Dear An Goldie! -

I was away when your wire came but got back the day your letter arrived enclosing cheque.

The Commerce has consistently charged 1/10 on these and I have paid <sup>8</sup>8 on the three cheques you have forwarded.

I have talked to Mr Alley the Asst Genl Mgr in charge of branches and he has undertaken to write Mayne Hamilton the Dept at Vancouver in regard to making our cheques payable at par at any branch so you should go after it at once again with your Vernon manager. Alley says though that your local manager could and would always mark a cheque like those you have sent to me payable at par Toronto <sup>upon request</sup> so why let the Bank of Commerce pinch off this from me. If what he says is so then Rainbow Ranch should stand this arbitrage and the manager brought on the carpet for allowing <sup>the Bank</sup> them to get it.

Have had a letter from Dorner and he is in the South of France.

Your brother Bill is home and says you are having a lot of trouble with new bugs appearing on the land; is this not due to irrigation?

Clared is very anxious for me to go South with
