpkin 18 in. in diameter, which is conclusive proof of the fertility of the soil at Sewall. The turnip is on exhibition in our window—look in and see the "beast."

Came Through O. K.

The postal authorities have, at times, very amazing and queer addresses to deal with. The following is one from Amsterdam, and to the credit of the officials be it said, was delivered safely to a local man, just the same as if it had been properly addressed:

Mr. W. L. BARTON
Queenstown, Moresby Island
Australia.

FOR SALE.—One fine heavy milch cow.—Apply Ceaser Verhyden, Oeanda.

Pigs For Sale—Two sows in litter; also young pigs.—Apply Dave Rutten, Oeanda.

Wearmouth-Brand.

The marriage of two of Prince Rupert's popular young people yesterday was the making of a very pretty event. It took place at 3 o'clock in the afternoon at the Anglican Church, with Rev. Canon Rix officiating.

The groom was Capt. C. W. Wearmouth, of the G. T. P. steamer Prince John and the bride is Miss Kate Brand, a daughter of Mr. and Mrs. C. E. Brand, and a very pretty and charming young lady.

Many guests assembled at the church and at the appointed hour the bride was given away by her father. The bridesmaid was Miss Nora Brand, a sister of the bride and the groom was supported by Mr. Miles Henderson. After the marriage ceremony a reception was held from four to six at the home of the bride's parents, where many went to offer best wishes to the happy young coupple.

The bride carried a bouquet of pink and white roses and lily of the valley. The bridesmaid's bouquet was of white carnations and lily of the valley.

Amoung the many handsome gifts was a cabinet of cutlery from the officers and crew of the John.

The bride and groom left in the evening on the Prince John for a trip south. At the wharf a host of friends were present to give them a merry start on life's journey. Colonel McSpadden, of the Irish Fusiliers, took a prominent part in the organizing of the assembly. As the boat pulled out the bride and groom were given three hearty cheers.

Among the guests were Canon Rix, Captain and Mrs. McCroskie, Captain and Mrs. Groves, Captain A. Slocomb (uncle of the bride), Captain D MacKenzie, Mr. and Mrs. Cawley, Mr. and Mrs. Munro, Mr. and Mrs. Riley, Mr. and Mrs. Godenrath, Mr. and Mrs. Miller, Mrs. Stevens and Miss Stephens, Miss Boston, Mr. and Mrs. Jackson, Mrs. Robertson, Mr. and Mrs. Darton, Miss Campbell, Miss Walker, Miss Hardy, Miss Fayle, Mr. and Mrs. J. A. Smith, Mr. Parkin and Mr. Newy.—Prince Rupert Daily News.

Sir Richard's Thanks.

The following letter was received by Mr. Charles Harrison from Sir Richard McBride in reply to a resolution passed by the residents congratulating him on the purchase of two sub-marines for the protection of the British Columbia coast:

Victoria, August 26, 1914.

C. Harrison, Esq.,
Massett, B.C.

Dear Sir: Permit me, through you, to thank the inhabitants of Massett District for the very handsome resolution of appreciation passed by them on August 15 with regard to the purchase of the two submarines for the Dominion.—Yours very truly,

Richard McBride.

The subscription sheet which was opened to help Mr. H. Edenshaw to procure a new boat in place of the Josephine, which was destroyed by fire, met with a hearty response and resulted in a good sum being obtained. Mr. Edenshaw wishes to thank the subscribers very kindly for their handsome donations.

Capt. D. McIntosh, G. W. Cramer and Mr. Johnstone, all of Victoria, who have large holdings on the west side of the inlet, after a visit of a few weeks left for the south on the Prince John. During their visit a plan of improvements to the property was started, such as road-building, ditching, clearing and erecting cabins. D. C. McKinnon and Ed. Satterthwaite are in charge of the work.

A few weeks ago a petition was sent to the Minister of Militia, signed by about thirty citizens of Massett who offered their services to the King and country. Mr. Harrison has received an acknowledgement to the petition from the Department of Militia and Defence. The Department feel very grateful for the kind offer and states, with others of a similar nature, will receive due consideration as soon as the Canadian Expeditionary Force has made its departure. It is quite possible that a "home guard" may be organized.

H. Neville Smith, B. C. L. S., and party returned Monday on the Nevilline from Otard Bay where he had been engaged for the past month surveying claims for the Northern Oil Co. A visit was made to the Drill Camp of the B. C. Oilfields and Mr. Smith said that the drill had attained a depth of 900 feet. The prospects of striking oil was most encouraging, the fluid being seen when the well was bailed out. The Nevilline and party left for Prince Rupert on Wednesday morning.

Massett, B.C., Saturday, Sept. 19, 1914

The Prince Rupert newspapers are making a great fuss over the fact that a settler from Saskatchewan cannot have a waggon road to his preemption in order to take in supplies and a threat made by him to leave the country unless he is accommodated. This isolated case is but one of many in this northern country, and how to deal with it is a problem that must puzzle the government and road superintendents. There is land and to spare in all directions; but the difficulty is in reaching it and remaining there when one is satisfied that a home can be made for oneself and future generations. Roads and trails cannot be built in a year or two years. Every settler wants some way to take in supplies and to bring out produce, and the land is not in blocks along which a highway can be constructed. It will cost thousands of dollars to build a road in any direction on the islands and the isolated settler considers his claim as good as any other. If the land in the first place had been laid out in blocks and the pre-emptors were given adjacent properties it would have been practicable to reach them all; but every settler took what he considered a good location and they are miles apart. Roads and trails cannot be macadamized and the rainy seasons would make a number impassable if constructed. Some pre-emptors have given up their land and others are considering the advisability of doing so. The new-comer expects the same treatment as the old settler and it is a continual complant. With a reduced appropriation and little road work the situation becomes acute, and the hard times will not add to the comfort of those who have taken to the soil for a living. Assisting the pre-emptor and allowing him to earn money by building roads to his location would be one of the ways to keep the settler on the land. For each mile of road or trail constructed the settler might be paid a stated sum and all settlers allowed to construct whatever is needed and the land in the immediate neighbourhood might be taxed to defray the expense. The past four years have been hard on the settler and no years has shown less chance of making a living than the one we are now passing through. A number of pre-emptors tried fishing to obtain money; but few made a success of it. Others worked on the roads and trails and made a few dollers for Winter use. Some have gone out and may not return. The weather conditions are trying this years and it is all outgo with no industries to keep up the towns and settlements. All other sections of the Province are feeling the hard time now upon us and the only remedy is for the government to aid even if it is necessary to borrow a large sum of money. Population we require and the farmer is the backbone of the country. Assist him now that we have hard times and he will return the money tenfold when able to till the soil and convey its products to market.
