My dear Goldie

Just received yours of the 16th inst.

You mention my wire accepting. I never sent a wire accepting. I wire accept. Subject to particulars at Bank of Montreal. The Bank here sending full particulars. I did this as could not realize you were expecting such a discount & knowing you had signed some paper agreeing to pay the 1000 to J. G. M^r however to avoid any mistakes in case you expected that discount. Outside of the Bank here coded particulars, mentioning that I accepted subject only to that payment being made. So provided you saw Bank as per my wire. There could be no misunderstanding. As regards money market - it does not affect me. I want to pay off a mortgage on property I bought here some time back, & cannot do it short of paying a big bonus, & shall probably have to pay 3 months interest to take up the purchase on the farm I bought here. If as is likely I have to secure the title.

Yours truly
