B.C.

Dear Goldie,-

I just got back from Kamloops this morning and found your letter waiting, and as regards the thresher write to A. T. Johnson, of Vernon, Price Ellison's brother-in-law, as they are the people who do our threshing. They have considerable work engaged on the commonage, and the chances are you might get them to do your work. As regards the wheat I guess we can arrange to let you have what you require at whatever price is going. I may say I have called on your tenant Mr. Lane, and will write you or see you with reference to his grievances later.

Yours very truly,

Mutrie & Mutrie,
