James Goldie, Esq.,
Rainbow Ranch,

OKANAGAN CENTRE, B. C.

Dear Goldie;-

The other day when you were in you mentioned you were not averse to picking up something else in town that might be going fairly cheap. I am enclosing you a little sketch of the block between the Royal Bank and Megaw's Implement House and giving you an idea of the prices prevailing on these different lots. Now you will see that Lots 17, 18, 19 and 22 are all held at \$4000.00 each. On Lots 19 and 20, we are able to give you the kind of a deal that you wish for, viz. good time, We can quote you \$1600.00 cash and \$1600.00 every six months at Seven Per cent interest. On the other two lots I shall endeavor to get you as good terms as possible. It is very difficult to get an option on these lots for any length of time in view of the announcement in this week's Vernon News that McKenzie & Mann were going to get busy right away on this work. I also wish to draw your attention to the block in the rear of these on Tronson St comprising 12 lots for \$6000.00, also 100 feet on Barnard Avenue running through from Street to street on the east side of the Hudson Bay at \$12,000.00. If you are interested in these latter two propositions we will get the best terms possible for you
