Jas. Goldie Esq,

Okanagan Centre, B.C.

Dear Mr. Goldie:

I have replied to your night letter of
the 26th inst as per enclosed confirmation.

If it is possible to close off all expense
at Bellevue without damage to the property, I would like
to do so, and later on have the Rainbow men do the pruning.
I hope you can arrange with somebody to stay on the place
and keep an eye on things generally.

The situation here becomes more acute every
day, and I am most anxious to hear from you as to conditions.
If the present situation continues much longer, we will all
be down to first principles, and it has occurred to me that
being away from the centers you may not realize how serious
things are.

I had a letter from Dorner from Montreal on
the 14th, saying he was sailing for England that evening.

Yours very truly,

J. M. Allister
