

NIGHT LETTER

Paid 64 words.

~~/July/~~ June 1st. 1928

J.E. McAllister,
36 Toronto Street
Toronto, Ont.

Anticipating slow movement and larger crop it seems necessary to enlarge packing house stop. my plans are replacement of packed fruit or East end with better building double the floor space useing lumber in old building to house machinery and work shop estimated ~~expen/~~ cost sixteen hundred stop necessary make tempory additions anyway I think expenditure justified but would like your OK wire collect writing.
