

for Dornier to be on hand. Also please let Bailey know at Bellevue that we will be up there and probably take either lunch or supper there. I am specially anxious to have Bellevue looking well as I may be able to sell it to Warren.

Would also like them in this connection to get a favorable idea of the possibilities of Rainbow as we can give them as I want to get Warren interested in the valley.

I hope all is going well with you and am looking forward to seeing you and spending a day or two.

Faithfully Yours
J. M. Wallisley

Greenwood B.C. June 3rd 12

Dear Jim:-

On Saturday evening I gave a note of introduction to you to Mr Lorne Campbell and hope he called upon you.

He was motoring through the valley and had with him Mr Fraser who is going to take charge of the Bank of Montreal in Victoria, and Mr Deschamps a lumberman

Campbell himself is member at Victoria for Rossland and a man of some importance in B.C.

Their time I am afraid would be very limited but I wanted them to get as good an idea of Rainbow and its possibilities as you could give them.

I expect to leave here now early Thursday by motor and will have Mr and Mrs Warren (G. Mgr B.C. Copper Co) with me. Our plans are as follows
