Dear Mr. Goldie

Your letter of recent date to hand -  
 I am glad to hear at last that the ducks are  
 in the land of the living - I've been always  
 wondering what became of them, after coming  
 away & leaving them to the tender mercies of the  
 world at large & no one in particular -  
 Yes \$3.75 will be quite satisfactory, & will  
 be glad to receive your check for the same -  
 We like it here very much in some ways, &  
 so long as the fine weather lasts, but we miss  
 the lake very much - We are glad to have  
 escaped the great heat you've been having there  
 lately, we must have brought the dry weather  
 habit here for there has been no rain for a month  
 or over & it would be a good thing to have a good  
 shower. Am glad to hear things seem picking up  
 somewhat round Centre in some ways, & that there  
 is some chance for people to dispose of their  
 produce -

Yours Sincerely

Mr. Brown
