Ayr - Galt & Highgate Mills

The Goldie Milling Company, Limited

Ayr, Ontario. Nov 16 - 05

Dear Jim.

I duly rec'd your letter of the 15th + 16th. I paid Wall $1.65 which I think closes the incident. Will fix up all your dues etc. with Walker + Wyllie + think I had better keep all receipts here on your file unless you need them with you. When I noticed the mistake in the Travellers Policy premium I at once wrote you correcting the statement. The Policy is paid up. Enclosed herewith you will find Divid check for 4%. Your credit on the ledger today, not including the Divid check of course, is $639.29. The last two weeks of Oct I was at camp shooting + we had a fine time + brought out 12 deer + ate two. There is no news of particular interest except that we will have the rural telephone system running before Christmas. The subscribers to date will number about 30. It will run in connection with

the Bell Central at Ayr + service will be free.
Rate per year $15-00.

Business has been very good + busy at all mills. Our last statement shows 10000 Brls Oat on order and 15-00 Man. 5-8000 Bus Oat 60000 Man + 25-000 Deer Option Winnipeg all at fairly good prices. Have no figures yet but we must have been making good increase in the Provinces. Have also shipped a lot for Export. Oat wheat is worth today 92¢ outside 90¢ at the mills. 1° Man 1.07 at the Bay our stock nets about 103 to 104 track winter storage paid.

Let me know what you are doing + what the prospects are. Hope you strike a Gold mine

Your Bro.
Geo.
