Jas. Goldie Esq,

Okanagan Centre, B.C.

Dear Mr, Goldie:

In a letter received from Dormer on the 8th inst, he says he expects to get out to British Columbia about the first week in October. This is making it very late for me, and I may possibly have to go abroad during that month, however we will see how it turns out.

I answered your night letter as per enclosed confirmation, and am most anxious to get out there and go through everything with you and Dormer on the ground.

I am going to New York to-morrow, but expect to be back the latter part of the week, and will let you know the moment any definite word is received from Dormer.

Yours very truly,

Encls-
