Re Rainbow

Dear Mr. Goldie:

Your letter of the 21st inst has been received, and also the two issues of the Vernon "News", together with printed circulars. All of the printed matter I am forwarding to Dormer in England, as you suggest.

I am not able to make much of the account of the Annual Meeting of the Fruit Union. It seems to be the same old story, with the usual quarrelling going on, while the results go by the board. I am sure that for the present anyway, we must leave this matter to your judgment, as to whether to sell through the Union or not. Apparently the Coldstream thought otherwise last year, as also Kidston, but the Coldstream Company appears to have changed its mind too late in the day. There is the point however, that you bring out, being short handed you will be so busy you will not be able to attend to the matter of selling, although after all the whole thing simmers down to the question of income and expenditure. As far as I am concerned, I wish you would handle the thing as you think best.

Yours very truly,

J. E. Mallister
