Dear Goldie

Your letters received from
Piconous & Calgary.

Will look out for stuff
you ordered, got your letter to day saying
you had ordered meat if had heard nothing
by Saturday was going to get a quarter from
Lodge as he is billing on Monday but shall
not now.

I have enclosed two letters with this
which I took liberty of opening as I could
see where they were from and thought may
want answering, but have done nothing to
either as some wardens letter I guess was in
answer to your last, and Washington letter
was written before they received yours so
guess it does not want answering, but
will write them within few days if I
have no answer to the letter you wrote.

Still mild here Charlie still flowing
I do not make much headway in forashore as
there is an awful lot of cutting but am
doing fine on the whole.
