Dear Sir:-

Replying to your letter of 22nd inst. I may say that the matter was placed by me in the hands of our supt. Mr. T. Kilpatrick at Revelstoke. He will have it placed in the hands of our special service department. They may be at work on it unknown to us. However, I will write Mr. Kilpatrick again and advise you what action has been taken. I do not think the special service dept. will communicate with any person until they get their web of evidence complete. I gave a very good description of the case and for that reason they may go ahead without calling upon you.

Yours truly,

T. J. Cumiskey. *C*

Agent.
