Dear Mr Goldie:-

The time has arrived for the crop to start coming in and it would be interesting to know how things look to you. The last number I got of the Toronto News was so full of gloom regarding prices that it is rather disquieting. At this distance it is hard to tell how much is propaganda for the purpose of influencing Ottawa on the dumping clause and how much is genuine.

However if we have better than sixty thousand cases to ship (which number I gather from one of your former letters) you will have to be on your toes as regards cost and with your ear to the ground as regards price because it is evidently going to take some figuring.

I have not heard from Dorner for some time but expect he is punishing me for being so long in answering his last letter.

Am very sorry I cannot get out there to be with you at this time but simply cannot make it so please let me know how things look to you. I know there is a
