Dear Goldie:-

Yours of the 22nd arrived on 27th. Yes I got your wire allright and forwarded some mail to Winnipeg also wrote you there.

Things here are going fine on hauling over hay at present I have still some pruning to do about three days will finish me up I think.

No there is no great rush for you to get home, but I think Code wishes you will be able to get home before the Board of trade meeting which is to be held on the 10th of Feb and the cannery company is to be formed that day he has asked me several times when you would be home and I said about the 7th or 8th, also that Charlie wishes to get away on the 12th and he will want some cash but he will wait until you come home, I wrote you at Winnipeg explaining his reason for wanting to go I have seen H. Gutsell and he is hitting

for a big wage said teamsters will get $145 or $150 this year, so I told him I did not think we could pay any teamster that unless he was an exceptionally good man but told him if he cared to come on when Charlie went I thought we could start him at $130 and would pay according to the general scale for the summer he said he would let me know in a weeks time did I do right.

I think she think will stay until you get home.

I am pleased to hear you are bringing your sister back with you I will get the ~~spare~~ visitors room fixed up and properly aired as I guess you will use that room.

Say our little settlement is going to boast a farmers Institute now, as W.P. has organised one at the time of the fruit lectures they fixed me as secretary pro tem.

Our ball was a huge success had 53 present 13 of them from Kelowna but more about this when you get home

Yours faithfully W.M. Evans
