## Record Trip From Charlotte To Massett

Prince Rupert Man Rode One Hundred and Twenty Miles in Twenty-Three Hours Riding Time on Same Horse.

The following report of the trip from Queen Charlotte to Massett, recently made by Mr. J. S. Cowper of Prince Rupert, who was accompanied by Mexican Tom as guide, is taken from the Daily News:

"To ride a distance of one hundred and twenty miles from Charlotte City to Massett in twenty-three hours without changing horses—most of the way during a blinding storm—is the record of horsemanship made by Mr. J. S. Cowper of Prince Rupert, accompanied by Mexican Tom, the cow puncher of Oyanda River. The trip has always been considered a good three days' ride, and when the party left Charlotte City at 10.30 a.m. on Tuesday to catch the Prince John at Massett on Thursday noon, it was freely prophesied that they were attempting the impossible.

"It was decided to make one day's ride, and then after a rest to make a day and a night ride to finish. The first day brought the party to Walsh's ranch at the Ti-El River, after seven and a half hours ride over the new trail from Charlotte City.

"From Ti-El which was left at 8 a.m., Mexican Tom's was made at 2.50 p.m. The storm by that time had arisen, and the Mexican's horse was all in. After a rest till 8 p.m. to allow of fording the tidal rivers, a start was again made at the height of the storm to make a night ride along the coast to Tow Hill. Mexican had a new mount, and led his black stallion, Marquis, as a precaution against accident.

"Only one accident occurred, when the Mexican's horse fell in jumping a log in the darkness. Rounding Rose Spit in the storm and darkness the travellers trusted to the horses finding the trail. Smith's store at Tow Hill was reached at 1.15 a.m. after fording the Hiellen River, the riders being drenched to the skin. A fresh start was made at 7.45 on the last stretch to Massett, which was reached at 11.15. The Prince John which was stormbound, did not arrive till late in the evening.

"The feature of the ride was the splendid performance of the Mexican's young mare Annie Laurie, which carried Mr. Cowper the entire journey, wearing out two relays of older horses, and finishing the trying journey in a fresh condition. She has never been broken to the saddle, and it was not expected at the start that she could last more than half the journey but she covered the long journey in less than twenty-three hours actual riding time, in the teeth of

## Largest Lighthouse On Pacific Coast

Is Now Under Construction at North Island, Queen Charlotte Group. Twelve Men at Work.

What will be the largest and most powerful lighthouse, when completed, on the Pacific Coast, is now under construction at North Island, situated off the north-west coast of Graham Island. Twelve men are engaged at present in preparing the foundations for the structure which is to be of the most modern type and with powerful illumination to make the way clear for the ships of the seven seas and inward and outward bound to Prince Rupert. This lighthouse is an important aid to navigation for all vessels sailing these waters, and will be appreciated by the boats making the Island trip. It is on a par with the plans of the late government for the development of Prince Rupert as a seaport, and will no doubt be completed along with the other marine works in progress, under the new regime.

## Well Known Mining Man Dead.

Samuel Lichtenstadter, resident member of the Arctic Club, principal stockholder of the famous Mount Andrew copper mine on Prince Wales Island, and a mining man of world-wide acquaintance, was found dead in bed of heart disease, at the Steadman Hotel in Ketchikan, Alaska.

Mr. Lichtenstadter left Seattle on August 1 to inspect his property, which recently had been placed under contract with the United States Smelting & Refining Company for \$2,500,000. He was in the best of health at the time.

He was one of the original participants in the great Klondike rush. He wintered in 1897 at Fort Yukon. It was there that he got the information which led him to seek out and later develop the property on Prince of Wales Island, which he named Mount Andrew.

The completion of Canada's fifth census, begun in June, will show a total population considerably under 8,000,000, according to unofficial calculations. The official figures will be made public in a few days, as soon as the returns are in from the northwest districts.

a gale, without whip or spur, finding her way in and out and over the drift logs on the eastern shore of Graham Island in the darkness.

"The record is expected to stand for many years to come."

## Mineral Output Has Great Increase

Department of Mines' Report Shows That Total Value of Ore Mined was One Hundred and Five Million Dollars

The total value of the mineral production of Canada during the past year exceeded \$105,000,000, an increase of \$13,209,517 over that of 1909. This is indicated by a preliminary report just issued by the department of mines. An increase of 14 per cent. is a very substantial one and according to the reports should be particularly gratifying not only to those who are directly interested in the development of the mineral resources of the country but to the public at large, who indirectly profit thereby.

There has been an increased product in nearly every province, the only falling off being shown by New Brunswick, while Ontario is well in the lead with over 40 per cent. of the total for Canada. In silver products alone there was an increase of 16 per cent, this being chiefly in Cobalt, Porcupine and other mining districts in that province. The production of silver in Ontario totalled \$15,711,513.

## Will Explore Territory.

Sir D. D. Mann has announced his intention to place in the field an exploration party which will cover the territory between Stewart and Edmonton, via the Peace River country, with a view of making an exhaustive report on the mineral, farming, timber and ranching possibilities of the hinterland. It is probable, too, that request will be made to the Provincial Government to send a similar expedition into the field.

## Big Liner Rammed.

Upon leaving Southampton for New York the White Star liner Olympic, the largest steamer afloat, with every berth filled, was rammed by the big British cruiser Hawke. Only a prompt beaching of the huge liner prevented the worst marine disaster in history. The Olympic carried three thousand passengers. The Hawke was also damaged, but made port under her own steam.

The boy scout movement was condemned by unanimous vote at the Trades and Labor Congress, recently held at Calgary, as being wrong in principle, giving boys wrong ideals and constituting a menace to the working classes, teaching boys that the proper caper is to shoot down toilers on strike. Only one man said a good word for the scouts.

**LOCALS.**

Mr. and Mrs. Fersch and son arrived last week from Germany and proceeded to the settlement at Lawn Hill. Mrs. Fersch is a sister of Mrs. Scharffe of the Lawn Hill hotel.

A large number of friends gathered on the wharf on Wednesday night to bid au revoir to Miss Edith Fraser, who left for New Westminster to enter the Columbia College.

Alfred Cook, while working at the camp of the British Pacific Coal Company at Slate Chuck, received a bad cut on the chin on Tuesday. He was dressing logs and slipped, and the axe glanced on to face, cutting his chin right through and knocking out some teeth. His injuries were attended to by Dr. Winter.

At a meeting of settlers held at Lawn Hill last Monday, it was agreed to ask the Provincial government for \$40,000 for next season's work on the roads and trails on the islands.

Mr. Ben. Metcalfe of the Jedway Hotel, passed through on the Beatrice en route to Vancouver.

The total reward for the capture of the robbers who plundered the Bank of Montreal's Westminster branch has been increased to the snug fortune of \$32,000.

Mrs. R. Archibald and daughter left on the "Beatrice" on Wednesday night for Vancouver.

The freighter "British Columbia" arrived here Tuesday night with 300 cases of gasoline for John Sachs. She left the following morning for Rose Harbor with 500 tons of coal for the whaling station.

The ballot boxes used at the recent election were collected by Mr. J. L. Barge who proceeded to Prince Rupert last Monday to deliver them to the Returning Officer, Mr. F. G. Dawson. The official count of the ballots takes place on Thursday.

Messrs. C. Allan and W. Stark passed through on the Beatrice from Lockport for Rupert last Wednesday. For some weeks past they have been at work on their claims near that point.

Mr. J. E. Corlett, managing director of the Moresby Island Lumber Company, arrived yesterday morning on a short visit.

The Prince John arrived yesterday morning with a large number of passengers for Queen Charlotte. She left shortly afterwards for Moresby Island points and Prince Rupert.

This year, to date, 116,000 Britisher have emigrated to Canada.

**English Syndicate Secures Coal Property Adjoining Townsite.**

Mr. Arthur Gowing, a pioneer prospector on the Queen Charlottes, who located the well known Tassoo Harbor copper property, arrived yesterday morning on the Prince John from the south. Mr. Gowing, who has large interests in several concerns now operating on both islands, stated that a deal had just been completed whereby an English syndicate secured thirteen coal claims lying between the townsite and Slate Chuck. This property was controlled by Mr. Gowing, Capt. Nash, T. R. Morrow and Wilson Gowing.

**Europe On The Brink Of War.**

Europe is now on the brink of war. Within a few days from now it is believed that Italy and Turkey will have opened hostilities, says a late despatch. Italy is prepared and is awaiting the word.

The first Italian squadron is now in the harbor of Tripoli with steam up. The squadron is composed of four Dreadnoughts, three cruisers and a flotilla of torpedo boats. They are anchored in line, with decks cleared and bunkers and magazines filled. The order for opening hostilities is expected any time.

**PACOFI.**

Wilson Gowing was here collecting mail for Tassoo, where a large gang of men are at work.

Pacofi has not just got into the thick of business yet, although it will by next week.

The trawler Kingsway arrived last week with a catch of 30,000 lbs. for four days fishing.

The Standard Fish Co. has opened up a wholesale business in Prince Rupert. A pontoon wharf has been built alongside the G. T. P. wharf for that purpose.

The Kingsway left for Prince Rupert and Vancouver with a cargo of fish.

The fish company are putting up 40,000 lbs. of red cod for the Japan market.

About ten acres of timber has been fallen for cordwood and a large building site cleared for a residence for the manager.

James George arrived as special constable for the election. Only one vote was polled in Pacofi out of 25 men, which went in favor of Clements.

Skeena Land District—District of Queen Charlotte Islands.

Take notice that Charles Harrison of Massett, occupation farmer, intends to apply for permission to purchase the following described lands: Commencing at a post planted about 80 chains distant and in a Northerly direction from the North-east corner post of Lot 227: thence south 30 chains more or less, thence west 20 chains more or less, thence south 40 chains more or less, thence east 40 chains to the shore line, thence along the shoreline to point of commencement, and containing 160 acres more or less.

## LATEST TELEGRAPHIC NEWS

### Will Try To Stop Johnson-Wells Fight.

London, Sept. 28.—Great opposition is being fomented in Great Britain against the forthcoming heavyweight boxing contest between Jack Johnson and Bombardier Wells, which is scheduled to take place next Monday.

#### "Times" Denounces Fight

The "Times" in an editorial, urges that in the Empire's interest the Johnson-Wells match ought to be stopped because it has no sporting justification. The spectator, says the "Times," will be attracted by a morbid and unwholesome interest in a struggle between a white man and a black man, and the contest itself, together with the showing of fight pictures, only can serve to promote or aggravate the color feeling throughout the entire country."

#### Preachers are Busy

The fight was denounced by many preachers in their sermons last Sunday, the main speaker being Rev. Mr. Meyer, of the Regents park chapel, who started the movement against the proposed battle at Earls' Court.

Mr. Meyer protested that prize fighting was demoralizing and brutal and also that it would embitter the feeling of the whites against the blacks in America, South Africa and India. "Of course, I shan't do it, but I would dearly like to break into the ring and say to the big negro and the white champion: 'You are brothers,'" said Mr. Meyer.

It is reported that Winston Churchill, the home secretary, is consulting the law officers with regard to the legal aspects of the case.

#### Johnson is "Tetchy"

Johnson, when interviewed in Paris, said that he was "tetchy" because the English papers were saying everything bad about him, and that he was not getting fair play. The London fight, he said, was a matter of indifference to

### A Mild Earthquake Visited the Capital Last Night—Tremor Was Felt.

(Canadian Press Despatch)

Victoria, Sept. 29.—A slight earthquake was felt here and at Bellingham at 6.40 last night, but no record was made of it on the seismograph, at the University of Seattle.

### G. T. P. IN CALGARY THIS YEAR

#### W. P. Hinton Says Good Progress is Being Made

Winnipeg, Sept. 28.—W. P. Hinton, general passenger agent of the Grand Trunk Pacific, who returned from an inspection trip of the western lines on Saturday, stated that he expected the Edmonton-Calgary line of the Grand Trunk Pacific would be opened this year. The contractors have experienced considerable trouble in getting supplies, notably steel for the large bridge over the Red Deer river near Alix but now this bridge is finished and the structural steel gang has gone to a bridge on the Brazeau coal branch. Steel laying south of Alix is proceeding at the rate of about three miles a day and the grade is finished far enough toward Calgary to keep ahead of the track-layer.

him, as there were dozens of other places which would not object to a match.

"It's just like this. You don't want me to win, and that's the truth," said Johnson. "But I am going to win. That's what I came here for. Longsdale is sore at me because I would not fight for \$6,000 at the National Sporting club. Why should I fight for \$6,000 when I can get \$15,000? I am over here for the money. If the fight is stopped in London we can fight in Paris and get a bigger crowd."

### MINERS IN DANGER

#### Fourteen Men Imprisoned in a Cave-in at Lower Dome Creek Alaska.

(Canadian Press Despatch)

Fairbanks, Alaska, Sept. 29.—A serious cave-in of a shaft of the Shakespeare Mining Company is reported from Lower Dome Creek. Fourteen miners are imprisoned in the debris, and a rescue party of over one hundred men from all round the district are working heroically in a desperate attempt to rescue their comrades.

### CHAUFFEUR KILLED

#### Henry Langworth Meets Death on Toronto Streets—Three Others Injured.

(Canadian Press Despatch)

Toronto, Sept. 29.—While running at a high rate of speed this morning along Mason street an auto belonging to a local real estate firm turned turtle killing the chauffeur, Henry Langworth, and injuring three passengers.

### WILL RETIRE FOR GOOD

#### Hon. Wm. Templeman Makes Statement at Ottawa—De- vote Himself to Paper.

(Canadian Press Despatch)

Ottawa, Sept. 29.—Hon. William Templeman, Minister of Mines, arrived at Ottawa last evening to attend the closing meetings of the Cabinet. Asked as to his future intentions he said that he intended to retire from political life for good, and devote himself to looking after his newspaper at Victoria. Hon. Mr. Templeman is proprietor of the Victoria Times.

### Seat For Graham

#### Ex-Minister of Railways is Look- ed upon as Laurier's Ultimate Successor—Two Seats Open- ed.

(Canadian Press Despatch)

Quebec, Sept. 28.—In the event of Sir Wilfrid Laurier deciding to represent Soulangue County, prominent Liberals will endeavor to have Hon. George Graham stand for Quebec East. T. A. Low, Liberal member-elect for South Renfrew, says he is ready to give up his seat to Hon. Mr. Graham who it is considered will be Sir Wilfrid Laurier's successor when Sir Wilfrid retires from the leadership.

### HE DIED DEFIANT

(Canadian Press Despatch)

Kiev, Sept. 25.—Bogroff, the assassin of Minister Stolypin, was hanged today at Kiev. Before leaving the cell he asked for consolation from the Rabbi, but refused to take it when he was told it would have to be in the hearing of the officials. He went to his death defiant.

### CLARKE BROTHERS, Limited.

In another column will be found the advertisement of the above firm. This house was established last September and is the Pioneer Liquor House of Northern B. C. The members of this company are well known on the Queen Charlotte Islands, and have already established a reputation throughout the north for fair dealing and prompt shipments. Our readers may rely on receiving at all times the most courteous treatment from this house, while their prices are no higher than those charged in Vancouver or Victoria. When it is remembered that a letter to this firm will bring a shipment on the next boat the advantage of ordering from Prince Rupert will be at once apparent. Not only that but the interests of Prince Rupert and the Queen Charlotte Islands are one in the matter of a rapid development of the North. Prince Rupert will be our natural market and it is up to us to patronize Prince Rupert wherever possible. Put it down in your note book: Clarke, Brothers, Ltd., Box 319, Prince Rupert, B. C.

#### MASSETT NEWS.

E. J. Tingley is arranging to import a portable mill for the purpose of cutting timber for the settlers on Massett Inlet and the east coast of Graham Island.

The steamer Prince Albert is expected here from Vancouver with machinery and lumber for the mining camps at the head of Massett Inlet.

Mine host Ives of the St. Ives hotel, has purchased the residence formerly owned by C. J. Cook, and is busy improving the house and grounds.

The necessity for a wharf at Massett townsite has been apparent on the arrival of every steamer. The present structure is falling to pieces and the residents of New Massett are petitioning for the construction of a new wharf at the head of Main street.

A new schoolhouse has been erected on Collision avenue, and will be occupied when passed by the inspector. Miss Robinson of Vancouver, arrived in Massett recently to take charge of the school.

A representative of a large cold storage company has been inspecting the various locations on Naden Harbor, with a view to constructing buildings and commencing operations.

Several settlers arrived at Massett on the steamer Prince John and are engaged in looking for homes. Among them are four former residents, who looked over other sections of the province and are now willing to cast their lot with the pioneers of Graham Island.

Dr. Newcomb has purchased a large number of Indian curios for the Provincial Museum. He also secured a large totem pole at Clew Indian reserve.
