James Goldie, Esq.,

Dear Sir:

I enclose you herewith a letter just received from Anson Campbell, which explains itself, and I would suggest that you write to Mr. Christmas direct and get the information regarding the Annual meeting.

The following is an extract from a letter just received from G. V. which also explains itself:

"Your letter of the 21st received. I have heard nothing further regarding the Railway you mention, and rather than ask Mr. White again I will wait until Mr. Bury gets back from the Coast. He should be able to tell whether the road will be built this year or not. He told me during the Winter that he was not in favor of any money being spent in that district, but of course the authorities in Montreal have the say."

There is absolutely no business doing, and spot values are falling off somewhat. Fortunately, we will not have very much stock to carry over--possibly six or seven thousand bushels all told. However, future business may be a little better, as we have sold today for shipment to Glasgow in October a couple of carloads of Spring wheat flour based on Winnipeg quotations. This is very promising, and we hope that we will be able to make some considerable sales in this way.

Henry and his wife leave here next Thursday night, July 1st. They will stop at Winnipeg and Carberry, leaving Carberry early on July 4th, arriving at Eholt Saturday the 10th at 3.25 p.m. From what I learn regarding the stage route between Kerriemoss and Penticton, I have advised them to return via Nelson and Revelstoke. Can you not therefore make it convenient to visit Scott for a short time about the 11th or 12th of July. There will be no possibility of getting any word from you of course, so as soon as you come to a decision let Scott know so that he may tell Henry what you intend to do.

yours truly,

J. Goldie
