Dear Goldie

many Thanks for yours of  
31<sup>st</sup>. McLean told me he would take all  
the trees he could cut off the property, he  
had to go to Kelowna but expected to be  
back in a few days & on his return he  
& I will go over the limit & size up  
about what could be got off it in the way  
of trees. I told him the best thing he  
could do would be to buy the place & he  
said that it might pay him to do so  
when he has gone over it. Please give  
me best price & terms you will take  
including commission & I will see what
