Dear Goldie,

The boxes arrived all safe on the 6th inst. taking about 3 weeks on the road. Have you managed to get the Reams & the rest of the stuff off yet. Ramsay & I are going to start into business here as Produce & Commission Merchants. Real Estate & Insurance I think there will be a good opening especially when the tram line is through as we hope to get a warehouse put up for us at the terminus. We are taking an office in the new block being erected here but shall not get in it before January as the building is not yet completed.

How is Bernard? I have not heard from him. Is he going to England this fall.

With love to you all

Your sincerely
Frank Atkinson

P.S. Only one thing was broken a glass jar, all the pictures arrived safe.
