Dear Jim

Rec'd copy of paper but did not see any ad of yours! But probably you are out in real estate! Got a booklet of Scott's the other day he is chicken crazy. Jerry Whitton leaves for B.C. tomorrow. understand he is going to Scott's to build hen coops! Business is just fair and we have reduced our stocks pretty well and will have enough to last till opening navigation. Man 5-60 St John should be 5-90 on the market. Pay 1.05 local, no delivery all cleaned out. Manitoba wheat $1.23 parts if there was any but all sold and some millers anxious at all kind. Oats costs us 1.04 parts. Have lots of feed which we are trying now to reduce - 32 cars Middlings Land local prices 24 Middlings 23 Bran. Oats 52 Barley 60-

Bot million southern staves @ 9 Ts. Schwd 2 cars a month starting June 1st. Had a trip to Ottawa to fight a duty which the Ontario lumbermen were trying to have put on. No duty this year but cannot tell when after. Prichard had a trip down Gaspe and sold 1500 to Caldwell.

Would be doing good business at a good profit if only Kirkhill & Galvin would get together - but - Wheat has advanced 14¢ a bus and no advance in Roses. Guess the profit in the past part of the year was enough to run the balance at a loss or even. All settled at the Soo and appears to be satisfied Dave is coming home for Easter and Pat may come down from the woods soon but nothing definite from him. Will Sr and walter in for a few days. Old Mrs Anderson getting pretty frail but still able to get around. Old Dad had a birthday last week 95 - can't kill him! Roads pretty well dried up only spot of snow in odd places what looks alright

Starting in to do some work on my garden down town next week. Rural telephone business picking up 65 phones now contracted for and a night service in 15 days. Looks good business for village we are booting it. Going to have a call office in Glen Morris. Magee is doing all right so far has started a new set of loose leaf books and also new combination book. All well but grippe has been very widespread and shops are short handed on this account. Hilborn & Watson both busy.

Wall was around last week on west years hockey business and asked to be remembered to you. Plus works now run under the style of the Hilborn Co. Can't learn anything about how the old man's will was but suppose Dave is in charge paying the family a yearly rental. He has been quiet for some time but his is like a clam never see him - think he sleeps in the office. As wonder he breaks out occasionally

Write and let us know what's doing your way

Yours Brother Jack
