Dear Jim: -

Just a hurried note to tell you that I have just finished a 2700 mile trip from Winnipeg to Red Deer and back again and from there to Sudbury where I arrived this morning.

We have received a contract for several bridges on the Algoma Central Ry. from here to the Sault. The old man is certainly giving

us a good show as he is behind us in all this work. I mean f. w. one other, and if we stick to him we will make no mistake.

We had a rather bad "crack" at Red Wheel as the centre pier cost us a pile of money but we will pull out square.

I am enclosing a note from a friend of mine Wick Smith. I think you've met him at R. M. C.
